

CARELESS BURGLARS SET HOUSE ON FIRE

Woman Seriously Injured While Being Helped
From An Upper Window of the
Burning Building.

NARROW ENCAPE OF A TORONTO COUPLE.

Toronto, July 28.—(Special).—The home of Joseph Pierce, of Fourth street, was gutted by fire this morning at 3 o'clock, and the loss is \$1,000, partially insured for \$500. Mr. Pierce discovered the fire when the lower apartments were all ablaze.

Two men were standing on the pavement below when he shouted to them to send in an alarm. They refused to do so. Pierce let his wife drop from the upstairs window to the pavement below and she was seriously injured by the fall and is now confined to bed. He succeeded in getting himself out also, besides saving some of the household goods in the upper rooms in which he and his wife were sleeping.

The fire department arrived later and succeeding in saving a large livery stable adjacent.

Mr. Pierce is strongly of the opinion that the fire was caused by burglars lighting matches and that the two men standing on the pavement were the men who did the deed. They could not be found after the progress of the fire. Mrs. Pierce is so badly injured she may not recover. Her face and hands are terribly lacerated by glass from the broken window, and she also sustained other bodily injuries.

ANOTHER SMASH OF FREIGHT CARS

Drawhead Broke While the Train
Was Running at High
Speed.

FIVE CARS WERE DITCHED

And the Track Torn Up and Damaged.
No One Injured—The Wreck Occurred at Walker Yesterday Afternoon.

A railroad smashup near Walker, in which five cars were ditched, occurred yesterday afternoon at 2 o'clock. The second section of No. 90, pulled by two engines in charge of Engineer Belf and Conductor Shewalter, was the unlucky train. The accident was caused by a drawhead breaking while the train was running at a high rate of speed. This pulled the forward truck from underneath a coke car. The car, impelled by the weight of the cars behind it, was pushed along until a frog was struck at the Walker siding. Then trucks flew in different directions, cars were piled on both sides and across the track, rails bent and the roadbed damaged.

The wreck crew from Wellsville was called immediately and succeeded in clearing the track in a few hours, the passenger trains encountering no delay. The damaged frog was of the No. 1085 pattern and only a very heavy impact could have damaged it.

The forward half of No. 90 was forced to return to Wellsville to await clearing orders. At the scene of the wreck, the track is down grade, to which, combined with the high speed at which the train was traveling, is attributed to be the cause of the smashup. No one was hurt.

SALOONIST ARRESTED

ACCUSED OF KEEPING HIS PLACE
OPEN ON SUNDAY.

Two Customers Also Taken In—Fines
for All Three Are
Probable.

Mike Cloran, a saloonist of Sixth street, was placed under arrest yesterday afternoon by Officer Morris for keeping his place of business open on Sunday. Two men in the saloon at the time, giving their names as John Snowden and Hayes Stephenson, were also arrested and charged with loitering.

The three will be arraigned before the mayor this evening, when, it is expected, a fine of \$25 and costs will be imposed upon Cloran and \$5 and costs upon his customers.

Second Brigade Encampment.

CURACAO, HEADQUARTERS OF VENEZUELAN REVOLUTIONISTS.

Curacao is just now very much in the public eye by reason of the fact that it is the headquarters of the Venezuelan revolutionists, who appear to be in a fair way to overturn the government of President Castro. Curacao has a small but excellent harbor well protected from the tropical gales and is admirably adapted to the uses to which it is just now being put.

BONES OF THE DEAD BEING DISTURBED

Gravel Diggers Said to Be Desecrating the Old Cemetery.

CITIZENS MAKE COMPLAINT

And Says That If Council Does Not Stop Teamsters' Work He Will Take Forceful Measures to Stop It. Council's Authority Given.

"If you don't make the contractors cease taking gravel and sand from the bank under the Fifth street cemetery, I will," said an irate citizen to a councilman Saturday. "It is simply disgraceful and barbarous. Among the gravel are the bones of many who were buried in the sacred spot years ago, and for the bones to be used as bedding for sidewalks is awful. I tell you if you are going to stand by and allow it to go on, I am going to use a little brute force and have it stopped."

The councilman in question was taken very much unawares by the abrupt call down and tried to make an explanation, saying that it was not his duty to have the work stopped; that council as a body had permitted the removal of the gravel. Some of the citizens who have risen in arms against the ghastly proceedings went to the cemetery on Saturday morning and ordered the teamsters to get their sand at other places.

The teamsters did not know but those who had authority were giving the orders and quit immediately. Upon returning to their boss they were told to go on and get the sand whether or no. They did as ordered and the fight is still on. Some lively doings are expected during the next few days.

LISBON TIN MILL

Again in Operation After Five Weeks of Idleness.

Lisbon, July 28.—(Special).—The Beaver plant of the American Tin Plate company started at full blast at 3:30 this morning after a shutdown of five weeks.

Sale of Claims Authorized.

Lisbon, July 28.—(Special).—J. G. Moore and W. H. Hepburn, assignees, have been ordered by the probate court to sell at private sale the desperate claims of Stephen Keith, of Lisbon. Keith was engaged in the grocery business and made an assignment some time ago.

SWANEY'S LONG ABSENCE CAUSES MUCH ANXIETY

Eugene Swaney, who has been employed as a preser at the Laughlin No. 2 pottery, and boarding with John Downard in the East End, has mysteriously disappeared, and a great deal of anxiety has been manifested by his friends for fear he has either been foully dealt with or has ended his life.

There are still wages due Swaney at Laughlin No. 2; he does not owe for board, and has left all his belongings at his boarding house. He has been absent four or five days now, and no clue to his whereabouts has developed.

ALLEGED SWINDLE UPON A LAWYER

Lent a New Friend Money and Engaged in a Poker Game.

MONEY AND FRIEND GONE

Disciple of Blackstone From West Virginia Tells the Police How He Parted With \$65 and Got Cured of Playing Cards.

An alleged bunco game was reported to the police Sunday in which C. L. Summers, a young attorney from Charleston, W. Va., claims he was swindled out of \$65 by one "Taffy" Reveal, a sport of some notoriety, who, he says, came to this city with him from Charleston.

Summers and Reveal, so the former alleges, have been touring Pittsburg and other towns along the valley, and Mr. Summers states he has been looking for a suitable location to start legal practice. He claims that Reveal had so gained his confidence that he loaned him \$20 Saturday, while they were both rooming at the Washington House on Second street. Reveal, he claims, came to his room Sunday morning and invited him to a room near the Diamond where a poker game was in progress. He was introduced to Dr. So-and-so, and inveigled into the game, and soon became loser to the amount of \$15, when he says he saw he was getting the worst of the deal and quit. He further alleges they tried to inveigle him into a rear room to get the rest of his money, when he succeeded in getting away from the premises before this was accomplished.

He pleaded with Reveal to return him his money, and this he promised to do, but managed to elude Summers in every possible way. Reveal, going to the room at the Washington House, got his satchel out. He was seen running down Second street afterwards, and it is supposed went in the direction of Wellsville. Mr. Summers informed the police. An officer was sent to Wellsville, but could not locate Reveal, and it is now supposed that he has made good his escape.

In speaking about the matter this morning Mr. Summers stated it was his first experience with the tiger, and would without doubt be his last. He holds a fine certificate from the West Virginia state board of legal examiners, and studied under A. C. Blair, a well known legal light of Charleston. He keenly feels the loss of his money, and dreads the notoriety that will accompany the affair.

He claims he would not have been led into the trap, had not Reveal so thoroughly gained his confidence. He will prosecute Reveal if the latter turns up in his company again.

MAIMED FOR LIFE

HOTEL PORTER LOSES A FOOT WHILE STEALING A RIDE.

Misses His Footing And Fell Under the Wheels of Freight Train.

Charles Armstead, who is employed as a porter at the National hotel, at the foot of Broadway, undertook to board a passing freight train about 6 o'clock Saturday evening to ride down a block or two on his way to the West End to get laundry.

His foot slipped and he fell to the rails, the wheels of the car on which he attempted to ride passing over his right foot, crushing it into a shapeless mass. He was picked up by bystanders and employees of the hotel and carried into the building.

A doctor was hastily summoned and dressed the injured member as well as possible, finding the toes and bones of the foot crushed in a terrible manner. He also called the services of another surgeon, and for a time they considered the advisability of amputating all the toes of the foot, but postponed the operation for a few days to await better conditions of the patient.

Armstead is suffering considerably from his injury, but is resting easier today. He is familiarly known about the city as "C. C." on account of his rollicking, jovial disposition. He will, however, be maimed for life, and it will be some weeks before he fully recovers from the effects of the injury.

A TRIO ARRAIGNED

Three Men Who Drank Not Wisely But Too Well Arrested And Fined.

After disposing of three cases this morning Acting Mayor McLane turned the executive position over to Mayor Davidson, who returned Saturday night from a week's pleasure in Cleveland. The mayor was given the glad hand all around the city hall.

The trio arraigned before the justice were George Twyford, John Lisk and Ned Curby. Twyford was arrested in the Diamond last evening by Officer Morris for being drunk and disorderly. He was raving and creating more excitement than has been witnessed on the streets for some time. When the officer got him in tow he fought desperately and swore that he would never be taken alive. He was landed, however, but not without trouble, and for being contrary was assessed \$3 and costs. He paid.

Officer McDermott corralled Curby in the Smoky row district. The arrest was made at the instance of a chum, who told the officer that Curby had stolen his watch. Upon searching Curby the watch was found on his clothes. The officer took the young man to central station and placed a charge of stealing and one of drunk and disorderly against him. The former charge was withdrawn, however, and he was fined \$3 and costs upon the latter.

Lisk was found sleeping off a jag in Rinehart's barn by Officer Woods. He was assessed \$1 and costs. He owed a little on a back fine and when he gave his word of honor to liquidate both he was released.

UNABLE TO WALK HOME

John Winn Badly Hurt By a Fall From a Bicycle.

John Winn, of Market street, while turning the corner on to College street, near William Brunt's pottery, was thrown heavily from his bicycle and had his leg badly bruised. Eye witnesses assisted him from the street to the curb, he being unable to walk for some time.

Mr. Winn was thrown clear over the handle bars of the bicycle, and is fortunate in escaping with as little injury as he did.

Wedded Sunday Evening.

The marriage of John N. Wigal and Miss Minnie Shrader, both of this city, occurred last evening at 7 o'clock, the ceremony being performed by "Squire McCarron. The groom is employed in a local pottery. Mr. and Mrs. Wigal will make their home in this city.

HOME RULE FOR CITIES

Public Sentiment Induces Gov.
Nash to Alter Code
Plans Somewhat.

FIRST DRAFT OF NEW BILL

Council to Name Clerk and Mayor
to Choose the Chief of
Police.

CONFERENCE ON SUBJECT.

From a Staff Correspondent.

Columbus, July 28.—Governor Nash has abandoned the police board plan. He made this known at the second conference on the proposed municipal code held in his office in the state house Saturday afternoon. The governor's plan was that the code should provide that the chiefs of police of cities should be appointed by the governor. Public sentiment seems to favor the selection of such officials by the people themselves, and so pronounced has become the feeling that this method should obtain that the governor has become persuaded that it would be unwise to hold out against it. The first draft of the code, which was drawn at Cincinnati by Senator Longworth and Wade H. Ellis, assistant corporation counsel of that city, was submitted and gone over carefully at the conference. Governor Nash, Special Counsel S. W. Bennett, of the attorney general's office; Senator Harding, Senator Dunham and Representatives Thomas, Guerin, Cole, Hagenbuch, Denman and Speaker McKinnon were also present.

The draft placed the line of demarcation between cities and villages at 15,000, but the sense of the conference was that this figure should be reduced to 10,000 which will probably be done. The elective officers are to be mayor, city auditor, city treasurer, police judge and police clerk, the terms being three years. Councilmen are to be chosen from districts, except one member elected at large, who is to be the president. Council is given power to appoint a clerk, and the city solicitor is to be appointed by the mayor.

A definite number of councilmen is specified, but the number is left blank. Two boards are provided for—a board of public service and a board of charities. The former will be administrative. It consists of from one to five members, its functions being to direct the operation of street improvements, street cleaning, parks, docks, sewers, water works, street lighting, etc. Council is the legislative body and is vested with much power. One proposition was that authority to grant franchises be delegated to the judge of the common pleas court, but it was decided that it should be given council. The power of veto is given the mayor.

Care has been exercised in defining the duties of the three divisions of local government, executive, judicial and legislative, so as to obviate any danger of conflicting. Some modifications of present provisions may be expected. The chief object of Governor Nash in calling the conference was to get an expression from the leaders as to what they think should go into the code and also to acquaint them with his ideas on the subject. Speaker McKinnon did not enter into the discussions, explaining it would not be meet for him to do so because of his position.

RIGHTS OF WAY

Being Secured for the Proposed Electric Railway to New Cumberland.

Options are still in progress for right of way for the street railway line from Chester to Congo and New Cumberland. S. B. Goucher, of Toronto, and Edward McIlvaine, of Pittsburg, are interested in the enterprise, and they own the present ferry boat operating between Congo and Wellsville.

This was the object of placing such a neat craft at that point.

Missing From Washington.

Chief Thompson is in receipt of a circular offering \$50 reward for information leading to the whereabouts of Miss Louisa G. Nash, of Washington, D. C., aged 34, five feet two inches tall, medium build, fair, heavy Auburn hair, dark eyes, teacher in Washington schools for 14 years. She disappeared June 2, and no cause is known for her flight.

EAST END

NEIGHBORS INTERFERED

And a Man Was Arrested for Brutally Whipping a 16-Year-Old Daughter.

Because his daughter did not prepare his breakfast or dinner, and in the evening attended service at the Erie street M. E. church, Jack Decker, who came to Chaffinville from Jackson county, W. Va., a few months ago, and who is probably not aware that he is residing in a civilized neighborhood, beat, whipped and otherwise bruised his daughter who is about 16 years old, last evening in such a manner that neighbors interfered and caused his arrest by Officer Spence. More brutal treatment could not have been given a dog than Decker is said to have inflicted upon his daughter.

He has been arrested and will appear at city hall this evening, but if reports are reliable his appearance before a court of justice will not end there. Those residing in the vicinity of the Decker house claim that as long as they have resided in that part of the city they never saw a child punished so brutally as Decker punished his daughter. Some neighbors claim Decker used a club, while others say that a heavy leather strap was used. No matter what was used, the daughter today is covered with bruises and is most likely very sore. Miss Decker, her friends say, is well liked by all who know her. Her disposition is most kindly and she is a hard worker at home and other places. Mrs. Decker was home all day yesterday and the neighbors wonder why she suffered the cruelty to be practiced.

POLICE AID CALLED

And an Unwelcome Visitor Ejected From an East End Home.

A sensation was caused in the East End Saturday evening and for a time the residents of Helena thought something out of the ordinary was going on. It seems, so the story goes, that a man who is employed at nights, received a telephone message while at work Saturday night that another man was at his home. This caused the man who received the message to become angry. He went home, but not before Officer Fisher was notified and both husband and officer entered the house at the same time.

The individual was there as described, and he was requested to leave the house. He did so, but in company with Officer Fisher, who escorted him to the midnight train west and sent him out of town. Before the couple left the house, however, the woman commenced to cry, but soon afterwards instead of crying, report has it, that she told her husband enough to fill a large book.

DOGS DISPOSED OF

Unmuzzled Curs Are Being Taken Up In Large Numbers and Many Shot.

Dogs, dogs, nothing but dogs. That is the complaint of persons residing near the East End fire station. No relief for these complaints is in sight, for Officer Fisher has received orders to gather in all dogs who are not muzzled, and keep them at the pound until they are claimed by an owner, and if not done within the limit prescribed by law, they are to be shot. More are being shot than claimed. Meantime the residents of that immediate vicinity must endure the howls set up by the dogs.

It will not be long until the pound will be vacant, for yesterday four curs

Unless this dog is claimed within a day or so it will meet the same fate as the others. In the meantime the residents of that section of the East End should put up with a little noise, for it will not last very much longer.

OLD FOLKS' DAY

Will Be Observed at Erie Street M. E. Church Next Sunday.

The regular annual conference of Old Folks' Day will be held Aug. 3, at the Erie Street M. E. church. The following program will be used:

Hymn No. 747, "How Tedious and Tasteless the Hours;" prayer; Scripture lesson; announcements; offering; hymn 1038, "On Jordan's Stormy Banks."

Short sermon, "From Golden Sunset to Glorious Dawn." A collection will be taken for worn-out preachers. Hymn No. 1072, "My Heavenly Home is Bright and Fair;" experience meeting; old hymn to old times will be used, and at least one hymn will be lined and sung.

Flower committee is the Junior League, the committee on decoration is the Epworth League; committee on arrangements, Frank Knowles and wife, Martin Thomas and wife, John Downard and wife, Taylor Larkins and wife, M. C. Flick and wife.

Entertained at Carnegie Hall.

Miss Annie McGaffick, of Elizabeth avenue, East End, while at Pittsburgh last week, was entertained in a manner that will be pleasantly remembered. While visiting friends in East Liberty she became acquainted with Prof. Ernest Jores, whose reputation as a pipe organist is not surpassed by any in that city. Prof. Jores entertained Miss McGaffick at the Carnegie music hall at Schenley park. A classic selection, which lasted for three quarters of an hour, was rendered by Prof. Jores, the only listener being Miss McGaffick. Seldom if ever has such a favor been extended to an East Liverpool lady at this music hall.

A Costly Smash.

"Blinkey" Morgan, as he is called by the motormen, is one of the oldest men employed on the front of a car by the East Liverpool railway company. Morgan had an accident Saturday morning that will most likely cost the company not less than \$150, for that is the claimed value of the property destroyed. The car Morgan was in charge of was eastbound. It was about to round the curve at the "narrows," just east of Walker, when smash went into a street piano, which was knocked over the hill. It is claimed that Morgan did not see the piano in time to stop his car.

Mrs. White's Illness.

Word was received in the East End Saturday of the serious illness of Mrs. Frank D. White, at the home of her mother near Carrollton. Mr. White left for the home Saturday evening to visit his wife, but returned this morning and sent his eldest daughter to Carrollton. Mr. White was called to Sharon, Pa., this morning on some important business.

Hill Tops' Victory.

The Hill tops and the East End base ball teams played an interesting game Saturday afternoon at Columbian park. The score: East End, 2; Hill Tops, 10. Hits—East End, 4; Hill Tops, 13. Errors—East End, 4; Hill Tops, 5. Batteries—Chambers and Lake; Chadwick and Robbins. The feature of the game was the pitching of Chadwick.

Leaned Back Too Far.

Lot Haney accidentally fell from a porch at his home on First avenue, yesterday, and will be unable to work for several days. He was leaning back in a chair, and he leaned too far, causing him to fall backwards, and striking the ground on his face. The flesh was badly scratched and he was otherwise bruised.

EAST END AFFAIRS.

Ground has been broken on Virginia avenue for the erection of a new eight room residence for Thomas Kerr.

C. W. Bower, who has been visiting relatives in Meigs county, for three weeks, returned to the East End yesterday.

day evening at the home of Mrs. Dawson on St. George street.

A meeting of the Young Ladies' Aid society of the Erie Street M. E. church will be held next Friday evening at the residence of Mrs. Dawson on St. George street.

Employees of the East Liverpool Railway company, today made some extensive repairs to the curve in the road at the corner of Pennsylvania avenue and Mulberry street.

Mr. and Mrs. D. J. Hyams, of the East End, will leave tomorrow morning for Pittsburgh, where they will attend the wedding of Miss Nettie Aotherhall, a niece of Mrs. Hyams.

Mrs. Archie Searight, of Pennsylvania avenue, left this morning for the vicinity of Carrollton, where she will visit her sister-in-law, Mrs. F. D. White, who is critically ill at the home of her mother.

The funeral services over the remains of Mrs. Martin, who died Saturday morning, were held this afternoon at 2 o'clock, Rev. George W. Orcutt officiating. Interment was at River view.

BIG PASSENGER TRAFFIC

Picnic Season at Rock Springs Booms Panhandle Railroad Business.

Representatives of the Pennsylvania Railroad company who were in this city Saturday attending the outing of the Pennsylvania railway employees at the park said that the picnic season at Rock Springs park this season exceeded all expectations. Before the first picnic was given at the park over 80,000 passengers had been booked for the Cumberland branch, not mentioning the number that came to the park over the Cleveland & Pittsburgh road.

This proves beyond all doubt that the New Cumberland branch is one of the best paying branches of the entire southwest system. The season is not yet at an end, and it would not be out of place to predict that over 100,000 passengers will have been carried to the Chester park before the season is over.

Census statistics show that in the last decade the aggregate circulation of newspapers and periodicals increased 74.5 per cent, while the money paid by advertisers increased only 34.6 per cent. In the previous decade the two percentages of increase were, respectively, 126 and 82. In those twenty years the newspapers quadrupled their circulation, while the advertisers only doubled their payments, and that chiefly for enlarged space. The wider circulation is practically thrown into the bargain. Newspaper advertisements are more used than ever, the receipts from that source in 1900 being \$95,861,000. While their value is steadily gaining their cost, for the number of readers reached, is steadily declining.

Governor White has ordered criminal proceedings instituted against the lynchers at Elkins, W. Va. As there is no regular term of court in that county until October, the attorney general of the state has been ordered to proceed there, order a special term and special jury and take up the prosecution in person. Perhaps, before the proceedings have ended, the offenders will learn that an earnest and vigorous Republican administration and not a law-defying mob is really in power in that state.

Senator Platt, in a recent interview, revealed the secret of his political success. Speaking for the benefit of young politicians, he said: "Never give anyone the right to say that you have broken your word to him. Be careful in making a promise, but when you have once passed your word stick to it though it may be to your own detriment." Such rules as these, rightly followed, achieves success in other lines than politics. They will be found at the basis of every successful career.

Another rise in meat prices is reported. It begins to look as if the trouble would end only when the people ceased to eat meat. A two weeks' boycott of the meat dealers would bring the trust to terms quicker than any number of injunctions. And with vegetables and berries in abundance it would entail no great hardship.

Just as an example of the good feeling prevailing in the Ohio Democracy attention might be called to the Fremont primaries where a knock-out fight took place and the police were called in to quell the disturbance. It is suggested that attendants to the state convention should wear armour plate for protection.

The people of Porto Rico are prospering; they are getting new schools and new industries and their government has money in its treasury. The ants who, a few months ago, were talking loudly of the wrongs this country was about to inflict upon the

island, will have to look elsewhere for campaign material.

Emperor William is sending more agents over here to learn Yankee ways. They can learn most by staying. Perhaps the kaiser didn't think of that. He might learn more by consulting some of his ex-subjects who have been here for years.

It is estimated that the corn crop, despite discouraging reports, will exceed that of last year by a billion or so of bushels. With prices now prevailing this will mean a large sum in western farmers' pockets.

Albert G. Vanderbilt's hunting camp in the Adirondacks will cost \$75,000 and have gas, bath rooms, hot and cold water and other modern conveniences. It is just as well that the Vanderbilt idea of roughing it is not everybody's.

Congressman Dick, after a scouting expedition through Ohio, is quoted as saying that the prospects for Republican success this fall are flattering. One does not need to travel far to learn that.

A million tons more of pig iron have been produced in the first six months of 1902 than were produced in the same period last year. And 1901 was a most prosperous year.

Maine will elect a governor and four congressmen in September. When it has been heard from Mr. Bryan will probably wish that he had kept away from there.

Manila is to have a normal college to teach Filipino teachers and help the natives to help themselves. It is an experiment that can scarcely fail to succeed.

Democratic denunciation of bosses comes with grim humor from the party in Ohio which Tom Johnson is running.

WELLS-WEST

Well Known Couple Quietly Married at the Bride's Home.

A wedding of two well known young people of this city was that of J. Homer West and Miss Jessie M. Wells, which occurred at 6 o'clock Saturday evening at the home of the bride's parents, Mr. and Mrs. W. H. Wells, of Washington street. The ceremony was performed by Rev. N. M. Crowe, of the East End, only the intimate friends of the young couple being present.

The bride was very becomingly gowned in tan silk mull, entrain and trimmed in lace applique and pale blue pan velvet. She was attended by Miss Ella West, a sister of the groom, as maid of honor. Miss West's gown was a pretty creation of white mull, while that of Miss Sara Wells, who acted as bride's maid, was of pale green and of the same material. Harry E. Huston was best man. The ceremony took place in the parlor of the Wells home which was prettily decorated in the season's choicest flowers.

The usual congratulations offered, a delightful wedding breakfast was served. Later in the evening Mr. and Mrs. West left for a trip to Cincinnati aboard the Virginia. Upon their return they will reside for a time at the home of the groom's parents on Robinson street.

Mr. West is a son of Mr. and Mrs. J. D. West, and both he and his wife are popular among a large circle of friends, who will wish them well as they embark on the matrimonial sea.

PLAINTIFFS WILL PAY

And Tax Case Suits Against Auditor Adams Will All Be Dropped.

Lisbon, July 28. — (Special.) — In the cases of the William Brunt Pottery company, the D. E. McNicol Pottery company and Koch Bros. vs. J. F. Adams, auditor, an agreement has been reached and the cases will be dismissed. The plaintiffs will pay the taxes which the auditor claims they should.

The other tax cases against the auditor were settled some time ago.

POTTERY NEWS

An eastern trades paper is responsible for the following: A pottery may be erected in Charleston, S. C., under the management of Colin McLain, of East Liverpool. Twenty thousand dollars has been offered as a bonus by the stockholders and a meeting was held last week. Sufficient stock has already been subscribed to assure the deal. The disadvantage of the lack of fuel will be made up by the cheapness of the freight rate to Cuba, where a market will be cultivated. A four-kiln plant producing white granite ware may be erected. Any member of the company subscribing \$500 will be presented with a certificate calling for \$15,000 of stock.

During the present week some of the locals affiliated with the N. B. of O. P. are expected to pass resolutions of respect concerning the death of the late Isaac W. Knowles. This is one of the matters that will be presented at the next meeting of Kilnmen's local No. 9, which meets Friday evening. It was the intention of several members of this local to bring the matter up at the last session, but pressure of other business would not permit.

Every piece of machinery, including presses, pans, boilers, engine and elevators have been replaced at the N. U. Walker Sewer Pipe plant of the American Sewer Pipe company. The clay mine is also being generally repaired. The work has been in charge of W. C. Hartford, who superintends repairs to the different plants of the combine.

The Royal Sewer Pipe works at Ulrichsville is the largest in the country. It is an independent factory. They are building six new 40-foot kilns, which will make a total of 42. This is almost double the number of kilns of any other sewer pipe works in the country.

Nathaniel McKinnon, who has been employed as a packer at Laughlin No. 2 for quite a long time, has resigned his position there and is now located at Taylor, Smith & Taylor's plant at Chester. It was said that McKinnon was slated for the position of boss packer at Laughlin No. 2.

The shipments from the seven sewer pipe plants in the Toronto district of the American Sewer Pipe company are now averaging from 45 to 50 cars per day. The Great Western plant of that section alone has shipped 100 cars per week for the past two weeks.

J. L. Springer, of New Philadelphia, representing the Bradford Manufacturing company, is spending several days in the city purchasing "seconds." He proposes to start a number of wagons through Tuscarawas county, selling this class of goods.

W. H. Deidrick, accompanied by Architect Fritz, were in Salineville Saturday looking over the pottery. Both are well pleased with the work so far and think that the contractor is making all possible speed with the force.

The Dresden starts in full today, the employees putting in their new moulds Saturday. The decorating department was partly working last week.

The general ware pressers will meet this week in the Ribsam building at Trenton to form a union.

STRUCK BY POLE WHILE ON A CAR

LAD OF 16 KNOCKED SENSELESS AND BADLY HURT.

Mishap to Harry Treese Who Was Standing on a Crowded Vehicle's Steps.

Harry Treese, a lad of 16 years, employed at the Chester tin mill, met with a most painful accident yesterday while en route to his home in Wellsville on a street car. The car was crowded and Treese was able to get only standing room on the first step at the front end. With his dinner bucket in his hand he was enjoying his ride the best possible under the circumstances and was not paying heed to the short distance between himself and the polls strung along the route. Near the foot of Lisbon road he was struck by a pole that was standing a little closer than the others, and knocked with terrific force to the ground. The car was going at a good rate of speed, and the motorman had some difficulty in stopping quickly.

An number of the passengers hurried to the assistance of the boy, and found him in a semi-comatose condition. By fanning some fresh air into his face he was brought to his full senses. Although he complained of being hurt badly on the head and side he insisted upon going to his home on the car. Just how seriously he was injured is not known, but it is believed that he was hurt internally and that he will not recover for some time if at all.

CHARTERS GRANTED

TO COMPANIES TO OPERATE MINES AND RAILROAD.

West Point Coal And Coke Company And Railroad Company Organized.

The exhaustive account of the formation of the West Point Coal company and also of the West Point & Northern Railroad company, as given in this paper last week, was verified at Columbus Saturday, when Secretary of State Laylin granted charters to both concerns.

The West Point Coal company was incorporated with a capital stock of \$200,000, the incorporators being James L. Francis and S. J. Cripps, of this city; R. T. Ivory, M. A. Norris and J. W. Broughton. With the exception of the name of S. J. Cripps, the same names appear upon the application for the charter of the West Point & Northern Railroad company. The capital stock of the railroad company is given as \$100,000.

The headquarters of the railroad company will be at Lisbon, while the general offices of the coal company will be located in this city. Both companies propose to commence business just as soon as it is possible to do so.

MADE NO AFFIDAVIT

An East End Woman Tells Squire McLane of Alleged Abuse of Her Child.

A case which promised to be sensational in the extreme was sprung before Squire McLane this morning, but before swearing to an affidavit the plaintiff left, and the story only remains. The complainant, was Mrs. Henry Jacobs, of the East End. "Justice is what I want," she said to the squire, "and if the law won't take the case in hand I will, I don't care if I have to pay a fine for it. O! it is just awful, squire. You know them two kids of Bill Blankenship's jumped on my ten-year-old daughter last Saturday and beat her unmercifully. My girl was taking care of our little baby while I was at the pottery. I work every day and I leave my daughter to take care of the younger children.

"When I got home Saturday night my girl was crying and looking terrible. Her face was all beat up, and one of her teeth had been knocked out. She told me that those Blankenship kids had come over to our house and jumped on her without any cause at all. Now, squire, I can't stand such goings on as that. I tell you I'll protect my children. I'll fight for them. Yes, squire, I'll die for them."

The squire was very willing to take the case, but she left his sanctum, and it is expected that she is going to do as she intimated—take the law in her hands.

WELLSVILLE

DECEIVED THE SPORTS

A Boiler Maker Who Announced Himself as a Noted Pugilist.

Interest in the Fitzsimmons-Jeffries fight last Friday was more intense than is generally aroused, due to the presence in the city of a supposed noted pugilist.

A boiler maker struck the city last week and began to repair the upright boilers in the steel mill. Loafers around Frank Geisse's place were awed by his feats of strength. Finally he announced that he was none other than Jack McAuliffe, the "Nonpareil," erstwhile champion lightweight of the world. His statements were believed, and he soon commanded quite a following among the local sporting fraternity, receiving much attention. His opinions on the fight at San Francisco were freely given.

One of his friends made the discovery on Friday that McAuliffe had been dead for several years, and at once went to seek the boiler maker and demand explanation. But he had gone.

WATER UNFIT FOR USE

The Question of a Better Supply For Wellsville Still a Live One.

As if to silently rebuke the voters who decided the water works improvement question adversely in the special election last week, when the faucets were turned on the next morning, the water was a dark, rich brown, and has remained so ever since.

The condition of the river here is very filthy and the water is totally unfit for use. Typhoid fever is prevalent and physicians say may become epidemic. All who can afford to do so, use water filters.

A technical error in printing the ballots is claimed to be responsible for many negative votes last week. It is said that of the number signing the petition calling for an election, only a few voted as they had petitioned. The water works question is to be speedily revived, it is said.

No Boxes for Rent.

The clerks in the postoffice are constantly being approached by persons who wish to rent lock boxes. As are refused. All the boxes are rented. Consequently the general delivery business has assumed large proportions. The quarterly rent is now due and this fact is expected to relieve the situation somewhat. Over 50 applications for lock boxes are in, and these will be considered in the order received.

Veteran Newspaper Man Ill.

W. L. Clark, aged 84, one of the oldest newspaper men of this state, was stricken with paralysis Saturday night, at his home on Main street, near Seventh. He is now in a precarious condition with little hope of complete recovery. The stroke came while Mr. Clark was in bed. Mr. Clark recently fell from his chair and was badly hurt.

Disturbed Sunday Quiet.

John and William Miller, lovers of alcohol in all its various forms, were arrested Sunday morning by Officers Thorn and Davis and await a hearing. They disturbed numerous slumberers by their vocal efforts.

Richard Montgomery, John Thomas and a friend and a man named Robinson were also arrested for intoxication.

A Peculiar Disease.

Dr. J. M. Saint, of East Liverpool, was in consultation with Dr. A. L. Robinson Saturday over the condition of Mrs. Lawrence, a sufferer from glaucoma. The disease is a hardening of the eye ball, and is very painful. Very few cases are reported by the medical profession and Mrs. Lawrence's case is attracting much attention.

Wharfbreak Has Sunk.

The ferry boat Emily, over which so much litigation has been waged, and which Watson & Johnston, of Congo, across the river, have enjoined from using the wharf there, struck her barge float Saturday and it now lies at the bottom of the Ohio river. The barge was used as a wharf, and was in a very rickety condition.

Death at Salineville.

Mrs. Thomas M. Patterson was called to Salineville last week by the death of her sister, Mrs. Mary Hogue. Mrs. Hogue was an esteemed citizen of Salineville, and had many friends in this city.

On the Road to Recovery.

W. G. Stewart, the well known cigar maker and tobaccoist, underwent an operation for appendicitis at the Mercy hospital, Pittsburg, and is now on the road to recovery.

Police Photographed.

The police force of the city of Wellsville were photographed in their new uniforms Saturday afternoon, by a local photographer. The mayor was in the group.

MINOR NEWS OF WELLSVILLE.

C. Waggle, of Commerce street, is away on a West Virginia trip for a few days.

Oscar Chenny has returned to the city from Wellsburg, W. Va., and will locate a business here.

Albert Lichtenberg has nearly completed the erection of new business block on Main street, near Sixth.

T. Jefferson Forner was here Saturday. He is with the Pittsburg Times, and is taking a brief vacation.

Mrs. C. E. Moorehouse, of Massillon, joined her husband here Saturday evening. He has accepted an editorial position in this city.

The Ladies' Aid society of the M. E. church held a sale Saturday in the Sunday school room of the church. A neat sum was realized for the church fund.

Mrs. Horace Langworthy, of Main street, expects to leave this week for Avalon, Pa., where she will make her home. Her son, Horace, is telegrapher at Sheraden, Pa.

Charles Stevenson, Mike Shingler and A. R. Dennis went to Toronto Saturday to inspect the new automobile recently purchased by Col. Francy. All the gentlemen will buy autos this season.

J. C. Morrison, of Colorado Springs, was a visitor in the city last week, leaving for Pittsburg Saturday. Mr. Morrison was formerly extensively engaged in government irrigation work in New Mexico.

GOODS AND HORSE WERE RECOVERED

MAN WHO TOOK THEM AWAY STILL MISSING.

The Outfit Found Safe in a Farmer's Care Near Glasgow.

The \$175 worth of merchandise and the horse and wagon obtained from H. D. Hippel, a clerk in the employ of C. L. Curnan, the proprietor of a general store on Fourth street, two weeks ago, by a man giving James Goodman as his name, under false pretenses, have been recovered through the ferreting ability of Constable Powell.

Immediately after the warrant was sworn out for the arrest of Goodman, the constable telephoned to all points in the county, warning the officials to be on the lookout. Until last Saturday nothing was heard from the man or the paraphernalia. John Holliday, of Glasgow, was in the city, and the constable, in a conversation with him, learned that the horse, wagon and all of the goods were under shelter at a man's farm near Glasgow.

Powell notified Hippel of the find, and the latter went after them yesterday. He found that Goodman was seen driving along the country road, and that a wheel of the wagon broke near Glasgow. He turned the horse loose, and told a farmer that he was coming back to the city to get the tools necessary to repair the wagon. He left, and has not returned or been heard from.

GOOD IS HELD

BOTH FOR LIQUOR SELLING AND AS A WITNESS.

Bond Is Fixed at \$1,100 in All—Testimony at Hearing.

E. S. Good had his preliminary hearing before Squire Johnston Saturday afternoon at 4 o'clock. The state was represented by Attorney Ingram and the defense by Attorney O. S. Marshall, of New Cumberland.

Officer John Elliott stated that two days after Good's former trial at New Cumberland, in the early part of July, he purchased a drink of liquor in Good's First street place; afterwards a half pint of liquor, and that Good made him a present of a half pint. All through the months of May and June he had purchased liquor at this place.

E. S. Good swore that he never sold liquor to any one; that the place did not belong to him when Elliott purchased the liquor, and he assumed charge only on July 1.

Oscar Allison, constable, swore that when he arrested Good the first time, for which offense he is now under bond, Good stated to him that he was the owner of the place kept by Spurlock on First street.

Good in rebuttal denied having said so.

James Courtwright testified that he had drunk liquor with Spurlock, but had never paid for it over the bar.

James Gibson, Harry Chapman, Carl Deamer and J. W. Clendenning testified that Elliott had stated to them that the parties prosecuting Good were doing dirt against him and alleged that Elliott had said that he had never obtained any liquor from either Spurlock or Good.

John Shrader testified that Spurlock had always paid the rental on the First street establishment.

The squire reserved his decision until today, when Good was held for the grand jury, bond being fixed at \$100. In the orchestra case he is held as a witness under \$200 bond in each of five cases, making his bond \$1,100, which he has until tomorrow to raise.

LAWSUITS EXPECTED

As a Result of Quarantine By the Boards of Health.

Mrs. Bressels, who was quarantined on Middle run, claims that a portion of her husband's wages, which were attached at the Chester mill, was due before the smallpox matter developed. The board of health claims \$200 from the Bressels family. The board succeeded in attaching \$11 of the amount.

Mrs. Bressels says she will demand justice through the courts. Health Officer Allison in issuing the attachments against Bressels and others was acting under the advice of Prosecuting Attorney McKenzie, of New

Cumberland. Attorney George C. Davidson, of East Liverpool, has been retained by the quarantined patients, and if the attachments are unjust, it is likely suits for damages will follow against the township and county health boards. The suits will be heard some time during the week.

All quarantine has been raised except in the case of Fitzpatrick.

BOND ELECTION ON

It Is Expected the Proposition Will Carry By Small Majority.

The bond election is on at the city building today. William Gardner is acting as judge and J. E. Webster and Irwin Magee as clerks.

It looks favorable for paving and the election will probably result in a small majority for it.

Embalmed By New Process.

The body of David McGaffick, which was found in a medical college at Pittsburg, had been embalmed with a new process, said to resemble that of the ancient Egyptians, and when it was exposed the features were almost perfect and the body in a good state of preservation. Mr. McGaffick is related to many residents of New Cumberland, Empire and Toronto, who are much interested in the disposal of the remains.

Murray & Miller's No. 4, Joseph Ramsey farm, came in Saturday, and is good for 30 barrels; Laconte, Garrett & Co.'s No. 14, S. Carson farm, is also in and doing 35 barrels; C. H. Hudson & Co.'s No. 1, W. W. Herron farm, is in and good for 5 barrels. Laconte, Garrett & Co. are drilling their No. 14 on the S. Carson farm. H. B. Lantz & Co.'s No. 2, on the John Whitehill farm, is drilling.

Sunday at the Park.

There was not as large a crowd at the Rock Springs park yesterday afternoon as on the Sunday previous, but

in the evening large numbers were present. Nowling's orchestra rendered a most excellent program both afternoon and evening. It is said the park officials are considering the question of inviting prominent ministers to speak at the park on Sunday afternoons.

Hands Badly Hurt.

John Miller, of Conductor Myers branch crew, had his hands badly crushed while standing on the rear of the caboose at Congo Saturday. A tie swung off from a car standing on the siding and caught the rear end of the caboose, also catching both hands of Mr. Miller, who had hold of both hand holds on the caboose. He will be off duty for a month.

Base Ball Player Hurt.

William Byland, catcher for the Chester base ball team, while catching in the game between Chester and the West End Rovers at Rock Springs park, was struck on the mask by a foul tip, the blow completely mashing the mask, and badly injuring one of his eyes. The game was then called off, the score standing 3 to 3.

Little Girl's Leg Broken.

A little girl, whose parents refused to give her name, while playing with companions at Rock Springs park Saturday afternoon, fell and fractured one of the bones of her left leg. Dr. Lewis, of Chester, reduced the fracture and the little sufferer was taken home to Pittsburg on an early train Saturday evening.

Will Locate in Kansas.

Harry Holland, an old New Cumberland boy, and who served in the Philippines and was engaged in some of the hottest fights of the campaign, is home from Chicago Junction. Mr. Holland, after a brief visit, left today for Atchison, Kan., where he will engage in railway work.

A Yachting Excursion.

Captain George Conn, foreman in the Chester mill, took an excursion party of helpers, mill workers and heaters to Steubenville yesterday on the trim little yacht, Lone Star. They returned late in the evening and enjoyed the trip immensely.

Larger Force at Work.

The double track was connected up at the east end of the bridge this morning on the Rock Springs street railway and passengers were transferred during the day. A large force was put on the work.

Fined \$3.90 Each.

An East Liverpool man who became disorderly at the park Saturday evening, and Edward Tanguis, who interfered with the arresting officer, were each fined \$3.50 by Recorder Mercer Sunday.

CHESTER NOTES.

A roll was broken in one of the hot mills of the Chester mill Saturday, but was replaced in time to resume today.

Drilling for gas is projected in the Turkeyfoot extension by Pittsburg op-

erators. Operations will commence shortly.

Charles Ferguson, of the Chester mill, visited his home in Irondale over Sunday.

Master Harvey Hood is spending several days with relatives at Martin's Ferry.

Samuel Jackson and family, of Lawrenceville, is visiting relatives for a week at Irondale.

Mr. Kirk is drilling a well at Georgetown and the rig from Brunton farm was moved for the well.

Stewart and Will Poulton, of Monroe county, will locate in Chester, provided they secure employment.

Mrs. S. Bloom has purchased a lot on Virginia avenue from E. C. Baxter for \$600 and will erect a new residence thereon right away.

Five Cases of Smallpox Have Developed in the Town of Malvern.

Rev. John W. Gorrell, pastor of the Christian church, had made arrangements to spend a few weeks' vacation on his farm near Malvern, but this morning he changed his plans. He received a telephone message from Dr. Ross, of Malvern, announcing that this morning the board of health quarantined the town of Malvern, and there were five cases of smallpox confined within its limits. The disease was brought to that town by a discharged employe of the Ringling circus, which was exhibiting at Canton a few weeks ago.

ARMY IS ATTACKED.

Anti-Imperialists Send a Letter to the President.

REVOLTING OUTRAGES CHARGED.

Philippines—100,000 Population From One District Perished, According to Official Report, Says Letter. Killing Wounded General Practitioner.

Lake George, N. Y., July 28.—At a meeting of representative anti-imperialists held in New York city last night a committee was appointed to investigate army conditions in the Philippines. That committee has since then been prosecuting its inquiries. President Roosevelt's recent review of the court martial of General Jacob H. Smith seems to the committee to demand some reply and at a meeting just held at Lake George an open letter to the president was adopted. The letter was signed by Charles Francis Adams, chairman; Carl Schurz, Edwin Burritt Smith, Moorfield Storey and Herbert Welsh. It praises his action in the Smith case and says in part:

"The inquiries we, as a committee, have made, necessarily imperfect, have yet been sufficient to satisfy us that General Smith and Major Walker were not the sole culprits, nor should they suffer in the character of scapegoats.

Claim Outrages Not Exceptional.

"In your review of July 14 you say that these cases were exceptional. Your means of information on this point should undoubtedly be infinitely better than ours. Meanwhile it is always to be borne in mind that one side only of this painful story has been heard, and that side only in part. The testimony of representative Filipinos has been jealously and systematically suppressed. Judicial and impartial examination on the spot has been denied, or pronounced impracticable. In the present case, occasionally and by accident merely, fragments of information come to general knowledge—broken glimpses only have been permitted to reach the public eye. To our minds, they indicate unmistakably a condition of great and general demoralization. Of this the findings of the court martial referred to afford conclusive evidence. We also do the published orders of commanding officers, and the representatives of provincial governors."

The letter then discusses the "kill and burn" order and says:

"As the not unnatural result of military operations so inspired, an official report indicates that out of a total population in a single district of 200,000 not less than 100,000 perished."

Clearing of Higher Officers Significant.

The letter then alludes to the water cure, saying that the first reports of its practice met with denials, while evidences before the senate Philippine committee proved conclusively that this and other forms of torture had been used, and adds:

"Where inquiry revealed the systematic use of torture by subordinates, the officer in responsible command is pronounced free from blame on the ground that his praiseworthy absorption in other duties of his position was so complete that such trivial incidents failed to attract his notice. Such a finding is certainly suggestive. Finally, every severity known to the state of war—practices which have excited the special reprobation of the American people when reported as features of the hostilities in Cuba, under the Spanish regime, or in South Africa, during the Boer war—have been of undisputed and frequent occurrence in the Philippines. From the early beginning of operations there, it has been the general practice, if not actually the order, to kill those wounded in conflict.

Ready to Prove Charges.

"In like manner as respects concentration camps. These, as a feature in recent Spanish and South African operations, excited in us as a people the deepest indignation combined with the most profound sympathy for those thus unmercifully dealt with. When reported to by our officials in the Philippines these camps are represented as a species of recreation grounds, into which the inhabitants of large districts rejoiced to be drawn and from which they departed with sorrow. Reports to which we can, on the other hand, refer give of them accounts not essentially different from the accounts received of similar camps established elsewhere."

Further along the letter says the committee stands ready to prove the following charges:

"First—Kidnaping and murder, under circumstances of aggravated brutality.

"Second—Robbery.

"Third—Torture both of men and women and rape of the latter.

"Fourth—The infliction of death on other parties, on the strength of evidence elicited through torture."

Killed Girl and Suicided.

Springfield, Mo., July 28.—Charles Weyley, aged 25, of Norwood, Mo., late Saturday night shot and killed Miss Josephine Sheridan, his former sweetheart, at her home here, and then shot and killed himself. Jealousy probably prompted the act. The two had known each other for four years and, up to a month ago, had been engaged to be married.

KING'S WOUND NOT HEALED.

If He Goes Through Coronation It May Be In a Bath Chair.

London, July 28.—The Standard yesterday morning, referring to the health of King Edward, expressed the opinion that his majesty will only be able to attend the coronation in a bath chair.

He has been about five weeks in a recumbent position, and The Standard is informed that he has not got on his feet yet, but is confined to his couch, though he is able to move himself upon it.

Schwab Was Annoyed.

His Illness at Atlantic City Only Slight.

Atlantic City, N. J., July 28.—Charles M. Schwab, president of the United States Steel corporation, who is spending a few days with his family at his cottage here, was somewhat annoyed by the stories printed yesterday to the effect that he was seized with a serious illness Saturday night. Mr. Schwab arrived Saturday afternoon from New York. During the evening he became slightly ill and the physician who had been attending his family was called.

The patient remained in bed until about noon yesterday, when he arose and after dressing himself sat for a while on the porch of his cottage.

Anti-Friar Procession Forbidden.

Manila, July 28.—The anti-friar demonstration which the municipal government had been informed was to be held here yesterday proved to be unimportant. The police forbade the holding of a procession and the reserves were assembled for the purpose of maintaining order. The leaders of the movement conducted a meeting in the Zorilla theater but no disorder occurred. At the conclusion of the meeting, which was not largely attended, owing to the storm which prevailed, the crowd dispersed quietly.

As Protection to the Kaiser.

Berlin, July 28.—Various Berlin newspapers assert that the warnings to Emperor William against going to Posen, Prussian Poland, for the army manoeuvres, to be held in September have had the effect of causing an order to be issued that the festivities be confined to a strictly military character and that all windows be closed along the line of march of the procession at Posen.

Old Sunday Paper Suspended.

Seranton, Pa., July 28.—The oldest Sunday newspaper in Pennsylvania, The Free Press, established in 1872, has suspended publication and failed to come out yesterday for the first time in its 30 years' existence. It was at one time owned by Hon. F. A. Beamish, the Democratic leader of Northwestern Pennsylvania. Its latest owner was James J. Mahon.

Philip H. Kummer Dead.

Cincinnati, July 28.—Philip H. Kummer, aged 65, a prominent attorney, died suddenly at his home here yesterday from cholera morbus. He had been city solicitor, United States district attorney and common pleas judge for many years and held other public positions.

Two Killed by Gas Explosion.

McCurra, I. T., July 28.—Two men were killed and two others seriously burned by an explosion of gas yesterday, in one of the Sans Bois Coal company's mines, one mile west of here.

Murdered Husband; Killed Himself.

Portland, Ore., July 28.—Frank Carlson and George Baldwin, each aged 19 years, quarreled over two girls. Carlson challenged Baldwin to fight. The fight took place with bare knuckles. Carlson received a blow in the stomach, and fell to the ground. When picked up he was dead. Baldwin is in jail.

150 New Cases in 48 Hours.

Manila, July 28.—During the 48 hours ended Sunday morning 150 fresh cases of cholera were reported in Manila. No reports regarding the disease were received from the provinces, owing to the storm.

NEW METHODS IN DIXIE

(Special Correspondence.)

Memphis, Tenn., July 28.—Dixie is rapidly outgrowing many of the ante-bellum industrial methods which have previously kept it behind the times. The manner in which the cotton crop, the south's great staple, is handled and utilized is an example of this spirit of progression.

Up to within a comparatively few years ago Dixie's cotton was shipped in slovenly, ragged, ill bound bales, and the cottonseed after it had come from the gin was thrown away or burned to get rid of it. Today the south is sending its cotton to the four corners of the earth in neat, economic

SEWING UP ROUND COTTON BALES.

round bales, which are easily handled and far more acceptable to export buyers. The cottonseed, which was once thrown away, is carefully pressed for the valuable oil it contains, and even the refuse is utilized as stock food.

Perhaps the introduction of the round bale is the most important feature of the south's progression. Over 60,000 packages of cotton yearly are now placed in railroad cars, in steamships, holds and sent to foreign and domestic mills, baled by this process. In 1896 but 4,000 bales were prepared, which will give an idea of the favor which the invention has met down in Dixie.

At first the growers viewed the "new-fangled" apparatus with the distrust that is common among the people to ward systems which differ from the good old fashioned ways they and their fathers have pursued. But by degrees they have been examining the new process and one by one are taking their cotton to the round bale instead of the old process.

If a man can save even an eighth of a cent a pound on his crop, this means much to him when the yield is so large that he thinks 5 cents a pound is a good price for it. With 9 cent cotton it does not make so much difference, but when the crop runs into 10,000,000 bales then the arguments in favor of the round bale are very strong, for it costs the planter nothing to gin his cotton or to wrap it, while he can sell it directly at the press if he wishes and put the proceeds in his pocket.

It is calculated that he can save all the way from an eighth to a half cent per pound by having the staple baled by the new process. If he has raised 100,000 pounds, this means \$500 to his credit. It goes a long way toward paying the next year's fertilizer bill or toward settling his account with the grocery man or clothing dealer.

The round baling of cotton is one of several industrial revolutions by which the south is freeing itself from debt incurred by the expensive methods of the days before the war. It is an interesting sight to visit one of these presses on a day in the middle of the cotton season.

Around it are perhaps a hundred wagons loaded with fleece just as it is dumped from the baskets of the field hands.

Sprawled on the top of the mass may be one or more negroes fast asleep in the sun until their turn comes to unload. Then they start up the mule and drive under a shed from which one or two pipes hang. These pipes may be of tin or of iron and are high enough so that their ends are about a foot above the top of the cotton.

When the wagon is in the right position, a whirling sound is heard as the exhaust fan inside the building begins to operate. The air rushes up through the pipe and sucks the cotton with it in a continued stream. All the darky has to do is to keep pushing the mass under the pipes until all has been taken up, the work of a few minutes. Then he drives away, and another wagon takes his place, and so it goes all day and sometimes all night.

On goes the cotton just as picked from the fields until it reaches the series of four or five gins. Through these it is gradually worked, being

separated from the seeds, dirt and any other foreign matter until it goes into the receiver of the press thoroughly cleaned. The seeds drop down into tin pans and are carried to the oil mill near by, if one is operated in connection with the press.

The suction fans also draw the cotton from the gin and into the condenser, which is the first section of the press. Steadily it is crowded downward by the revolving metal roll which begin to give it form. Stronger and stronger becomes the pressure until it assumes the shape of what dry goods clerks call "cotton batting." Then it begins to revolve around a steel core, gradually enlarging, like the boy's snowball, until it is of the proper size.

From the time the darky's hands shoved it toward the pipes until now no one has handled it. The press operator pushes the lever, stops the machinery and with an assistant lifts the core and rolled cotton out of the bale former, as it is termed. It is weighed, wrapped as one would a bale of cloth, its destination, weight and the name of the press stenciled upon it in big black letters, and then perhaps it is rolled from the door of the pressroom into the freight car which is standing alongside.

Another up to date discovery in connection with the cotton crop is the method of ridding plantations of that dreaded pest, the bollworm. It has been left for a plain, uneducated Texas rancher, assisted by his wife, to make a discovery worth millions to the people of the southern states, where scientists and entomologists have failed after years of study and many costly experiments.

G. B. Boswell has just demonstrated to the distressed ranchers in the vicinity of Fairland, Tex., that he has found a way to protect their cotton from the pests that have been destroying the crops for several years. He does not call his method a discovery, since, he says, he has only used and trained and directed nature's own forces against one of the most insatiable and destructive enemies that the southern farmer has ever encountered.

Boswell and his young wife own a small ranch near Presidio, on the Rio Grande, but are now hunting bollworms in the Brazos river country. Mr. Boswell and his wife are accompanied by nearly 2,000 small birds of two varieties. About 1,500 are white winged sparrows, natives of western Texas and New Mexico. The remainder of the flock is composed of Mexican canaries.

Mr. Boswell is a printer by trade. He was raised on a farm, and from his boyhood has been a passionate lover of birds. During his newspaper career he made what he calls a scrapbook of ornithological information. Three or four years ago while prowling through old Mexico in search of rare specimens he met Senorita Flores Serano, who was also a lover of birds. This mutual sentiment led to a friendship which resulted in matrimony.

The young couple selected a favorable location in a sparsely settled region far out on the Rio Grande, where they built a cabin and set to work to collect and domesticate various species of wild birds. In the course of a short time they had four or five hundred Mexican canaries and white winged sparrows living contentedly in cages, and many of these were so gentle that they could be trusted to take little trips in the open air.

Just at daylight the other morning about 800 or 1,000 of the birds were turned loose upon a field of cotton of twenty acres. Swarms of the little winged pests that are supposed to mother the bollworm could be seen hovering over the field, while hideous looking bugs with snouts ending in a miniature lance literally covered the leaves and stems of the plants. A flood of white wings descended among the dying cotton, the birds fill

BIRDS RIDDING A PLANTATION OF BOLLWORMS.

ing the air with chirps of battle. When a fly arose, there was a glitter of white feathers, followed by a chirp of triumph as the bird seized and ground the mother of a billion bollworms between its sharp mandibles.

In three hours the birds had cleared a large plantation of almost every trace of the pest and had flown back to their cage. Mr. and Mrs. Boswell have trained their great flock so that the birds are as tame as pet canaries, and they are hailed as welcome protectors by the cotton planters of the southwest. LEONARD BALDWIN.

VOLCANIC REGIONS.

The Five Active Groups of the Western Hemisphere.

The active volcanic groups of the western hemisphere occur in five widely separated regions:

First.—The Andean group of volcanoes of the equatorial region of western South America.

Second.—The chain of some twenty-five great cinder cones which stretch east and west across the south end of the Mexican plateau.

Third.—The Central American group, with its thirty-one active craters, extending diagonally across the western ends of the east and west folds of the Caribbean corrugations, fringing the Pacific side of Guatemala, San Salvador and Costa Rica. This is separated from the Mexican group on the north by a large nonvolcanic area, the isthmus of Tehuantepec, and on the south from the Andean volcanoes by the isthmus of Panama, where no active volcanoes are found.

Fourth.—The chain of volcanoes of the Windward Islands, marking the eastern gate of the Caribbean sea, standing in a line directly across the eastern termini of the Caribbean mountains, trending east and west and parallel to the Central American group similarly situated at the western terminus.

Fifth.—The volcanoes of Alaska and the Aleutian Islands.—Professor Robert T. Hill in Century.

Circumlocution.

A young Yorkshire collier, anxious to pop the question to a girl whom he honestly admired, but not having the courage to ask her straight out, adopted a method of sounding her which romantic people will be inclined to think rather too practical.

"Jessie, my lass," he said nervously, "Ah've insured my life."

"Has ta, lad?" said the damsel indifferently.

"Aye, an' Ah'm thinkin' Ah'm a fool for doin' it."

"How's ta mak that art?"

"Why, supposin' Ah get killed in t' pit, where does ta think t' money'll go?"

"Why, to thy fether, for sure."

"True enough, an' it ain't fair. It ought to be paid to my wife."

"To thy wife! Why, tha hasn't got one, Bill."

"That's just it," cried Bill in a burst of confidence. "Tha're a nice lass, Jessie, an' Ah want thee to have that money."

"Why couldn't ta say so at fust?" cried Jessie joyfully.

Then the happy couple embraced and trotted off to break the news to Jessie's mother.—Pearson's.

EXCITEMENT IN PARIS.

**CLERICALS AND ANTI-CLERICALS
IN DEMONSTRATION.**

**On Whole Crowds Were Good Natured.
Fighting, but Not General.
Police Vigilant.**

Paris, July 28.—The demonstration made yesterday, in connection with the degree of Premier Combes, ordering the closing of the Catholic congregational schools, proved to be quite as much of a manifestation in support of the government, as of opposition to its anti-clerical measures. The crowd, which gathered in the Place de la Concorde numbered 15,000 persons, while as many more thronged the Champs-Élysées. The clerical and anti-clerical forces about equally divided the gatherings.

Though many fights occurred, they never became general, nor was any person seriously injured. An imposing force of police and municipal guards had much trouble in keeping the manifestants constantly moving, and at times they were forced to charge to prevent the crowd from becoming too dense. On the whole, the crowds were good natured and mainly confined themselves to shouting "Liberty! Liberty!" "Long Live the Sisters," and "We Want the Sisters," to which the anti-clericals replied "Vive République!" and "Down With the Priests!" The occasional appearance of a priest was the signal for much hooting and several fights were due to their presence.

ANOTHER NEGRO WAS KILLED.

**Said to Have Been Actual Murderer
of Wilmoth—Race War
Feared.**

Elkins, W. Va., July 28.—With the killing of another negro, said to be the actual slayer of Chief of Police Bud Wilmoth, of Wheeling, at a late hour Saturday night, the murder has now been fully avenged. The negro was riddled with bullets in a desperate battle, and his body was strung up. Three dead negroes and another seriously wounded tell the story of the anger of whites over the cold-blooded crime, but another danger now menaces. The blacks are said to be quietly arming and holding meetings for the purpose of planning revenge upon the citizens who killed three of their race. They claim to know exactly everybody who participated in the lynchings.

A serious condition of affairs is threatened and the state authorities at Charleston have taken cognizance of the situation and are preparing for such an emergency as may arise through a concerted move by the blacks.

Louis XVII., titular king of France, the unfortunate dauphin, died in the Temple of Paris of abuse and neglect. His body was identified and certified to by four members of the committee of public safety and by more than twenty officials of the temple. MASS TO OPEN PROCEEDINGS.

**Right Rev. Muldoon to Be Celebrant
With Other Prominent Church Dig-
nitaries in the Sanctuary—Organi-
zation Not Political.**

Cincinnati, July 28.—National Secretary Anthony Matre, of the American Federation of Catholic Societies, reports the program complete for the second national convention at Chicago, Aug. 5, 6 and 7, and the indications are that the convention will be the most representative gathering of Catholics ever held in this country. The convention will be opened with pontifical high mass at Holy Name cathedral, with Right Rev. P. J. Muldoon as celebrant and Bishops Messmer and McFaul and other prominent church dignitaries in the sanctuary.

The national executive board will meet in executive session with the supreme officers of the various national organizations, Monday evening, Aug. 4. At this meeting the heads of the German, French, Polish and Bohemian federations will also be in attendance, and a plan adopted which will unite the federation has received letters of approval from several archbishops and 20 bishops and the blessing of Pope Leo XIII. These letters will be read at the convention.

Secretary Matre concludes: "In many sections it is believed the federation is a political party. This is a serious mistake. The objects of federation, as outlined by the constitution adopted at the Cincinnati convention, are the cementing of the bonds of fraternal union among the Catholic societies of the United States; the fostering and protecting of Catholic interests and works of religion, piety, education and charity; the study of conditions in our social life, and the dissemination of the truth. In furthering these objects the federation does not interfere in the least with the government of any society."

HEALED BY THE LORD.

**A Catholic Sister's Hearing Restored
In Answer to Prayer, at West
Covington, Ky.**

Cincinnati, July 28.—Residents of West Covington are greatly wrought up over a miracle that was performed in their midst Saturday.

St. Ann's church, West Covington, celebrated its patron's feast day Saturday. Rev. Clermont, pastor of the congregation, officiating. Prayers were offered up for the afflicted, among them Sister Cornelia, who has been almost totally deaf for some years, and who has been forced to use an ear trumpet. She entered the church Saturday morning as the choir was rendering a hymn. The good sister was noticed wiping tears from her eyes, and other sisters went to her side and asked her what had happened. They were surprised when she answered that her hearing had been restored. She said she had heard the key in the tabernacle, which contains a relic of St. Ann's, click as the priest turned it, and also heard the choir singing.

A reporter visited the sister last evening and conversed with her and she answered instantly. The best physicians of Cincinnati had had her under treatment to no purpose.

This was the second miracle that had been performed in the church. Some years ago a young lad, who walked on crutches, was suddenly healed, and the crutches were left behind in the church, where they can be seen today.

**Bishop O'Gorman Bears Letter—Pon-
tiff's Love For America
Augmented.**

Rome, July 28.—The letter which Bishop Thomas O'Gorman, of Sioux Falls, S. D., who left Rome Saturday, bears from the pope to President Roosevelt, thanks the latter for the congratulations and gifts presented by him to his holiness and begs him to accept in return a souvenir of the pontiff's good will. The letter also expressed satisfaction with the result of the negotiations carried on by Judge William H. Taft, governor of the Philippines, in which his holiness says he has augmented his affection for the United States. The entire letter is couched in the most cordial

**Those Who Inaugurated Movement
Denounced by a Minister—President
Went to Church—Passed Afternoon
With Secretary Moody.**

Oyster Bay, N. Y., July 28.—President Roosevelt passed a quiet Sunday at Sagamore Hill. In the morning, accompanied by Mrs. Roosevelt, Mrs. Emily Roosevelt, Lieutenant Ferguson, formerly a member of the Rough Riders, and four of the younger children, he attended services at Christ Episcopal church. He passed the afternoon with Secretary Moody, who will be his guest until today. No visitors of an official character were received. The postoffice at Oyster Bay was opened for an hour yesterday, for the first time in Sunday in the history of the village. The president did not avail himself of the opportunity of having his mail taken to him.

The opening of the office created a commotion among some of the people of the village, and the Rev. Alex G. Russell, pastor of the First Presbyterian church, sharply criticized those who inaugurated the movement, which resulted in the Sunday opening. Senator Thomas C. Platt will arrive at Oyster Bay next Wednesday evening, on board the yacht Mayflower, which will be sent to New York for him. The senator will be accompanied by Colonel George W. Dunn, chairman of the Republican state committee of New York.

**Miners' Secretary Says Habeas Cor-
pus to Release Miners Will Be
Instituted at Once.**

Indianapolis, July 28.—At the mine workers' national headquarters it was announced yesterday that no time would be lost in pushing the habeas corpus proceedings for the release of members of the organization arrested under the edict of Judge Jackson, of the district court, at Parkersburg.

Secretary Wilson yesterday explained another principle in the miners' case, on which they will base their claim to be set free. According to Mr. Wilson, not one of the men arrested was proved to have made any speeches, inflammatory or otherwise, after Judge Jackson's restraining order was issued.

"The injunction was issued on June 12," said Mr. Wilson, "and the meeting complained of was held the next night. 'Mother' Jones was the only speaker, and none of the men arrested said a word publicly to the miners. The only thing proved against them was that they applauded the remarks of 'Mother' Jones. They were arrested at the moment the meeting was over, so that they had no chance to speak if they had wanted to do so. I do not see how men can be committed to jail for such a trivial offense as this, and I believe the habeas corpus proceedings will set them free."

No charges will be filed against Judge Jackson, Mr. Wilson said, until the habeas corpus suits shall have been decided.

Secretary Wilson was at national headquarters for a short time yesterday. He made no effort to attend to his mail, however, although many letters, which were known to contain money, had arrived.

"We have always made it a rule not to transact any financial business on Sunday," Secretary Wilson said, "and we will not begin to do so now, even though it does give us much additional work on Monday to make up the accounts."

Very Useful in Hot Weather-- Life Plant

**Gives You Strength, Drives
Away That Tired Feeling
and Makes Your Mental
Qualities Active.**

Many people become tired and get played out so easily in hot weather, that they give up and blame it all on the weather, where, in fact, it is nothing more than your blood being out of order. Under such circumstances you should take a good tonic for your blood. LIFE PLANT is the best medicine on the market. Thousands are taking it and just as many are getting well. You don't have to go miles and miles away to find someone who has been cured by LIFE PLANT, they are all near here, in fact, some are your neighbors. If you cannot sleep well, if you are losing flesh, if your stomach is out of order, if you are constipated, if you are headache, if your health is not satisfactory you should get a bottle of LIFE PLANT and you will be very thankful that such a good medicine is where you can get it.

The following letter from Geo. Burnworth, of Cambridge, Ohio, is an assurance as to the merits of LIFE PLANT:

"I have tried all kinds of headache medicine but could get no relief. I also had stomach trouble and could not sleep well. LIFE PLANT did me more good than all the rest. LIFE PLANT is truly a medicine of merit."

Also a letter from C. T. Burnworth, of Cambridge, Ohio, proves for LIFE PLANT what no other medicine will do.

"I was suffering from extreme prostration; was tired and run down, was nothing but skin and bone, and my trouble was thought to be Consumption. I took two bottles of LIFE PLANT and it cured me sound and well."

Ask for and get LIFE PLANT and you will make no mistake.

Canastota, N. Y., March 20, 1902.

"FORCE" FOOD CO., Buffalo, N. Y.

Dear Sirs,—I have used a number of packages of "FORCE" since it was first introduced here. My husband and I use a package every two days. Every spoonful is an aggravation for more.

My husband is an engineer, and he takes a whole bowlful to his engine and eats it with one quart of milk. He says it makes him feel like a "young colt." I have a nursing baby—my first child—and I find it gives nourishment in abundance for both myself and baby.

We eat it by the wholesale, and I would like to buy it by the wholesale.

Lots; 64 ft. front, corner of Avondale and Indiana Aves. Suitable for residence or business. Price \$775.

Lot 30 x 130, on Fifth Street. Lies just right for a residence. Street paved, sewer, gas and water; good neighborhood and good dwellings. Four minute's walk from the Diamond. Price \$3050. Terms to suit you.

Lots 30 x 100 feet on Ida street, near reservoir. Lots across the street sell at \$600. We sell these at \$450 each. Terms, \$50 down, balance monthly.

Lot 60 x 130—Fourth street, corner lot, lies well, in a good location. Street paved, sewer, water, gas. Suitable for fine residence. Inquire for price and terms.

Lots in East End.—We have them in all parts, from the city proper to the State line. They range from \$200 to \$1000 each. We believe that we can save you 10 per cent. on your purchases in this part of the city, for we have been gathering up quite a long list of lots and have many which we will sell under market. Don't buy until you have learned what we have and what our prices are.

A Few Samples:

Lot 100 x 100, Erie street, near the new School House. Lies as level as a floor. Our price \$1100.

Lot 23 1/2 x 100—Virginia Avenue, 20 steps from Pennsylvania Ave., near Presbyterian chapel. Price \$500.

Lot 30 x 75—Pennsylvania Avenue, just north of Presbyterian chapel, corners on an alley. Price \$525.

Lot 30 x 70—Pennsylvania Avenue, adjoining the one described above. Price \$475.

Lot 30 x 100—Pennsylvania Avenue, Oakland Addition, lies level, and is well located. Price \$375.

Lot 30 x 100—Etruria street, Gamma Addition. Lies perfectly level and in a fine location. Price \$300.

Lot 33 x 100—Erie street, opposite Columbian Park. Lies level and is built up on either side. Price \$400.

The way to judge the prices is to see the lots. Call on us at any time. We are at your service. It is our business to interest you in real estate and we know that if our prices are not right we can't sell to you.

Knowing this we keep our prices low. Then again, we must have a large collection of properties, else we can't suit you and to this end we have a list of vacant lots alone that numbers over 1000. Don't think you can do better elsewhere until you see what we have. We hear of cases every day where purchasers could have saved money by having consulted with us before buying. Where your advantage is, we give you prices so many different properties that are similarly located and situated, that you can pick out the bargains like ripe apples from among the green ones. Then we know a thing or two about real estate. This knowledge we impart to you, and whether you buy of us or not, you can profit by it.

Cut His Foot Badly—While visiting at Echo Dell camp yesterday afternoon James Stewart, of this city accidentally stepped on a piece of glass cutting his foot severely.

Dog Law Not Obeyed—A well known night watchman, whose duties call him about the city a great deal at night, says he has observed as many as 25 unmuzzled dogs roaming about the streets. The dog ordinance is poorly observed.

Have Heard of His Fame—Dave Orr will leave this evening for Pittsburg. His baseball friends say that he will be signed with the Pittsburg team. Captain Clarke having heard of the great exhibition he put up in the game with Youngstown last week.

New Gate at the Crossing—Much trouble has been experienced by Watchman Wright with the gates at the Second street crossing of the C. & P. The carpenter force from Wellsville erected a new gate which will operate more easily, and avoid if possible many narrow escapes which have been common of late.

Birthday Party—Mr. and Mrs. Forrest Smith, of upper McKinley avenue, entertained 20 young men, aged from 1 to 12, at a surprise birthday party on their oldest son's eighth birthday Saturday afternoon and evening from 6 to 9. Fine refreshments were served and a number of presents received. Mrs. Smith was assisted by Misses

Ethel Hall, Hazel and Bessie Van Fossen.

At Work at Carrollton—William Alger, of the Belle Telephone company, took a gang of 16 linemen this morning to Carrollton, where he will construct a new line from Carrollton to Scott's addition in that town.

No Game Thursday—Manager Walsh decided this morning to cancel the game with Parkersburg, which was to have been played Thursday. The two teams will cross pats, however, on Friday and Saturday afternoons.

Grocers and Clerks' Game—At West End park the grocers and retail clerks' baseball teams of this city will play a game of ball next Wednesday evening. The stakes will be ice cream for all players and officials of the two teams. The grounds have been donated to the clubs for the occasion, and no admission will be charged.

CARELESS BURGLARS SET HOUSE ON FIRE

Woman Seriously Injured While Being Helped
From An Upper Window of the
Burning Building.

NARROW ENCAPE OF A TORONTO COUPLE.

Toronto, July 28.—(Special.)—The home of Joseph Pierce, of Fourth street, was gutted by fire this morning at 3 o'clock, and the loss is \$1,000, partially insured for \$500. Mr. Pierce discovered the fire when the lower apartments were all ablaze.

Two men were standing on the pavement below when he shouted to them to send in an alarm. They refused to do so. Pierce let his wife drop from the upstairs window to the pavement below and she was seriously injured by the fall and is now confined to bed. He succeeded in getting himself out also, besides saving some of the household goods in the upper rooms in which he and his wife were sleeping.

The fire department arrived later and succeeding in saving a large livery stable adjacent.

Mr. Pierce is strongly of the opinion that the fire was caused by burglars lighting matches and that the two men standing on the pavement were the men who did the deed. They could not be found after the progress of the fire. Mrs. Pierce is so badly injured she may not recover. Her face and hands are terribly lacerated by glass from the broken window, and she also sustained other bodily injuries.

ANOTHER SMASH OF FREIGHT CARS

Drawhead Broke While the Train
Was Running at High
Speed.

FIVE CARS WERE DITCHED

And the Track Torn Up and Damaged.
No One Injured—The Wreck Occurred
at Walker Yesterday Afternoon.

A railroad smashup near Walker, in which five cars were ditched, occurred yesterday afternoon at 2 o'clock. The second section of No. 90, pulled by two engines in charge of Engineer Belf and Conductor Showalter, was the unlucky train. The accident was caused by a drawhead breaking while the train was running at a high rate of speed. This pulled the forward truck from underneath a coke car. The car, impelled by the weight of the cars behind it, was pushed along until a frog was struck at the Walker siding. Then trucks flew in different directions, cars were piled on both sides and across the track, rails bent and the roadbed damaged.

The wreck crew from Wellsville was called immediately and succeeded, in clearing the track in a few hours, the passenger trains encountering no delay. The damaged frog was of the No. 1085 pattern and only a very heavy impact could have damaged it.

The forward half of No. 90 was forced to return to Wellsville to await clearing orders. At the scene of the wreck, the track is down grade, to which, combined with the high speed at which the train was traveling, is attributed to be the cause of the smashup. No one was hurt.

SALOONIST ARRESTED

ACCUSED OF KEEPING HIS PLACE
OPEN ON SUNDAY.

Two Customers Also Taken In—Fines
for All Three Are
Probable.

Mike Cloran, a saloonist of Sixth street, was placed under arrest yesterday afternoon by Officer Morris for keeping his place of business open on Sunday. Two men in the saloon at the time, giving their names as John Snowden and Hayes Stephenson, were also arrested and charged with loitering.

The three will be arraigned before the mayor this evening, when, it is expected, a fine of \$25 and costs will be imposed upon Cloran and \$5 and costs upon his customers.

AN ANGRY BULL

FURIOUSLY ATTACKS A HORSE
AND ITS OWNER.

Timely Interference By Neighbors
Averts a Horrible
Tragedy.

A. M. Fowler, who resides near Asbury chapel, W. Va., came near meeting death at the hands of an infuriated bull, three years old and weighing 1800 pounds. The bull broke from his place and got over into the lands of Squire Johnston. Mr. Fowler pursued the animal on a horse and had a pitch fork in his hand with he gave battle to the infuriated beast and tried to head him toward home.

The bull gored the horse badly and also injured Mr. Fowler to some extent, and he was continuing the battle when five neighbors appeared on the scene and succeeded in rescuing him from the perilous predicament. The beast was finally rounded up and secured, and chained by its fore foot and horns to a fence. So infuriated was the animal that it broke the fence and succeeded in breaking the chain and escaping to the field again.

Had the animal devoured more of its time to Mr. Fowler than to the horse he was riding the farmer would undoubtedly have been killed. The residents are in great dread of the animal. It will probably be sold to a butcher.

FATALLY STABBED

Abner Wagner Slashed By His Son-in-Law
Near Brown's
Island.

Steubenville, July 28.—At the fishing camp of the Dray-Wagner families, on the Ohio shore, near Brown's island, last evening, Abner Wagner was fatally stabbed by Jesse Dray, his son-in-law. Dray then made his escape and officers are hunting him.

Wagner, while intoxicated walked up to his wife, who is an invalid and a paralytic, and it is alleged, struck her. Dray took him to task for it. Wagner, seized a club and struck Dray twice, knocking Dray down. When Dray fell his hand was near a case knife, and using it he stabbed Wagner in six different spots, the last thrust passing through Wagner's cheek and cutting his tongue off.

BATTLE WITH SNAKES

A Round Knob Farmer Killed Two
Whose Length Was
12 Feet.

Samuel Shiner, of Round Knob, now comes forward with a champion snake story, and told it while in Wellsville Saturday. Near Round Knob is a densely wooded area, in which were a couple of blacksnakes of great size. Some have stated that they were over 15 feet in length. Many persons have seen the "serpents," and their existence and habits have become a matter of public remark.

Mr. Shiner says that on Friday morning he encountered the reptiles sunning themselves on his farm and before they could escape killed both. Their combined length, he says, is in the neighborhood of 12 feet and took hard work on his part to dispatch them.

CURACAO, HEADQUARTERS OF VENEZUELAN REVOLUTIONISTS.

Curacao is just now very much in the public eye by reason of the fact that it is the headquarters of the Venezuelan revolutionists, who appear to be in a fair way to overturn the government of President Castro. Curacao has a small but excellent harbor well protected from the tropical gales and is admirably adapted to the uses to which it is just now being put.

BONES OF THE DEAD BEING DISTURBED

Gravel Diggers Said to Be Desecrating the Old
Cemetery.

CITIZENS MAKE COMPLAINT

And Says That If Council Does Not
Stop Teamsters' Work He Will
Take Forceful Measures to Stop It.
Council's Authority Given.

"If you don't make the contractors cease taking gravel and sand from the bank under the Fifth street cemetery, I will," said an irate citizen to a councilman Saturday. "It is simply disgraceful and barbarous. Among the graves are the bones of many who were buried in the sacred spot years ago, and for the bones to be used as bedding for sidewalks is awful. I tell you if you are going to stand by and allow it to go on, I am going to use a little brute force and have it stopped."

The councilman in question was taken very much unawares by the abrupt call down and tried to make an explanation, saying that it was not his duty to have the work stopped; that council as a body had permitted the removal of the gravel. Some of the citizens who have risen in arms against the ghastly proceedings went to the cemetery on Saturday morning and ordered the teamsters to get their sand at other places.

The teamsters did not know but those who had authority were giving the orders and quit immediately. Upon returning to their boss they were told to go on and get the sand whether or no. They did as ordered and the fight is still on. Some lively doings are expected during the next few days.

SWANEY'S LONG ABSENCE CAUSES MUCH ANXIETY

Eugene Swaney, who has been employed as a presser at the Laughlin No. 2 pottery, and boarding with John Downard in the East End, has mysteriously disappeared, and a great deal of anxiety has been manifested by his friends for fear he has either been foully dealt with or has ended his life.

There are still wages due Swaney at Laughlin No. 2; he does not owe for board, and has left all his belongings at his boarding house. He has been absent four or five days now, and no clue to his whereabouts has developed.

MONEY AND FRIEND GONE

Disciple of Blackstone From West
Virginia Tells the Police How He
Parted With \$65 and Got Cured of
Playing Cards.

An alleged bunco game was reported to the police Sunday in which C. L. Summers, a young attorney from Charleston, W. Va., claims he was swindled out of \$65 by one "Taffy" Reveal, a sport of some notoriety, who, he says, came to this city with him from Charleston.

Summers and Reveal, so the former alleges, have been touring Pittsburg and other towns along the valley, and Mr. Summers states he has been looking for a suitable location to start legal practice. He claims that Reveal had so gained his confidence that he loaned him \$20 Saturday, while they were both rooming at the Washington House on Second street. Reveal, he claims, came to his room Sunday morning and invited him to a room near the Diamond where a poker game was in progress. He was introduced to Dr. So-and-so, and inveigled into the game, and soon became loser to the amount of \$45, when he says he saw he was getting the worst of the deal, and quit. He further alleges they tried to inveigle him into a rear room to get the rest of his money, when he succeeded in getting away from the premises before this was accomplished.

He pleaded with Reveal to return him his money, and this he promised to do, but managed to elude Summers in every possible way. Reveal, going to the room at the Washington House, got his satchel out. He was seen running down Second street afterwards, and it is supposed went in the direction of Wellsville. Mr. Summers informed the police. An officer was sent to Wellsville, but could not locate Reveal, and it is now supposed that he has made good his escape.

In speaking about the matter this morning Mr. Summers stated it was his first experience with the tiger, and would without doubt be his last. He holds a fine certificate from the West Virginia state board of legal examiners, and studied under A. C. Blair, a well known legal light of Charleston. He keenly feels the loss of his money, and dreads the notoriety that will accompany his case.

crue from the affair. He claims he would not have been led into the trap, had not Reveal so thoroughly gained his confidence. He will prosecute Reveal if the latter turns up in his company again.

MAIMED FOR LIFE

HOTEL PORTER LOSES A FOOT
WHILE STEALING A RIDE.

Misses His Footing And Fell Under
the Wheels of Freight
Train.

Charles Armstead, who is employed as a porter at the National hotel, at the foot of Broadway, undertook to board a passing freight train about 6 o'clock Saturday evening to ride down a block or two on his way to the West End to get laundry.

His foot slipped and he fell to the rails, the wheels of the car on which he attempted to ride passing over his right foot, crushing it into a shapeless mass. He was picked up by bystanders and employees of the hotel and carried into the building.

A doctor was hastily summoned and dressed the injured member as well as possible, finding the toes and bones of the foot crushed in a terrible manner. He also called the services of another surgeon, and for a time they considered the advisability of amputating all the toes of the foot, but postponed the operation for a few days to await better conditions of the patient.

Armstead is suffering considerably from his injury, but is resting easier today. He is familiarly known about the city as "C. C." on account of his rollicking, jovial disposition. He will, however, be maimed for life, and it will be some weeks before he fully recovers from the effects of the injury.

A TRIO ARRAIGNED

Three Men Who Drank Not Wisely
But Too Well Arrested
And Fined.

After disposing of three cases this morning Acting Mayor McLane turned the executive position over to Mayor Davidson, who returned Saturday night from a week's pleasure in Cleveland. The mayor was given the glad hand all around the city hall.

The trio arraigned before the justice were George Twyford, John Lisk and Ned Curby. Twyford was arrested in the diamond last evening by Officer Morris for being drunk and disorderly. He was raving and creating more excitement than has been witnessed on the streets for some time. When the officer got him in tow he fought desperately and swore that he would never be taken alive. He was landed, however, but not without trouble, and for being contrary was assessed \$3 and costs. He paid.

Officer McDermott corralled Curby in the Smoky row district. The arrest was made at the instance of a chum, who told the officer that Curby had stolen his watch. Upon searching Curby the watch was found on his clothes. The officer took the young man to central station and placed a charge of stealing and one of drunk and disorderly against him. The former charge was withdrawn, however, and he was fined \$3 and costs upon the latter.

Lisk was found sleeping off a jag in Rinehart's barn by Officer Woods. He was assessed \$1 and costs. He owed a little on a back fine and when he gave his word of honor to liquidate both he was released.

UNABLE TO WALK HOME

John Winn Badly Hurt By a Fall
From a Bicycle.

John Winn, of Market street, while turning the corner on to College street, near William Brunt's pottery, was thrown heavily from his bicycle and had his leg badly bruised. Eye witnesses assisted him from the street to the curb, he being unable to walk for some time.

Mr. Winn was thrown clear over the handle bars of the bicycle, and is fortunate in escaping with as little injury as he did.

Wedded Sunday Evening.

The marriage of John N. Wigal and Miss Minnie Shrader, both of this city, occurred last evening at 7 o'clock, the ceremony being performed by "Squire" McCarron. The groom is employed in a local pottery. Mr. and Mrs. Wigal will make their home in this city.

HOME RULE FOR CITIES

Public Sentiment Induces Gov.
Nash to Alter Code
Plans Somewhat.

FIRST DRAFT OF NEW BILL

Council to Name Clerk and Mayor
to Choose the Chief of
Police.

CONFERENCE ON SUBJECT.

From a Staff Correspondent.

Columbus, July 28.—Governor Nash has abandoned the police board plan. He made this known at the second conference on the proposed municipal code held in his office in the state house Saturday afternoon. The governor's plan was that the code should provide that the chiefs of police of cities should be appointed by the governor. Public sentiment seems to favor the selection of such officials by the people themselves, and so pronounced has become the feeling that this method should obtain that the governor has become persuaded that it would be unwise to hold out against it. The first draft of the code, which was drawn at Cincinnati by Senator Longworth and Wade H. Ellis, assistant corporation counsel of that city, was submitted and gone over carefully at the conference. Governor Nash, Special Counsel S. W. Bennett, of the attorney general's office; Senator Harding, Senator Dunham and Representatives Thomas, Guerin, Cole, Hagenbuch, Denman and Speaker McKinnon were also present.

The draft placed the line of demarcation between cities and villages at 15,000, but the sense of the conference was that this figure should be reduced to 10,000 which will probably be done. The elective officers are to be mayor, city auditor, city treasurer, police judge and police clerk, the terms being three years. Councilmen are to be chosen from districts, except one member elected at large, who is to be the president. Council is given power to appoint a clerk, and the city solicitor is to be appointed by the mayor.

A definite number of councilmen is specified, but the number is left blank. Two boards are provided for—a board of public service and a board of charities. The former will be administrative, it consists of from one to five members, its functions being to direct the operation of street improvements, street cleaning, parks, docks, sewers, water works, street lighting, etc. Council is the legislative body and is vested with much power. One proposition was that authority to grant franchises be delegated to the judge of the common pleas court, but it was decided that it should be given council. The power of veto is given the mayor.

Care has been exercised in defining the duties of the three divisions of local government, executive, judicial and legislative, so as to obviate any danger of conflicting. Some modifications of present provisions may be expected. The chief object of Governor Nash in calling the conference was to get an expression from the leaders as to what they think should go into the code and also to acquaint them with his ideas on the subject. Speaker McKinnon did not enter into the discussions, explaining it would not be meet for him to do so because of his position.

RIGHTS OF WAY

Being Secured for the Proposed Electric
Railway to New
Cumberland.

Options are still in progress for right of way for the street railway line from Chester to Congo and New Cumberland. S. B. Goucher, of Toronto, and Edward McValne, of Pittsburg, are interested in the enterprise, and they own the present ferry boat operating between Congo and Wellsville.

This was the object of placing such a neat craft at that point.

Missing From Washington.

Chief Thompson is in receipt of a circular offering \$50 reward for information leading to the whereabouts of Miss Louisa G. Nash, of Washington, D. C., aged 34, five feet two inches tall, medium build, fair, heavy auburn hair, dark eyes, teacher in Washington schools for 14 years. She disappeared June 2, and no cause is known for her flight.

EAST END

NEIGHBORS INTERFERED

And a Man Was Arrested for Brutally Whipping a 16-Year-Old Daughter.

Because his daughter did not prepare his breakfast or dinner, and in the evening attended service at the Erie street M. E. church, Jack Decker, who came to Chaffinville from Jackson county, W. Va., a few months ago, and who is probably not aware that he is residing in a civilized neighborhood, beat, whipped and otherwise bruised his daughter who is about 16 years old, last evening in such a manner that neighbors interfered and caused his arrest by Officer Spence. More brutal treatment could not have been given a dog than Decker is said to have inflicted upon his daughter.

He has been arrested and will appear at city hall this evening, but if reports are reliable his appearance before a court of justice will not end there. Those residing in the vicinity of the Decker house claim that as long as they have resided in that part of the city they never saw a child punished so brutally as Decker punished his daughter. Some neighbors claim Decker used a club, while others say that a heavy leather strap was used. No matter what was used, the daughter today is covered with bruises and is most likely very sore. Miss Decker, her friends say, is well liked by all who know her. Her disposition is most kindly and she is a hard worker at home and other places. Mrs. Decker was home all day yesterday and the neighbors wonder why she suffered the cruelty to be practiced.

POLICE AID CALLED

And an Unwelcome Visitor Ejected From an East End Home.

A sensation was caused in the East End Saturday evening and for a time the residents of Helena thought something out of the ordinary was going on. It seems, so the story goes, that a man who is employed at nights, received a telephone message while at work Saturday night that another man was at his home. This caused the man who received the message to become angry. He went home, but not before Officer Fisher was notified and both husband and officer entered the house at the same time.

The individual was there as described, and he was requested to leave the house. He did so, but in company with Officer Fisher, who escorted him to the midnight train west and sent him out of town. Before the couple left the house, however, the woman commenced to cry, but soon afterwards instead of crying, report has it, that she told her husband enough to fill a large book.

DOGS DISPOSED OF

Unmuzzled Curs Are Being Taken Up In Large Numbers and Many Shot.

Dogs, dogs, nothing but dogs. That is the complaint of persons residing near the East End fire station. No relief for these complaints is in sight, for Officer Fisher has received orders to gather in all dogs who are not muzzled, and keep them at the pound until they are claimed by an owner, and if not done within the limit prescribed by law, they are to be shot. More are being shot than claimed. Meantime the residents of that immediate vicinity must endure the howls set up by the dogs.

It will not be long until the pound will be vacant, for yesterday four curs

Unless this dog is claimed within a day or so it will meet the same fate as the others. Flower committee is the Junior League, the committee on decoration is the Epworth League; committee on arrangements, Frank Knowles and wife, Martin Thomas and wife, John Downard and wife, Taylor Larkins and wife, M. C. Flick and wife.

Entertained at Carnegie Hall.

Miss Annie McGaffick, of Elizabeth avenue, East End, while at Pittsburg last week, was entertained in a manner that will be pleasantly remembered. While visiting friends in East Liberty she became acquainted with Prof. Ernest Jores, whose reputation as a pipe organist is not surpassed by any in that city. Prof. Jores entertained Miss McGaffick at the Carnegie music hall at Schenley park. A classic selection, which lasted for three quarters of an hour, was rendered by Prof. Jores, the only listener being Miss McGaffick. Seldom if ever has such a favor been extended to an East Liverpool lady at this music hall.

A Costly Smash.

"Blinkey" Morgan, as he is called by the motormen, is one of the oldest men employed on the front of a car by the East Liverpool railway company. Morgan had an accident Saturday morning that will most likely cost the company not less than \$150, for that is the claimed value of the property destroyed. The car Morgan was in charge of was eastbound. It was about to round the curve at the "narrows," just east of Walker, when smash went into a street piano, which was knocked over the hill. It is claimed that Morgan did not see the piano in time to stop his car.

Mrs. White's Illness.

Word was received in the East End Saturday of the serious illness of Mrs. Frank D. White, at the home of her mother near Carrollton. Mr. White left for the home Saturday evening to visit his wife, but returned this morning and sent his eldest daughter to Carrollton. Mr. White was called to Sharon, Pa., this morning on some important business.

Hill Tops' Victory.

The Hill tops and the East End base ball teams played an interesting game Saturday afternoon at Columbian park. The score: East End, 2; Hill Tops, 10. Hits—East End, 4; Hill Tops, 13. Errors—East End, 4; Hill Tops, 5. Batteries—Chambers and Lake; Chadwick and Robbins. The feature of the game was the pitching of Chadwick.

Leaned Back Too Far.

He was leaning back in a chair, and he leaned too far, causing him to fall backwards, and striking the ground on his face. The flesh was badly scratched and he was otherwise bruised.

SUSPICION OF POISON

CAUSES HUSBAND AND WIFE TO BE IN JAIL.

Alleged Tragedy in the South i. Which Former New Cumberland Figures.

Harry Jenkins, who was born and raised in New Cumberland, is in serious trouble at Chattanooga, Tenn. He was formerly a master mechanic at the Westinghouse works, Pittsburg, before going to Chattanooga.

While in the latter city he became acquainted with a wealthy married lady. Soon after the lady's husband died in a very mysterious manner from poisoning. The woman also became jealous of Jenkins' wife, and it is alleged succeeded in giving her poison, from the effects of which she also died.

Soon after the death of his wife Jenkins married the woman, and the authorities becoming suspicious after due investigation arrested Jenkins and his wife, and in a preliminary hearing were bound over to court and are both in jail awaiting trial.

Census statistics show that in the last decade the aggregate circulation of newspapers and periodicals increased 74.5 per cent, while the money paid by advertisers increased only 34.6 per cent. In the previous decade the two percentages of increase were, respectively, 126 and 82. In those twenty years the newspapers quadrupled their circulation, while the advertisers only doubled their payments, and that chiefly for enlarged space. The wider circulation is practically thrown into the bargain. Newspaper advertisements are more used than ever, the receipts from that source in 1900 being \$95,861,000. While their value is steadily gaining their cost, for the number of readers reached, is steadily declining.

Governor White has ordered criminal proceedings instituted against the lynchers at Elkins, W. Va. As there is no regular term of court in that county until October, the attorney general of the state has been ordered to proceed there, order a special term and special jury and take up the prosecution in person. Perhaps, before the proceedings have ended, the offenders will learn that an earnest and vigorous Republican administration and not a law-defying mob is really in power in that state.

Senator Platt, in a recent interview, revealed the secret of his political success. Speaking for the benefit of young politicians, he said: "Never give anyone the right to say that you have broken your word to him. Be careful in making a promise, but when you have once passed your word stick to it though it may be to your own detriment." Such rules as these, rightly followed, achieves success in other lines than politics. They will be found at the basis of every successful career.

Another rise in meat prices is reported. It begins to look as if the trouble would end only when the people ceased to eat meat. A two weeks' boycott of the meat dealers would bring the trust to terms quicker than any number of injunctions. And with vegetables and berries in abundance it would entail no great hardship.

Just as an example of the good feeling prevailing in the Ohio Democracy attention might be called to the Fremont primaries, where a knock-out fight took place and the police were called in to quell the disturbance. It is suggested that attendants to the state convention should wear armour plate for protection.

The people of Porto Rico are prospering; they are getting new schools and new industries and their government has money in its treasury. The ants who, a few months ago, were talking loudly of the wrongs this country was about to inflict upon the

island, will have to look elsewhere for campaign material.

Emperor William is sending more agents over here to learn Yankee ways. They can learn most by staying. Perhaps the kaiser didn't think of that. He might learn more by consulting some of his ex-subjects who have been here for years.

It is estimated that the corn crop, despite discouraging reports, will exceed that of last year by a billion or so of bushels. With prices now prevailing this will mean a large sum in western farmers' pockets.

Albert G. Vanderbilt's hunting camp in the Adirondacks will cost \$75,000 and have gas, bath rooms, hot and cold water and other modern conveniences. It is just as well that the Vanderbilt idea of roughing it is not everybody's.

Congressman Dick, after a scouting expedition through Ohio, is quoted as saying that the prospects for Republican success this fall are flattering. One does not need to travel far to learn that.

A million tons more of pig iron have been produced in the first six months of 1902 than were produced in the same period last year. And 1901 was a most prosperous year.

Maine will elect a governor and four congressmen in September. When it has been heard from Mr. Bryan will probably wish that he had kept away from there.

Manila is to have a normal college to teach Filipino teachers and help the natives to help themselves. It is an experiment that can scarcely fail to succeed.

Democratic denunciation of bosses comes with grim humor from the party in Ohio which Tom Johnson is running.

WELLS-WEST

Well Known Couple Quietly Married at the Bride's Home.

A wedding of two well known young people of this city was that of J. Homer West and Miss Jessie M. Wells, which occurred at 6 o'clock Saturday evening at the home of the bride's parents, Mr. and Mrs. W. H. Wells, of Washington street. The ceremony was performed by Rev. N. M. Crowe, of the East End, only the intimate friends of the young couple being present.

The bride was very becomingly gowned in tan silk mull, entrain and trimmed in lace applique and pale blue pan velvet. She was attended by Miss Ella West, a sister of the groom, as maid of honor. Miss West's gown was a pretty creation of white mull, while that of Miss Sara Wells, who acted as bride's maid, was of pale green and of the same material. Harry E. Huston was best man. The ceremony took place in the parlor of the Wells home which was prettily decorated in the season's choicest flowers.

The usual congratulations offered, a delightful wedding breakfast was served. Later in the evening Mr. and Mrs. West left for a trip to Cincinnati aboard the Virginia. Upon their return they will reside for a time at the home of the groom's parents on Robinson street.

Mr. West is a son of Mr. and Mrs. J. D. West, and both he and his wife are popular among a large circle of friends, who will wish them well as they embark on the matrimonial sea.

PLAINTIFFS WILL PAY

And Tax Case Suits Against Auditor Adams Will All Be Dropped.

Lisbon, July 28. — (Special.) — In the cases of the William Brunt Pottery company, the D. E. McNicol Pottery company and Koch Bros. vs. J. F. Adams, auditor, an agreement has been reached and the cases will be dismissed. The plaintiffs will pay the taxes which the auditor claims they should.

The other tax cases against the auditor were settled some time ago.

POTTERY NEWS

An eastern trades paper is responsible for the following: A pottery may be erected in Charleston, S. C., under the management of Colin McLain, of East Liverpool. Twenty thousand dollars has been offered as a bonus by the stockholders and a meeting was held last week. Sufficient stock has already been subscribed to assure the deal. The disadvantage of the lack of fuel will be made up by the cheapness of the freight rate to Cuba, where a market will be cultivated. A four-kiln plant producing white granite ware may be erected. Any member of the company subscribing \$500 will be presented with a certificate calling for \$15,000 of stock.

During the present week some of the locals affiliated with the N. B. O. P. are expected to pass resolutions of respect concerning the death of the late Isaac W. Knowles. This is one of the matters that will be presented at the next meeting of Kilnmen's local No. 9, which meets Friday evening. It was the intention of several members of this local to bring the matter up at the last session, but pressure of other business would not permit.

Ever piece of machinery, including presses, pans, boilers, engine and elevators have been replaced at the N. U. Walker Sewer Pipe plant of the American Sewer Pipe company. The clay mine is also being generally repaired. The work has been in charge of Will C. Hartford, who superintends repairs to the different plants of the combine.

The Royal Sewer Pipe works at Ulrichsville is the largest in the country. It is an independent factory. They are building six new 40-foot kilns, which will make a total of 42. This is almost double the number of kilns of any other sewer pipe works in the country.

Nathaniel McKinnon, who has been employed as a packer at Laughlin No. 2 for quite a long time, has resigned his position there and is now located at Taylor, Smith & Taylor's plant at Chester. It was said that McKinnon was slated for the position of boss packer at Laughlin No. 2.

The shipments from the seven sewer pipe plants in the Toronto district of the American Sewer Pipe company are now averaging from 45 to 50 cars per day. The Great Western plant of that section alone has shipped 100 cars per week for the past two weeks.

J. L. Springer, of New Philadelphia, representing the Bradford Manufacturing company, is spending several days in the city purchasing "seconds." He proposes to start a number of wagons through Tuscarawas county, selling this class of goods.

W. H. Deldrick, accompanied by Architect Fritz, were in Salineville Saturday looking over the pottery. Both are well pleased with the work so far and think that the contractor is making all possible speed with the force.

The Dresden starts in full today, the employees putting in their new moulds Saturday. The decorating department was partly working last week.

The general ware pressers will meet this week in the Ribsam building at Trenton to form a union.

STRUCK BY POLE WHILE ON A CAR

LAD OF 16 KNOCKED SENSELESS AND BADLY HURT.

Mishap to Harry Treese Who Was Standing on a Crowded Vehicle's Steps.

Harry Treese, a lad of 16 years, employed at the Chester tin mill, met with a most painful accident yesterday while en route to his home in Wellsville on a street car. The car was crowded and Treese was able to get only standing room on the first step at the front end. With his dinner bucket in his hand he was enjoying his ride the best possible under the circumstances and was not paying heed to the short distance between himself and the pole strung along the route. Near the foot of Lisbon road he was struck by a pole that was standing a little closer than the others, and knocked with terrific force to the ground. The car was going at a good rate of speed, and the motorman had some difficulty in stopping quickly.

A number of the passengers hurried to the assistance of the boy, and found him in a semi-comatose condition. By fanning some fresh air into his face he was brought to his full senses.

Although he complained of being hurt badly on the head and side he insisted upon going to his home on the car. Just how seriously he was injured is not known, but it is believed that he was hurt internally and that he will not recover for some time if at all.

CHARTERS GRANTED

TO COMPANIES TO OPERATE MINES AND RAILROAD.

West Point Coal And Coke Company And Railroad Company Organized.

The exhaustive account of the formation of the West Point Coal company and also of the West Point & Northern Railroad company, as given in this paper last week, was verified at Columbus Saturday, when Secretary of State Laylin granted charters to both concerns.

The West Point Coal company was incorporated with a capital stock of \$200,000, the incorporators being James L. Francis and S. J. Cripps, of this city; R. T. Ivory, M. A. Norris and J. W. Broughton. With the exception of the name of S. J. Cripps, the same names appear upon the application for the charter of the West Point & Northern Railroad company. The capital stock of the railroad company is given as \$100,000.

The headquarters of the railroad company will be at Lisbon, while the general offices of the coal company will be located in this city. Both companies propose to commence business just as soon as it is possible to do so.

MADE NO AFFIDAVIT

An East End Woman Tells Squire McLane of Alleged Abuse of Her Child.

A case which promised to be sensational in the extreme was sprung before Squire McLane this morning, but before swearing to an affidavit the plaintiff left, and the story only remains. The complainant was Mrs. Henry Jacobs, of the East End. "Justice is what I want," she said to the squire, "and if the law won't take the case in hand I will, I don't care if I have to pay a fine for it. O! it is just awful, squire. You know them two kids of Bill Blankenship's jumped on my ten-year-old daughter last Saturday and beat her unmercifully. My girl was taking care of our little baby while I was at the pottery. I work every day and I leave my daughter to take care of the younger children.

"When I got home Saturday night my girl was crying and looking terrible. Her face was all beat up, and one of her teeth had been knocked out. She told me that those Blankenship kids had come over to our house and jumped on her without any cause at all. Now, squire, I can't stand such goings on as that. I tell you I'll protect my children. I'll fight for them. Yes, squire, I'll die for them."

The squire was very willing to take the case, but she left his sanctum, and it is expected that she is going to do as she intimated—take the law in her hands.

When Quality Can be the Only Argument.

When different makes of the same article sell for the same price, then quality is the only argument that can usually influence your trade. The price of soda water, good, bad and indifferent is the same all over town, so that we can't talk about that, but we believe we have a most convincing argument when you consider quality. WELLSVILLE

DECEIVED THE SPORTS

A Boiler Maker Who Announced Himself as a Noted Pugilist.

Interest in the Fitzsimmons-Jeffries fight last Friday was more intense than is generally aroused, due to the presence in the city of a supposed noted pugilist.

A boiler maker struck the city last week and began to repair the upright boilers in the steel mill. Loafers around Frank Geisse's place were awed by his feats of strength. Finally he announced that he was none other than Jack McAuliffe, the "Nonpareil," erstwhile champion lightweight of the world. His statements were believed, and he soon commanded quite a following among the local sporting fraternity, receiving much attention. His opinions on the fight at San Francisco were freely given.

One of his friends made the discovery on Friday that McAuliffe had been dead for several years, and at once went to seek the boiler maker and demand explanation. But he had gone.

WATER UNFIT FOR USE

The Question of a Better Supply For Wellsville Still a Live One.

As if to silently rebuke the voters who decided the water works improvement question adversely in the special election last week, when the faucets were turned on the next morning, the water was a dark, rich brown, and has remained so ever since.

The condition of the river here is very filthy and the water is totally unfit for use. Typhoid fever is prevalent and physicians say may become epidemic. All who can afford to do so, use water filters.

A technical error in printing the ballots is claimed to be responsible for many negative votes last week. It is said that of the number signing the petition calling for an election, only a few voted as they had petitioned. The water works question is to be speedily revived, it is said.

No Boxes for Rent.

The clerks in the postoffice are constantly being approached by persons who wish to rent lock boxes. As are refused. All the boxes are rented. Consequently the general delivery business has assumed large proportions. The quarterly rent is now due and this fact is expected to relieve the situation somewhat. Over 50 applications for lock boxes are in, and these will be considered in the order received.

Veteran Newspaper Man Ill.

W. L. Clark, aged 84, one of the oldest newspaper men of this state, was stricken with paralysis Saturday night, at his home on Main street, near Seventh. He is now in a precarious condition with little hope of complete recovery. The stroke came while Mr. Clark was in bed. Mr. Clark recently fell from his chair and was badly hurt.

Disturbed Sunday Quiet.

John and William Miller, lovers of alcohol in all its various forms, were arrested Sunday morning by Officers Thorn and Davis and await a hearing. They disturbed numerous slumbers by their vocal efforts.

Richard Montgomery, John Thomas and a friend and a man named Robinson were also arrested for intoxication.

A Peculiar Disease.

Dr. J. M. Saint, of East Liverpool, was in consultation with Dr. A. L. Robinson Saturday over the condition of Mrs. Lawrence, a sufferer from glaucoma. The disease is a hardening of the eye ball, and is very painful. Very few cases are reported by the medical profession and Mrs. Law-

rence's case is attracting much attention.

Wharfboat Has Sunk.

The ferry boat Emily, over which so much litigation has been waged, and which Watson & Johnston, of Congo, across the river, have enjoined from using the wharf there, struck her barge float Saturday and it now lies at the bottom of the Ohio river. The barge was used as a wharf, and was in a very rickety condition.

Death at Salineville.

Mrs. Thomas M. Patterson was called to Salineville last week by the death of her sister, Mrs. Mary Hogue. Mrs. Hogue was an esteemed citizen of Salineville, and had many friends in this city.

On the Road to Recovery.

W. G. Stewart, the well known cigar maker and tobaccoist, underwent an operation for appendicitis at the Mercy hospital, Pittsburg, and is now on the road to recovery.

Police Photographed.

The police force of the city of Wellsville were photographed in their new uniforms Saturday afternoon, by a local photographer. The mayor was in the group.

MINOR NEWS OF WELLSVILLE.

C. Waggle, of Commerce street, is away on a West Virginia trip for a few days.

Oscar Chenny has returned to the city from Wellsburg, W. Va., and will locate a business here.

Albert Lichtenberg has nearly completed the erection of new business block on Main street, near Sixth.

T. Jefferson Forner was here Saturday. He is with the Pittsburg Times, and is taking a brief vacation.

Mrs. C. E. Moorehouse, of Massillon, joined her husband here Saturday evening. He has accepted an editorial position in this city.

The Ladies' Aid society of the M. E. church held a sale Saturday in the Sunday school room of the church. A neat sum was realized for the church fund.

Mrs. Horace Langworthy, of Main street, expects to leave this week for Avalon, Pa., where she will make her home. Her son, Horace, is telegrapher at Sheraden, Pa.

Charles Stevenson, Mike Shingler and A. B. Dennis went to Toronto Saturday to inspect the new automobile recently purchased by Col. Franey. All the gentlemen will buy autos this season.

J. C. Morrison, of Colorado Springs, was a visitor in the city last week, leaving for Pittsburg Saturday. Mr. Morrison was formerly extensively engaged in government irrigation work in New Mexico.

GOODS AND HORSE WERE RECOVERED

MAN WHO TOOK THEM AWAY STILL MISSING.

The Outfit Found Safe In a Farmer's Care Near Glasgow.

The \$172 worth of merchandise and the horse and wagon obtained from H. D. Hippel, a clerk in the employ of C. L. Curran, the proprietor of a general store on Fourth street, two weeks ago, by a man giving James Goodman as his name, under false pretenses, have been recovered through the ferreting ability of Constable Powell.

Immediately after the warrant was sworn out for the arrest of Goodman, the constable telephoned to all points in the county, warning the officials to be on the lookout. Until last Saturday nothing was heard from the man or the paraphernalia. John Holliday, of Glasgow, was in the city, and the constable, in a conversation with him, learned that the horse, wagon and all of the goods were under shelter at a man's farm near Glasgow.

Powell notified Hippel of the find, and the latter went after them yesterday. He found that Goodman was seen driving along the country road, and that a wheel of the wagon broke near Glasgow. He turned the horse loose and told a farmer that he was coming back to the city to get the tools necessary to repair the wagon. He left, and has not returned or been heard from.

Bond is Fixed at \$1,100 in All—Testimony at Hearing.

E. S. Good had his preliminary hearing before Squire Johnston Saturday afternoon at 4 o'clock. The state was represented by Attorney Ingram and the defense by Attorney O. S. Marshall, of New Cumberland.

Officer John Elliott stated that two days after Good's former trial at New Cumberland, in the early part of July, he purchased a drink of liquor in Good's first street place; afterwards a half pint of liquor, and that Good made him a present of a half pint. All through the months of May and June he had purchased liquor at this place.

E. S. Good swore that he never sold liquor to any one; that the place did not belong to him when Elliott purchased the liquor, and he assumed charge only on July 1.

Oscar Allison, constable, swore that when he arrested Good the first time, for which offense he is now under bond, Good stated to him that he was the owner of the place kept by Spurlock on First street.

Good in rebuttal denied having said so.

James Courtwright testified that he had drank liquor with Spurlock, but had never paid for it over the bar.

James Gibson, Harry Chapman, Carl Deener and J. W. Clendenning testified that Elliott had stated to them that the parties prosecuting Good were doing dirt against him and alleged that Elliott had said that he had never obtained any liquor from either Spurlock or Good.

John Shrader testified that Spurlock had always paid the rental on the First street establishment.

The squire reserved his decision until today, when Good was held for the grand jury, bond being fixed at \$100. In the orchestra case he is held as a witness under \$200 bond in each of five cases, making his bond \$1,100, which he has until tomorrow to raise.

LAWSUITS EXPECTED

As a Result of Quarantine By the Boards of Health.

Mrs. Bressels, who was quarantined on Middle run, claims that a portion of her husband's wages, which were attached at the Chester mill, was due before the smallpox matter developed. The board of health claims \$200 from the Bressels family. The board succeeded in attaching \$11 of the amount.

Mrs. Bressels says she will demand justice through the courts. Health Officer Allison in issuing the attachments against Bressels and others was acting under the advice of Prosecuting Attorney McKenzie, of New

Cumberland. Attorney George C. Davidson, of East Liverpool, has been retained by the quarantined patients, and if the attachments are unjust, it is likely suits for damages will follow against the township and county health boards. The suits will be heard some time during the week.

All quarantine has been raised except in the case of Fitzpatrick.

BOND ELECTION ON

It Is Expected the Proposition Will Carry By Small Majority.

The bond election is on at the city building today. William Gardner is acting as judge and J. E. Webster and Irwin Magee as clerks.

It looks favorable for paving and the election will probably result in a small majority for it.

Embalmed By New Process.

The body of David McGaffick, which was found in a medical college at Pittsburg, had been embalmed with a new process, said to resemble that of the ancient Egyptians, and when it was exposed the features were almost perfect and the body in a good state of preservation. Mr. McGaffick is related to many residents of New Cumberland, Empire and Toronto, who are much interested in the disposal of the remains.

Two Good Oil Wells.

Murray & Miller's No. 4, Joseph Ramsey farm, came in Saturday, and is good for 30 barrels; Lacomte, Garrett & Co.'s No. 14, S. Carson farm, is also in and doing 35 barrels; C. H. Hudson & Co.'s No. 1, W. W. Herron farm, is in and good for 5 barrels. Lacomte, Garrett & Co. are drilling their No. 14 on the S. Carson farm. H. B. Lantz & Co.'s No. 2, on the John Whitehill farm, is drilling.

Sunday at the Park.

There was not as large a crowd at the Rock Springs park yesterday afternoon as on the Sunday previous, but

In the evening large numbers were present. Nowling's orchestra rendered a most excellent program both afternoon and evening. It is said the park officials are considering the question of inviting prominent ministers to speak at the park on Sunday afternoons.

Hands Badly Hurt.

John Miller, of Conductor Myers branch crew, had his hands badly crushed while standing on the rear of the caboose at Congo Saturday. A tie swung off from a car standing on the siding and caught the rear end of the caboose, also catching both hands of Mr. Miller, who had hold of both hand holds on the caboose. He will be off duty for a month.

Base Ball Player Hurt.

William Byland, catcher for the Chester base ball team, while catching in the game between Chester and the West End Rovers at Rock Springs park, was struck on the mask by a foul tip, the blow completely mashing the mask, and badly injuring one of his eyes. The game was then called off, the score standing 3 to 3.

Little Girl's Leg Broken.

A little girl, whose parents refused to give her name, while playing with companions at Rock Springs park Saturday afternoon, fell and fractured one of the bones of her left leg. Dr. Lewis, of Chester, reduced the fracture and the little sufferer was taken home to Pittsburg on an early train Saturday evening.

Will Locate in Kansas.

Harry Holland, an old New Cumberland boy, and who served in the Philippines and was engaged in some of the hottest fights of the campaign, is home from Chicago Junction. Mr. Holland, after a brief visit, left today for Atchison, Kan., where he will engage in railway work.

A Yachting Excursion.

Captain George Conn, foreman in the Chester mill, took an excursion party of helpers, mill workers and heaters to Steubenville yesterday on the trim little yacht, Lone Star. They returned late in the evening and enjoyed the trip immensely.

Larger Force at Work.

The double track was connected up at the east end of the bridge this morning on the Rock Springs street railway and passengers were transferred during the day. A large force was put on the work.

Fined \$3.90 Each.

An East Liverpool man who became disorderly at the park Saturday evening, and Edward Tangus, who interfered with the arresting officer, were each fined \$3.90 by Recorder Mercer Sunday.

CHESTER NOTES.

A roll was broken in one of the hot mills of the Chester mill Saturday, but was replaced in time to resume today.

Drilling for gas is projected in the Turkeyfoot extension by Pittsburg op-

erators. Operations will commence shortly.

Charles Ferguson, of the Chester mill, visited his home in Irondale over Sunday.

Master Harvey Hood is spending several days with relatives at Martin's Ferry.

Samuel Jackson and family, of Lawrenceville, is visiting relatives for a week at Irondale.

Mr. Kirk is drilling a well at Georgetown and the rig from Brunton farm was moved for the well.

Stewart and Will Poulton, of Monroe county, will locate in Chester, provided they secure employment.

Mrs. S. Bloom has purchased a lot on Virginia avenue from E. C. Baxter for \$600 and will erect a new residence thereon right away.

UNDER QUARANTINE

Five Cases of Smallpox Have Developed in the Town of Malvern.

Rev. John W. Gorrell, pastor of the Christian church, had made arrangements to spend a few weeks' vacation on his farm near Malvern, but this morning he changed his plans. He received a telephone message from Dr. Ross, of Malvern, announcing that this morning the board of health quarantined the town of Malvern, and there were five cases of smallpox confined within its limits. The disease was brought to that town by a discharged employe of the Ringling circus, which was exhibiting at Canton a few weeks ago.

ARMY IS ATTACKED.

Anti-Imperialists Send a Letter to the President.

REVOLTING OUTRAGES CHARGED.

In Philippines—100,000 Population From One District Perished, According to Official Report, Says Letter. Killing Wounded General Practiced.

Lake George, N. Y., July 28.—At a meeting of representative anti-imperialists held in New York city last evening a committee was appointed to investigate army conditions in the Philippines. That committee has since then been prosecuting its inquiries. President Roosevelt's recent review of the court martial of General Jacob H. Smith seemed to the committee to demand some reply, and at a meeting just held at Lake George an open letter to the president was adopted. The letter was signed by Charles Francis Adams, chairman; Carl Schurz, Edwin Burritt Smith, Moorfield Storey and Herbert Welsh. It praises his action in the Smith case and says in part:

"The inquiries we, as a committee, have made, necessarily imperfect, have yet been sufficient to satisfy us that General Smith and Major Walter were not the sole culprits. Nor should they suffer in the character of scapegoats.

Claim Outrages Not Exceptional.

"In your review of July 14 you say that these cases were exceptional. Four means of information on this point should unquestionably be infinitely better than ours. Meanwhile it is always to be borne in mind that the side only of this painful story has been heard, and that side only in part. The testimony of representative Filipinos has been jealously and systematically suppressed. Judicial and impartial examination on the spot has been denied, or pronounced impracticable. In the present case, occasionally and by accident merely, have fragments of information come to general knowledge—broken glimpses only have been permitted to reach the public eye. To our minds, they indicate unmistakably a condition of great and general demoralization. Of this the findings of the court martial referred to afford conclusive evidence. We also do the published orders of commanding officers, and the representatives of provincial governors."

The letter then discusses the "kill and burn" order and says:

"As the not unnatural result of military operations so inspired, an official report indicates that out of a total population in a single district of 200,000 not less than 100,000 perished."

Clearing of Higher Officers Significant.

The letter then alludes to the water cure, saying that the first reports of its practice met with denials, while evidences before the senate Philippine committee proved conclusively that this and other forms of torture had been used, and adds:

"Where inquiry revealed the systematic use of torture by subordinates, the officer in responsible command is pronounced free from blame on the ground that his praiseworthy absorption in other duties of his position was so complete that such trivial incidents failed to attract his notice. Such a finding is certainly suggestive. Finally, every severity known to the state of war—practices which have excited the special reprobation of the American people when reported as features of the hostilities in Cuba, under the Spanish regime, or in South Africa, during the Boer war—have been of undisputed and frequent occurrence in the Philippines. From the early beginning of operations there, it has been the general practice, if not actually the order, to kill those wounded in conflict.

Ready to Prove Charges.

"In like manner as respects concentration camps. These, as a feature in recent Spanish and South African operations, excited in us as a people the deepest indignation, combined with the most profound sympathy for those thus unmercifully dealt with. When resorted to by our officials in the Philippines these camps are represented as a species of recreation grounds, into which the inhabitants of large districts rejoiced to be drawn, and from which they departed with sorrow. Reports to which we can, on the other hand, refer give of them accounts not essentially different from the accounts received of similar camps established elsewhere."

Further along the letter says the committee stands ready to prove the following charges:

- "First—Kidnaping and murder, under circumstances of aggravated brutality.
- "Second—Robbery.
- "Third—Torture both of men and women and rape of the latter.
- "Fourth—The infliction of death on other parties, on the strength of evidence elicited through torture."

Killed Girl and Suicided. Springfield, Mo., July 28.—Charles Weyley, aged 25, of Norwood, Mo., late Saturday night shot and killed Miss Josephine Sheridan, his former sweetheart, at her home here, and then shot and killed himself. Jealousy probably prompted the act. The two had known each other for four years and, up to a month ago, had been engaged to be married.

KING'S WOUND NOT HEALED.

If He Goes Through Coronation It May Be In a Bath Chair.

London, July 28.—The Standard yesterday morning, referring to the health of King Edward, expressed the opinion that his majesty will only be able to attend the coronation in a bath chair.

He has been about five weeks in a recumbent position, and The Standard is informed that he has not got on his feet yet, but is confined to his couch, though he is able to move himself upon it.

His wound 's not healed yet.

SCHWAB WAS ANNOYED.

His Illness at Atlantic City Only Slight.

Atlantic City, N. J., July 28.—Charles M. Schwab, president of the United States Steel corporation, who is spending a few days with his family at his cottage here, was somewhat annoyed by the stories printed yesterday to the effect that he was seized with a serious illness Saturday afternoon from New York. During the evening he became slightly ill and the physician who had been attending his family was called.

The patient remained in bed until about noon yesterday, when he arose and after dressing himself sat for a while on the porch of his cottage.

Anti-Friar Procession Forbidden.

Manila, July 28.—The anti-friar demonstration which the municipal government had been informed was to be held here yesterday proved to be unimportant. The police forbade the holding of a procession and the reserves were assembled for the purpose of maintaining order. The leaders of the movement conducted a meeting in the Zorilla theater but no disorder occurred. At the conclusion of the meeting, which was not largely attended, owing to the storm which prevailed, the crowd dispersed quietly.

As Protection to the Kaiser.

Berlin, July 28.—Various Berlin newspapers assert that the warnings to Emperor William against going to Posen, Prussian Poland, for the army manoeuvres, to be held in September have had the effect of causing an order to be issued that the festivities be confined to a strictly military character and that all windows be closed along the line of march of the procession at Posen.

Old Sunday Paper Suspended.

Seranton, Pa., July 28.—The oldest Sunday newspaper in Pennsylvania, The Free Press, established in 1872, has suspended publication and failed to come out yesterday for the first time in its 30 years' existence. It was at one time owned by Hon. F. A. Beamish, the Democratic leader of Northwestern Pennsylvania. Its latest owner was James J. Mahon.

Philip H. Kumler Dead.

Cincinnati, July 28.—Philip H. Kumler, aged 65, a prominent attorney, died suddenly at his home here yesterday from cholera morbus. He had been city solicitor, United States district attorney and common pleas judge for many years and held other public positions.

NEW METHODS IN DIXIE

[Special Correspondence.]

Memphis, Tenn., July 28.—Dixie is rapidly outgrowing many of the ante-bellum industrial methods which have previously kept it behind the times. The manner in which the cotton crop, the south's great staple, is handled and utilized is an example of this spirit of progression.

Up to within a comparatively few years ago Dixie's cotton was shipped in slovenly, ragged, ill bound bales, and the cottonseed after it had come from the gin was thrown away or burned to get rid of it. Today the south is sending its cotton to the four corners of the earth in neat, economic

SEWING UP ROUND COTTON BALES.

all round bales, which are easily handled and far more acceptable to export buyers. The cottonseed, which was once thrown away, is carefully pressed for the valuable oil it contains, and even the refuse is utilized as stock food.

Perhaps the introduction of the round bale is the most important feature of the south's progression. Over 600,000 packages of cotton yearly are now placed in railroad cars, in steamships' holds and sent to foreign and domestic mills, baled by this process. In 1896 but 4,000 bales were prepared, which will give an idea of the favor which the invention has met with in Dixie.

At first the growers viewed the "new-fangled" apparatus with the distrust that is common among the people to ward systems which differ from the good old fashioned ways they and their fathers had pursued. But by degrees they have been examining the new process and one by one are taking their cotton to the round bale instead of the old process.

If a man can save even an eighth of a cent a pound on his crop, this means much to him when the yield is so large that he thinks 5 cents a pound is a good price for it. With 9 cent cotton it does not make so much difference, but when the crop runs into 10,000,000 bales then the arguments in favor of the round bale are very strong, for it costs the planter nothing to gin his cotton or to wrap it, while he can sell it directly at the press if he wishes and put the proceeds in his pocket.

It is calculated that he can save all the way from an eighth to a half cent per pound by having the staple baled by the new process. If he has raised 100,000 pounds, this means \$500 to his credit. It goes a long way toward paying the next year's fertilizer bill or toward settling his account with the grocery man or clothing dealer.

The round baling of cotton is one of several industrial revolutions by which the south is freeing itself from debt incurred by the expensive methods of the days before the war. It is an interesting sight to visit one of these presses on a day in the middle of the cotton season.

Around it are perhaps a hundred wagons loaded with fleece just as it is dumped from the baskets of the field hands.

Sprawled on the top of the mass may be one or more negroes fast asleep in the sun until their turn comes to unload. Then they start up the mule and drive under a shed from which one or two pipes hang. These pipes may be of tin or of iron and are high enough so that their ends are about a foot above the top of the cotton.

When the wagon is in the right position, a whirling sound is heard as the exhaust fan inside the building begins to operate. The air rushes up through the pipe and sucks the cotton with it in a continued stream. All the dorky has to do is to keep pushing the mass under the pipes until all has been taken up, the work of a few minutes. Then he drives away, and another wagon takes his place, and so it goes all day and sometimes all night.

On goes the cotton just as picked from the fields until it reaches the series of four or five gins. Through these it is gradually worked, being

separated from the seeds, dirt and any other foreign matter until it goes into the receiver of the press thoroughly cleaned. The seeds drop down into tin pans and are carried to the oil mill near by, if one is operated in connection with the press.

The suction fans also draw the cotton from the gin and into the condenser, which is the first section of the press. Steadily it is crowded down ward by the revolving metal rolls which begin to give it form. Stronger and stronger becomes the pressure until it assumes the shape of what dry goods clerks call "cotton batting." Then it begins to revolve around a steel core, gradually enlarging, like the boy's snowball, until it is of the proper size.

From the time the dorky's hands shoved it toward the pipes until now no one has handled it. The press operator pushes the lever, stops the machinery and with an assistant lifts the core and rolled cotton out of the bale former, as it is termed. It is weighed, wrapped as one would a bale of cloth, its destination, weight and the name of the press stenciled upon it in big black letters, and then perhaps it is rolled from the door of the pressroom into the freight car which is standing alongside.

Another up to date discovery in connection with the cotton crop is the method of ridding plantations of that dreaded pest, the bollworm. It has been left for a plain, uneducated Texas rancher, assisted by his wife, to make a discovery worth millions to the people of the southern states, where scientists and entomologists have failed after years of study and many costly experiments.

G. B. Boswell has just demonstrated to the distressed ranchers in the vicinity of Fairland, Tex., that he has found a way to protect their cotton from the pests that have been destroying the crops for several years. He does not call his method a discovery, since, he says, he has only used and trained and directed nature's own forces against one of the most insatiable and destructive enemies that the southern farmer has ever encountered.

Boswell and his young wife own a small ranch near Presidio, on the Rio Grande, but are now hunting bollworms in the Brazos river country. Mr. Boswell and his wife are accompanied by nearly 2,000 small birds of two varieties. About 1,500 are white winged sparrows, natives of western Texas and New Mexico. The remainder of the flock is composed of Mexican canaries.

Mr. Boswell is a printer by trade. He was raised on a farm, and from his boyhood has been a passionate lover of birds. During his newspaper career he made what he calls a scrapbook of ornithological information. Three or four years ago while prowling through old Mexico in search of rare specimens he met Senorita Flores Serano, who was also a lover of birds. This mutual sentiment led to a friendship which resulted in matrimony.

The young couple selected a favorable location in a sparsely settled region far out on the Rio Grande, where they built a cabin and set to work to collect and domesticate various species of wild birds. In the course of a short time they had four or five hundred Mexican canaries and white winged sparrows living contentedly in cages, and many of these were so gentle that they could be trusted to take little trips in the open air.

Just at daylight the other morning about 800 or 1,000 of the birds were turned loose upon a field of cotton of twenty acres. Swarms of the little winged pests that are supposed to mother the bollworm could be seen hovering over the field, while hideous looking bugs with snouts ending in a miniature lance literally covered the leaves and stems of the plants.

A flood of white wings descended among the dying cotton, the birds fill-

BIRDS RIDDING A PLANTATION OF BOLL-WORMS.

ing the air with chirps of battle. When a fly arose, there was a glitter of white feathers, followed by a chirp of triumph as the bird seized and ground the mother of a billion bollworms between its sharp mandibles.

In three hours the birds had cleared a large plantation of almost every trace of the pest and had flown back to their cage. Mr. and Mrs. Boswell have trained their great flock so that the birds are as tame as pet canaries, and they are hailed as welcome protectors by the cotton planters of the southwest. LEONARD BALDWIN.

VOLCANIC REGIONS.

The Five Active Groups of the Western Hemisphere.

The active volcanic groups of the western hemisphere occur in five widely separated regions:

First.—The Andean group of volcanoes of the equatorial region of western South America.

Second.—The chain of some twenty-five great cinder cones which stretch east and west across the south end of the Mexican plateau.

Third.—The Central American group, with its thirty-one active craters, extending diagonally across the western ends of the east and west folds of the Caribbean corrugations, fringing the Pacific side of Guatemala, San Salvador and Costa Rica. This is separated from the Mexican group on the north by a large nonvolcanic area, the isthmus of Tehuantepec, and on the south from the Andean volcanoes by the isthmus of Panama, where no active volcanoes are found.

Fourth.—The chain of volcanoes of the Windward islands, marking the eastern gate of the Caribbean sea, standing in a line directly across the eastern termini of the Caribbean mountains, trending east and west and parallel to the Central American group similarly situated at the western termini.

Fifth.—The volcanoes of Alaska and the Aleutian islands.—Professor Robert T. Hill in Century.

Circumlocution.

A young Yorkshire collier, anxious to pop the question to a girl whom he honestly admired, but not having the courage to ask her straight out, adopted a method of sounding her which romantic people will be inclined to think rather too practical.

"Jessie, my lass," he said nervously. "Ah've insured my life."

"Has ta, lad?" said the damsel indifferently.

"Aye, an' Ah'm thinkin' Ah'm a fool for doin' it."

"How's ta mak that art?"

"Why, supposin' Ah get killed in t' pit, where does ta think t' money'll go?"

"Why, to thy feyther, for sure."

"True enough, an' it ain't fair. It ought to be paid to my wife."

"To thy wife! Why, ta hasn't got one, Bill."

"That's just it," cried Bill in a burst of confidence. "That's a nice lass, Jessie, an' Ah want thee to have that money."

"Why couldn't ta say so at fust?" cried Jessie joyfully.

Then the happy couple embraced and trotted off to break the news to Jessie's mother.—Pearson's.

Down in Health and Strength—Nervous, Irritable, Ache All Over, a Depressed Condition Rapidly Changed.

Mr. B. L. Updegraff, of No. 169 Fifth street, East Liverpool, O., says: "As a general and nerve tonic I can recommend Dr. A. W. Chase's Nerve Pills I got at Larkins' drug store. I was at the time feeling run down and nervous, not up to the mark in health, and needed a tonic. The medicine did its work nicely and I regained tone, strength and energy again."

Dr. A. W. Chase's Nerve Pills are sold at 50 cents a box at dealers or Dr. A. W. Chase Medicine Company, Buffalo, N. Y. See that portrait and signature of A. W. Chase, M. D., are on every package.

EXCITEMENT IN PARIS.

CLERICALS AND ANTI-CLERICALS IN DEMONSTRATION.

On Whole Crowds Were Good Natured. Fighting, but Not General. Police Vigilant.

Paris, July 28.—The demonstration made yesterday, in connection with the degree of Premier Combes, ordering the closing of the Catholic congregational schools, proved to be quite as much of a manifestation in support of the government, as of opposition to its anti-clerical measures. The crowd, which gathered in the Place de la Concorde numbered 15,000 persons, while as many more thronged the Champs-Élysées. The clerical and anti-clerical forces about equally divided the gatherings.

Though many fights occurred, they never became general, nor was any person seriously injured. An imposing force of police and municipal guards had much trouble in keeping the manifestations constantly moving, and at times they were forced to charge to prevent the crowd from becoming too dense. On the whole, the crowds were good natured and mainly confined themselves to shouting "Liberty! Liberty!" "Long Live the Sisters," and "We Want the Sisters," to which the anti-clericals replied "Vive République!" and "Down With the Priests!" The occasional appearance of a priest was the signal for much hooting and several fights were due to their presence.

Cholera Infantum.

This has long been regarded as one of the most dangerous and fatal diseases to which infants are subject. It can be cured, however, when properly treated. All that is necessary is to give Chamberlain's Colic, Cholera and Diarrhoea Remedy and castor oil, as directed with each bottle, and a cure is certain. For sale by Alvin H. Bulger.

ANOTHER NEGRO WAS KILLED.

Said to Have Been Actual Murderer of Wilmoth—Race War Feared.

Elkins, W. Va., July 28.—With the killing of another negro, said to be the actual slayer of Chief of Police Rud Wilmoth, of Wheeling, at a late hour Saturday night, the murder has now been fully avenged. The negro was riddled with bullets in a desperate battle, and his body was strung up. Three dead negroes and another seriously wounded tell the story of the anger of whites over the cold-blooded crime, but another danger now menaces. The blacks are said to be quietly arming and holding meetings for the purpose of planning revenge upon the citizens who killed three of their race. They claim to know exactly everybody who participated in the lynchings.

A serious condition of affairs is threatened and the state authorities at Charleston have taken cognizance of the situation and are preparing for such an emergency as may arise through a concerted move by the blacks.

Bled of Neglect.

Louis XVII., titular king of France, the unfortunate dauphin, died in the Temple of Paris of abuse and neglect. His body was identified and certified to by four members of the committee of public safety and by more than twenty officials of the temple. The remains were privately buried in the cemetery of St. Marguerite, and every trace of the grave was carefully obliterated.

CATHOLIC SOCIETIES.

The Federation Convention Meets in Chicago, Aug 5, 6 and 7.

MASS TO OPEN PROCEEDINGS.

Right Rev. Muldoon to Be Celebrant With Other Prominent Church Dignitaries in the Sanctuary—Organization Not Political.

Cincinnati, July 28.—National Secretary Anthony M. M. of the American Federation of Catholic Societies, reports the program complete for the second national convention at Chicago, Aug. 5, 6 and 7, and the indications are that the convention will be the most representative gathering of Catholics ever held in this country. The convention will be opened with pontifical high mass at Holy Name cathedral, with Right Rev. P. J. Muldoon as celebrant and Bishops Messmer and McFaul and other prominent church dignitaries in the sanctuary.

The national executive board will meet in executive session with the supreme officers of the various national organizations, Monday evening, Aug. 4. At this meeting the heads of the German, French, Polish and Bohemian federations will also be in attendance, and a plan adopted which will unite the federation has received letters of approbation from several archbishops and 20 bishops and the blessing of Pope Leo XIII. These letters will be read at the convention.

Secretary M. M. concludes: "In many sections it is believed the federation is a political party. This is a serious mistake. The objects of the federation, as outlined by the constitution adopted at the Cincinnati convention, are the cementing of the bonds of fraternal union among the Catholic societies of the United States; the fostering and protecting of Catholic interests and works of religion, piety, education and charity; the study of conditions in our social life, and the dissemination of the truth. In furthering these objects the federation does not interfere in the least with the government of any society."

HEALED BY THE LORD.

A Catholic Sister's Hearing Restored In Answer to Prayer, at West Covington, Ky.

Cincinnati, July 28.—Residents of West Covington are greatly wrought up over a miracle that was performed in their midst Saturday.

St. Ann's church, West Covington, celebrated its patron's feast day Saturday. Rev. Clermont, pastor of the congregation, officiating. Prayers were offered up for the afflicted, among them Sister Cornelia, who has been almost totally deaf for some years, and who has been forced to use an ear trumpet. She entered the church Saturday morning as the choir was rendering a hymn. The good sister was noticed wiping tears from her eyes, and other sisters went to her side and asked her what had happened. They were surprised when she answered that her hearing had been restored. She said she had heard the key in the tabernacle, which contains a relic of St. Ann's, click as the priest turned it, and also heard the choir singing.

A reporter visited the sister last evening and conversed with her and she answered instantly. The best physicians of Cincinnati had had her under treatment to no purpose.

This was the second miracle that had been performed in the church. Some years ago a young lad, who walked on crutches, was suddenly healed, and the crutches were left behind in the church, where they can be seen today.

FROM POPE TO PRESIDENT.

Bishop O'Gorman Bears Letter—Pontiff's Love For America Augmented.

Rome, July 28.—The letter which Bishop Thomas O'Gorman, of Sioux Falls, S. D., who left Rome Saturday, bears from the pope to President Roosevelt, thanks the latter for the congratulations and gifts presented by him to his holiness and begs him to accept in return a souvenir of the pontiff's good will. The letter also expressed satisfaction with the result of the negotiations carried on by Judge William H. Taft, governor of the Philippines, in which his holiness says he has augmented his affection for the United States. The entire letter is couched in the most cordial terms.

KILLED WRONG WOMAN.

Shot at Mrs. Fleck, Hitting Mrs. Gebauer, at Springfield, O.

Springfield, O., July 28.—Mrs. William Gebauer, wife of a well-known vice merchant, was shot yesterday and died within an hour, the result of a stray bullet fired by Homer Seeford, who was intent on shooting a Mrs. Fleck, whom he was following home from church. He fired twice, missing, one bullet striking Mrs. Gebauer. A crowd of men chased Seeford into a barn, where he was rescued by the police, there having been threatening language used.

Reinforcements of Castro Beaten.

Port of Spain, Island of Trinidad, B. W. I., July 28.—The Venezuelan revolutionary general, Lucian Moxjosa, learning that President Castro was receiving reinforcements from Trujillo, state of Los Arden, awaited near Alto de La Palma a body of these reinforcements. 1,900 strong under command of Leopoldo Baptista an engagement ensued, resulting in the defeat of the reinforcements by Moxjosa's troops and the capture of their ammunition. The forces of Baptista were driven back to Caracas.

President Roosevelt Did Not Take Advantage of Post-office Being Open.

FIRST TIME IN TOWN'S HISTORY.

Those Who Inaugurated Movement

Denounced by a Minister—President

Went to Church—Passed Afternoon

With Secretary Moody.

Oyster Bay, N. Y., July 28.—President Roosevelt passed a quiet Sunday at Sagamore Hill. In the morning, accompanied by Mrs. Roosevelt, Mrs. Emily Roosevelt, Lieutenant Ferguson, formerly a member of the Rough Riders, and four of the younger children, he attended services at Christ Episcopal church. He passed the afternoon with Secretary Moody, who will be his guest until today. No visitors of an official character were received. The postoffice at Oyster Bay was opened for an hour yesterday, for the first time on Sunday in the history of the village. The president did not avail himself of the opportunity of having his mail taken to him.

The opening of the office created a commotion among some of the people of the village, and the Rev. Alex G. Russell, pastor of the First Presbyterian church, sharply criticised those who inaugurated the movement which resulted in the Sunday opening. Senator Thomas C. Platt will arrive at Oyster Bay next Wednesday evening, on board the yacht Mayflower, which will be sent to New York for him. The senator will be accompanied by Colonel George W. Dunn, chairman of the Republican state committee of New York.

RESPECTS SUNDAY.

WILSON WON'T OPEN MAIL ON LORD'S DAY.

Miners' Secretary Says Habeas Corpus to Release Miners Will Be Instituted at Once.

Indianapolis, July 28.—At the mine workers' national headquarters it was announced yesterday that no time would be lost in pushing the habeas corpus proceedings for the release of members of the organization arrested under the edict of Judge Jackson, of the district court, at Parkersburg. Secretary Wilson yesterday explained another principle in the miners' case, on which they will base their claim to be set free. According to Mr. Wilson, not one of the men arrested was proved to have made any speeches, inflammatory or otherwise, after Judge Jackson's restraining order was issued.

"The injunction was issued on June 19," said Mr. Wilson, "and the meeting complained of was held the next night. 'Mother' Jones was the only speaker, and none of the men arrested, said a word publicly to the miners. The only thing proved against them was that they applauded the remarks of 'Mother' Jones. They were arrested at the moment the meeting was over, so that they had no chance to speak if they had wanted to do so. I do not see how men can be committed to jail for such a trivial offense as this, and I believe the habeas corpus proceedings will set them free."

No charges will be filed against Judge Jackson, Mr. Wilson said, until the habeas corpus suits shall have been decided.

Secretary Wilson was at national headquarters for a short time yesterday. He made no effort to attend to his mail, however, although many letters, which were known to contain money, had arrived.

"We have always made it a rule not to transact any financial business on Sunday," Secretary Wilson said, "and we will not begin to do so now, even though it does give us much additional work on Monday to make up the accounts."

Very Useful in Hot Weather--Life Plant

Gives You Strength, Drives Away That Tired Feeling and Makes Your Mental Qualities Active.

Many people become tired and get played out so easily in hot weather, that they give up and blame it all on the weather, where, in fact, it is nothing more than your blood being out of order. Under such circumstances you should take a good tonic for your blood. LIFE PLANT is the best medicine on the market. Thousands are taking it and just as many are getting well. You don't have to go miles and miles away to find some one who has been cured by LIFE PLANT, they are all near here, in fact, some are your neighbors. If you cannot sleep well, if you are losing flesh, if your stomach is out of order, if you are constipated, if you are headache, if your health is not satisfactory you should get a bottle of LIFE PLANT and you will be very thankful that such a good medicine is where you can get it.

The following letter from Geo. Burnworth, of Cambridge, Ohio, is an assurance as to the merits of LIFE PLANT:

"I have tried all kinds of Headache medicine but could get no relief. I also had Stomach trouble and could not sleep well. LIFE PLANT did more good than all the rest. LIFE PLANT is truly a medicine of merit."

Also a letter from C. T. Burnworth, of Cambridge, Ohio, proves for LIFE PLANT what no other medicine will do:

"I was suffering from extreme prostration; was tired and run down, was nothing but skin and bone, and my trouble was thought to be Consumption. I took two bottles of LIFE PLANT and it cured me sound and well."

Ask for and get LIFE PLANT and you will make no mistake. For sale by all druggists or LIFE PLANT CO., Canton, Ohio.

Canastota, N. Y., March 20, 1902.

"FORCE" FOOD CO.,
Buffalo, N. Y.

Dear Sirs,—I have used a number of packages of "FORCE" since it was first introduced here. My husband and I use a package every two days. Every spoonful is an aggravation for more.

My husband is an engineer, and he takes a whole bowlful to his engine and eats it with one quart of milk. He says it makes him feel like a "young colt." I have a nursing baby—my first child—and I find it gives nourishment in abundance for both myself and baby.

We eat it by the wholesale, and I would like to buy it by the wholesale.

Lot 33 x 100—Erie street, opposite Columbian Park. Lies level and is built up on either side. Price \$400.

The way to judge the prices is to see the lots. Call on us at any time. We are at your service. It is our business to interest you in real estate and well we know that if our prices are not right we can't sell to you.

Knowing this we keep our prices low. Then again, we must have a large collection of properties, else we can't suit you and to this end we have a list of vacant lots alone that numbers over 1000. Don't think you can do better elsewhere until you see what we have. We hear of cases every day where purchasers could have saved money by having consulted with us before buying. Where your advantage is, we give you prices on so many different properties that are similarly located and situated, that you can pick out the bargains like ripe apples from among the green ones. Then we know a thing or two about real estate. This knowledge we impart to you, and whether you buy of us or not, you can profit by it.

Brief Notes of a Personal Nature and of Matters About Town.

Cut His Foot Badly—While visiting at Echo Dell camp yesterday afternoon James Stewart, of this city accidentally stepped on a piece of glass cutting his foot severely.

Dog Law Not Obeyed—A well known night watchman, whose duties call him about the city a great deal at night, says he has observed as many as 25 unmuzzled dogs roaming about the streets. The dog ordinance is poorly observed.

Have Heard of His Fame—Dave Orr will leave this evening for Pittsburg. His baseball friends say that he will be signed with the Pittsburg team, Captain Clarke having heard of the great exhibition he put up in the game with Youngstown last week.

New Gate at the Crossing—Much trouble has been experienced by Watchman Wright with the gates at the Second street crossing of the C. & P. The carpenter force from Wellsville erected a new gate which will operate more easily, and avoid if possible many narrow escapes which have been common of late.

Birthday Party—Mr. and Mrs. Forrest Smith, of upper McKinley avenue, entertained 20 young men, aged from 1 to 12, at a surprise birthday party on their eldest son's eighth birthday Saturday afternoon and evening from 5 to 9. Fine refreshments were served and a number of presents received. Mrs. Smith was assisted by Misses

Ethel Hall, Hazel and Bessie Van Fossen.

At Work at Carrollton—William Alger, of the Belle Telephone company, took a gang of 16 linemen this morning to Carrollton, where he will construct a new line from Carrollton to Scott's addition in that town.

No Game Thursday—Manager Walsh decided this morning to cancel the game with Parkersburg, which was to have been played Thursday. The two teams will cross pats, however, on Friday and Saturday afternoons.

Grocers and Clerks' Game—At West End park the grocers and retail clerks' baseball teams of this city will play a game of ball next Wednesday evening. The stakes will be ice cream for all players and officials of the two teams. The grounds have been donated to the clubs for the occasion, and no admission will be charged.

CARELESS BURGLARS SET HOUSE ON FIRE

Woman Seriously Injured While Being Helped
From An Upper Window of the
Burning Building.

NARROW ENCAPE OF A TORONTO COUPLE.

Toronto, July 28.—(Special.)—The home of Joseph Pierce, of Fourth street, was gutted by fire this morning at 3 o'clock, and the loss is \$1,000, partially insured for \$500. Mr. Pierce discovered the fire when the lower apartments were all ablaze.

Two men were standing on the pavement below when he shouted to them to send in an alarm. They refused to do so. Pierce let his wife drop from the upstairs window to the pavement below and she was seriously injured by the fall and is now confined to bed. He succeeded in getting himself out also, besides saving some of the household goods in

the upper rooms in which he and his wife were sleeping.

The fire department arrived later and succeeding in saving a large livery stable adjacent.

Mr. Pierce is strongly of the opinion that the fire was caused by burglars lighting matches and that the two men standing on the pavement were the men who did the deed. They could not be found after the progress of the fire. Mrs. Pierce is so badly injured she may not recover. Her face and hands are terribly lacerated by glass from the broken window, and she also sustained other bodily injuries.

ANOTHER SMASH OF FREIGHT CARS

Drawhead Broke While the Train
Was Running at High
Speed.

FIVE CARS WERE DITCHED

And the Track Torn Up and Damaged.
No One Injured—The Wreck Occurred
at Walker Yesterday Afternoon.

A railroad smashup near Walker, in which five cars were ditched, occurred yesterday afternoon at 2 o'clock. The second section of No. 90, pulled by two engines in charge of Engineer Belf and Conductor Showalter, was the unlucky train. The accident was caused by a drawhead breaking while the train was running at a high rate of speed. This pulled the forward truck from underneath a coke car. The car, impelled by the weight of the cars behind it, was pushed along until a frog was struck at the Walker siding. Then trucks flew in different directions, cars were piled on both sides and across the track, rails bent and the roadbed damaged.

The wreck crew from Wellsville was called immediately and succeeded in clearing the track in a few hours, the passenger trains encountering no delay. The damaged frog was of the No. 1085 pattern and only a very heavy impact could have damaged it.

The forward half of No. 90 was forced to return to Wellsville to await clearing orders. At the scene of the wreck, the track is down grade, to which, combined with the high speed at which the train was traveling, is attributed to be the cause of the smashup. No one was hurt.

Two Customers Also Taken In—Fines

Probable.

Mike Cloran, a saloonist of Sixth street, was placed under arrest yesterday afternoon by Officer Morris for keeping his place of business open on Sunday. Two men in the saloon at the time, giving their names as John Snowden and Hayes Stephenson, were also arrested and charged with loitering.

The three will be arraigned before the mayor this evening, when, it is expected, a fine of \$25 and costs will be imposed upon Cloran and \$5 and costs upon his customers.

BONES OF THE DEAD BEING DISTURBED

Gravel Diggers Said to Be Desecrating the Old Cemetery.

CITIZENS MAKE COMPLAINT

And Says That If Council Does Not Stop Teamsters' Work He Will Take Forcible Measures to Stop It. Council's Authority Given.

"If you don't make the contractors cease taking gravel and sand from the bank under the Fifth street cemetery, I will," said an irate citizen to a councilman Saturday. "It is simply disgraceful and barbarous. Among the gravel are the bones of many who were buried in the sacred spot years ago, and for the bones to be used as bedding for sidewalks is awful. I tell you if you are going to stand by and allow it to go on, I am going to use a little brute force and have it stopped."

The councilman in question was taken very much unawares by the abrupt call down and tried to make an explanation, saying that it was not his duty to have the work stopped; that council as a body had permitted the removal of the gravel. Some of the citizens who have risen in arms against the ghastly proceedings went to the cemetery on Saturday morning and ordered the teamsters to get their sand at other places.

The teamsters did not know but those who had authority were giving the orders and quit immediately. Upon returning to their boss they were told to go on and get the sand whether or no. They did as ordered and the fight is still on. Some lively doings are expected during the next few days.

SWANEY'S LONG ABSENCE CAUSES MUCH ANXIETY

Eugene Swaney, who has been employed as a presser at the Laughlin No. 2 pottery, and boarding with John Downard in the East End, has mysteriously disappeared, and a great deal of anxiety has been manifested by his friends for fear he has either been foully dealt with or has ended his life.

There are still wages due Swaney at Laughlin No. 2; he does not owe for board, and has left all his belongings at his boarding house. He has been absent four or five days now, and no clue to his whereabouts has developed.

ALLEGED SWINDLE UPON A LAWYER

Lent a New Friend Money and Engaged in a Poker Game.

MONEY AND FRIEND GONE

Disciple of Blackstone From West Virginia Tells the Police How He Parted With \$65 and Got Cured of Playing Cards.

An alleged bunco game was reported to the police Sunday in which C. L. Summers, a young attorney from Charleston, W. Va., claims he was swindled out of \$65 by one "Taffy" Reveal, a sport of some notoriety, who, he says, came to this city with him from Charleston.

Summers and Reveal, so the former alleges, have been touring Pittsburg and other towns along the valley, and Mr. Summers states he has been looking for a suitable location to start legal practice. He claims that Reveal had so gained his confidence that he loaned him \$20 Saturday, while they were both rooming at the Washington House on Second street. Reveal, he claims, came to his room Sunday morning and invited him to a room near the Diamond where a poker game was in progress. He was introduced to Dr. So-and-so, and inveigled into the game, and soon became loser to the amount of \$45, when he says he saw he was getting the worst of the deal and quit. He further alleges they tried to inveigle him into a rear room to get the rest of his money, when he succeeded in getting away from the premises before this was accomplished.

He pleaded with Reveal to return him his money, and this he promised to do, but managed to elude Summers in every possible way. Reveal, going to the room at the Washington House, got his satchel out. He was seen running down Second street afterwards, and it is supposed went in the direction of Wellsville. Mr. Summers informed the police. An officer was sent to Wellsville, but could not locate Reveal, and it is now supposed that he has made good his escape.

In speaking about the matter this morning Mr. Summers stated it was his first experience with the tiger, and would without doubt be his last. He holds a fine certificate from the West Virginia state board of legal examiners, and studied under A. C. Blair, a well known legal light of Charleston. He keenly feels the loss of his money, and dreads the notoriety that will accompany the affair.

He claims he would not have been led into the trap, had not Reveal so thoroughly gained his confidence. He will prosecute Reveal if the latter turns up in his company again.

MAIMED FOR LIFE

HOTEL PORTER LOSES A FOOT WHILE STEALING A RIDE.

Misses His Footing And Fell Under the Wheels of Freight Train.

Charles Armstead, who is employed as a porter at the National hotel, at the foot of Broadway, undertook to board a passing freight train about 6 o'clock Saturday evening to ride down a block or two on his way to the West End to get laundry.

His foot slipped and he fell to the rails, the wheels of the car on which he attempted to ride passing over his right foot, crushing it into a shapeless mass. He was picked up by bystanders and employees of the hotel and carried into the building.

A doctor was hastily summoned and dressed the injured member as well as possible, finding the toes and bones of the foot crushed in a terrible manner. He also called the services of another surgeon, and for a time they considered the advisability of amputating all the toes of the foot, but postponed the operation for a few days to await better conditions of the patient.

Armstead is suffering considerably from his injury, but is resting easier today. He is familiarly known about the city as "C. C." on account of his rollicking, jovial disposition. He will, however, be maimed for life, and it will be some weeks before he fully recovers from the effects of the injury.

A TRIO ARRAIGNED

Three Men Who Drank Not Wisely But Too Well Arrested And Fined.

After disposing of three cases this morning Acting Mayor McLane turned the executive position over to Mayor Davidson, who returned Saturday night from a week's pleasure in Cleveland. The mayor was given the glad hand all around the city hall.

The trio arraigned before the justice were George Twyford, John Lisk and Ned Curby. Twyford was arrested in the Diamond last evening by Officer Morris for being drunk and disorderly. He was raving and creating more excitement than has been witnessed on the streets for some time. When the officer got him in tow he fought desperately and swore that he would never be taken alive. He was landed, however, but not without trouble, and for being contrary was assessed \$2 and costs. He paid.

Officer McDermott corralled Curby in the Smoky row district. The arrest was made at the instance of a chum, who told the officer that Curby had stolen his watch. Upon searching Curby the watch was found on his clothes. The officer took the young man to central station and placed a charge of stealing and one of drunk and disorderly against him. The former charge was withdrawn, however, and he was fined \$3 and costs upon the latter.

Lisk was found sleeping off a jag in Rinehart's barn by Officer Woods. He was assessed \$1 and costs. He owed a little on a back fine and when he gave his word of honor to liquidate both he was released.

UNABLE TO WALK HOME

John Winn Badly Hurt By a Fall From a Bicycle.

John Winn, of Market street, while turning the corner on to College street, near William Brunt's pottery, was thrown heavily from his bicycle and had his leg badly bruised. Eye witnesses assisted him from the street to the curb, he being unable to walk for some time.

Mr. Winn was thrown clear over the handle bars of the bicycle, and is fortunate in escaping with as little injury as he did.

HOME RULE FOR CITIES

Public Sentiment Induces Gov.
Nash to Alter Code
Plans Somewhat.

FIRST DRAFT OF NEW BILL

Council to Name Clerk and Mayor to Choose the Chief of Police.

CONFERENCE ON SUBJECT.

From a Staff Correspondent.

Columbus, July 28.—Governor Nash has abandoned the police board plan. He made this known at the second conference on the proposed municipal code held in his office in the state house Saturday afternoon. The governor's plan was that the code should provide that the chiefs of police of cities should be appointed by the governor. Public sentiment seems to favor the selection of such officials by the people themselves, and so pronounced has become the feeling that this method should obtain that the governor has become persuaded that it would be unwise to hold out against it. The first draft of the code, which was drawn at Cincinnati by Senator Longworth and Wade H. Ellis, assistant corporation counsel of that city, was submitted and gone over carefully at the conference. Governor Nash, Special Counsel S. W. Bennett, of the attorney general's office; Senator Harding, Senator Dunham and Representatives Thomas, Guerin, Cole, Hagenbuch, Denman and Speaker McKinnon were also present.

The draft placed the line of demarcation between cities and villages at 15,000, but the sense of the conference was that this figure should be reduced to 10,000 which will probably be done. The elective officers are to be mayor, city auditor, city treasurer, police judge and police clerk, the terms being three years. Councilmen are to be chosen from districts, except one member elected at large, who is to be the president. Council is given power to appoint a clerk, and the city solicitor is to be appointed by the mayor.

A definite number of councilmen is specified, but the number is left blank. Two boards are provided for—a board of public service and a board of charities. The former will be administrative. It consists of from one to five members, its functions being to direct the operation of street improvements, street cleaning, parks, docks, sewers, water works, street lighting, etc. Council is the legislative body and is vested with much power. One proposition was that authority to grant franchises be delegated to the judge of the common pleas court, but it was decided that it should be given council. The power of veto is given the mayor.

Care has been exercised in defining the duties of the three divisions of local government, executive, judicial and legislative, so as to obviate any danger of conflicting. Some modifications of present provisions may be expected. The chief object of Governor Nash in calling the conference was to get an expression from the leaders as to what they think should go into the code and also to acquaint them with his ideas on the subject. Speaker McKinnon did not enter into the discussions, explaining it would not be meet for him to do so because of his position.

RIGHTS OF WAY

Being Secured for the Proposed Electric Railway to New Cumberland.

Options are still in progress for right of way for the street railway line from Chester to Congo and New Cumberland. S. B. Goucher, of Toronto, and Edward McIlvaine, of Pittsburg, are interested in the enterprise, and they own the present ferry boat operating between Congo and Wellsville.

This was the object of placing such a neat craft at that point.

Missing From Washington.

Chief Thompson is in receipt of a circular offering \$50 reward for information leading to the whereabouts of Miss Louisa G. Nash, of Washington, D. C., aged 34, five feet two inches tall, medium build, fair, heavy auburn hair, dark eyes, teacher in Washington schools for 14 years. She disappeared June 2, and no cause is known for her flight.

EAST END

NEIGHBORS INTERFERED

And a Man Was Arrested for Brutally Whipping a 16-Year-Old Daughter.

Because his daughter did not prepare his breakfast or dinner, and in the evening attended service at the Erie street M. E. church, Jack Decker, who came to Chaffinville from Jackson county, W. Va., a few months ago, and who is probably not aware that he is residing in a civilized neighborhood, beat, whipped and otherwise bruised his daughter who is about 16 years old, last evening in such a manner that neighbors interfered and caused his arrest by Officer Spence. More brutal treatment could not have been given a dog than Decker is said to have inflicted upon his daughter.

He has been arrested and will appear at city hall this evening, but if reports are reliable his appearance before a court of justice will not end there. Those residing in the vicinity of the Decker house claim that as long as they have resided in that part of the city they never saw a child punished so brutally as Decker punished his daughter. Some neighbors claim Decker used a club, while others say that a heavy leather strap was used. No matter what was used, the daughter today is covered with bruises and is most likely very sore. Miss Decker, her friends say, is well liked by all who know her. Her disposition is most kindly and she is a hard worker at home and other places. Mrs. Decker was home all day yesterday and the neighbors wonder why she suffered the cruelty to be practiced.

POLICE AID CALLED

And an Unwelcome Visitor Ejected From an East End Home.

A sensation was caused in the East End Saturday evening and for a time the residents of Helena thought something out of the ordinary was going on. It seems, so the story goes, that a man who is employed at nights, received a telephone message while at work Saturday night that another man was at his home. This caused the man who received the message to become angry. He went home, but not before Officer Fisher was notified and both husband and officer entered the house at the same time.

The individual was there as described, and he was requested to leave the house. He did so, but in company with Officer Fisher, who escorted him to the midnight train west and sent him out of town. Before the couple left the house, however, the woman commenced to cry, but soon afterwards instead of crying, report has it, that she told her husband enough to fill a large book.

DOGS DISPOSED OF

Unmuzzled Curs Are Being Taken Up In Large Numbers and Many Shot.

Dogs, dogs, nothing but dogs. That is the complaint of persons residing near the East End fire station. No relief for these complaints is in sight, for Officer Fisher has received orders to gather in all dogs who are not muzzled, and keep them at the pound until they are claimed by an owner, and if not done within the limit prescribed by law, they are to be shot. More are being shot than claimed. Meantime the residents of that immediate vicinity must endure the howls set up by the dogs.

It will not be long until the pound will be vacant, for yesterday four curs

Salt Rheum

You may call it eczema, tetter or milk-rust. But no matter what you call it, this skin disease which comes in patches that burn, itch, discharge a watery matter, dry and scale, owes its existence to the presence of humors in the system. It will continue to exist, annoy, and perhaps agonize, as long as these humors remain. It is always radically and permanently cured by

Hood's Sarsaparilla which expels all humors, and is positively unequalled for all cutaneous eruptions.

were shot, and notice has been served on others that their time to be killed has arrived. A dog owned by an Italian on Mulberry street is the latest addition to the pound. Unless this dog is claimed within a day or so it will meet the same fate as the others. In the meantime the residents of that section of the East End should put up with a little noise, for it will not last very much longer.

OLD FOLKS' DAY

Will Be Observed at Erie Street M. E. Church Next Sunday.

The regular annual conference of Old Folks' Day will be held Aug. 3, at the Erie Street M. E. church. The following program will be used:

Hymn No. 747, "How Tedious and Tasteless the Hours;" prayer; Scripture lesson; announcements; offering; hymn 1038, "On Jordan's Stormy Banks."

Short sermon, "From Golden Sunset to Glorious Dawn." A collection will be taken for worn-out preachers. Hymn No. 1072, "My Heavenly Home is Bright and Fair;" experience meeting; old hymn to old tunes will be used, and at least one hymn will be lined and sung.

Flower committee is the Junior League, the committee on decoration is the Epworth League; committee on arrangements, Frank Knowles and wife, Martin Thomas and wife, John Downard and wife, Taylor Larkins and wife, M. C. Flick and wife.

Entertained at Carnegie Hall.

Miss Annie McGaffick, of Elizabeth avenue, East End, while at Pittsburg last week, was entertained in a manner that will be pleasantly remembered. While visiting friends in East Liberty she became acquainted with Prof. Ernest Jores, whose reputation as a pipe organist is not surpassed by any in that city. Prof. Jores entertained Miss McGaffick at the Carnegie music hall at Schenley park. A classic selection, which lasted for three quarters of an hour, was rendered by Prof. Jores, the only listener being Miss McGaffick. Seldom if ever has such a favor been extended to an East Liverpool lady at this music hall.

A Costly Smash.

"Blinkey" Morgan, as he is called by the motormen, is one of the oldest men employed on the front of a car by the East Liverpool railway company. Morgan had an accident Saturday morning that will most likely cost the company not less than \$150, for that is the claimed value of the property destroyed. The car Morgan was in charge of was eastbound. It was about to round the curve at the "narrows," just east of Walker, when smash went into a street piano, which was knocked over the hill. It is claimed that Morgan did not see the piano in time to stop his car.

Mrs. White's Illness.

Word was received in the East End Saturday of the serious illness of Mrs. Frank D. White, at the home of her mother near Carrollton. Mr. White left for the home Saturday evening to visit his wife, but returned this morning and sent his eldest daughter to Carrollton. Mr. White was called to Sharon, Pa., this morning on some important business.

Hill Tops' Victory.

The Hill Tops and the East End base ball teams played an interesting game Saturday afternoon at Columbian park. The score: East End, 2; Hill Tops, 10. Hits—East End, 4; Hill Tops, 13. Errors—East End, 4; Hill Tops, 5. Batteries—Chambers and Lake; Chadwick and Robbins. The feature of the game was the pitching of Chadwick.

Leaned Back Too Far.

Lot Haney accidentally fell from a porch at his home on First avenue, yesterday, and will be unable to work for several days. He was leaning back in a chair, and he leaned too far, causing him to fall backwards, and striking the ground on his face. The flesh was badly scratched and he was otherwise bruised.

EAST END AFFAIRS.

Ground has been broken on Virginia avenue for the erection of a new eight room residence for Thomas Kerr.

C. W. Rower, who has been visiting relatives in Meigs county, for three weeks, returned to the East End yesterday.

SUSPICION OF POISON

CAUSES HUSBAND AND WIFE TO BE IN JAIL.

Alleged Tragedy in the South i. Which Former New Cumberland Figures.

Harry Jenkins, who was born and raised in New Cumberland, is in serious trouble at Chattanooga, Tenn. He was formerly a master mechanic at the Westinghouse works, Pittsburg, before going to Chattanooga.

While in the latter city he became acquainted with a wealthy married lady. Soon after the lady's husband died in a very mysterious manner from poisoning. The woman also became jealous of Jenkins' wife, and it is alleged succeeded in giving her poison, from the effects of which she also died.

Soon after the death of his wife Jenkins married the woman, and the authorities becoming suspicious after due investigation arrested Jenkins and his wife, and in a preliminary hearing were bound over to court and are both in jail awaiting trial.

Census statistics show that in the
last decade the aggregate circulation
of newspapers and periodicals increas-
ed 74.5 per cent, while the money paid
by advertisers increased only 34.6 per
cent. In the previous decade the two
percentages of increase were, respect-
ively, 124 and 82. In those twenty
years the newspapers quadrupled their
circulation, while the advertisers only
doubled their payments, and that
chiefly for enlarged space. The wider
circulation is practically thrown into
the bargain. Newspaper advertise-
ments are more used than ever, the
receipts from that source in 1900 be-
ing \$95,861,000. While their value is
steadily gaining their cost, for the
number of readers reached, is steadily
declining.

Governor White has ordered criminal
proceedings instituted against the
lynchers at Elkins, W. Va. As there
is no regular term of court in that
county until October, the attorney gen-
eral of the state has been ordered to
proceed there, order a special term
and special jury and take up the pro-
secution in person. Perhaps, before the
proceedings have ended, the offenders
will learn that an earnest and vigor-
ous Republican administration and not
a law-defying mob is really in power
in that state.

Senator Platt, in a recent interview,
revealed the secret of his political
success. Speaking for the benefit of
young politicians, he said: "Never
give anyone the right to say that you
have broken your word to him. Be
careful in making a promise, but when
you have once passed your word stick
to it though it may be to your own
detriment." Such rules as these,
rightly followed, achieves success in
other lines than politics. They will
be found at the basis of every suc-
cessful career.

Another rise in meat prices is re-
ported. It begins to look as if the
trouble would end only when the peo-
ple ceased to eat meat. A two
weeks' boycott of the meat dealers
would bring the trust to terms quick-
er than any number of injunctions.
And with vegetables and berries in
abundance it would entail no great
hardship.

Just as an example of the good feel-
ing prevailing in the Ohio Democracy
attention might be called to the Fre-
mont primaries where a knock-out
fight took place and the police were
called in to quell the disturbance. It
is suggested that attendants to the
state convention should wear armour
plate for protection.

The people of Porto Rico are pros-
pering; they are getting new schools
and new industries and their govern-
ment has money in its treasury. The
antis who, a few months ago, were
talking loudly of the wrongs this coun-
try was about to inflict upon the

island, will have to look elsewhere for
campaign material.

Emperor William is sending more
agents over here to learn Yankee
ways. They can learn most by stay-
ing. Perhaps the kaiser didn't think
of that. He might learn more by con-
sulting some of his ex-subjects who
have been here for years.

It is estimated that the corn crop,
despite discouraging reports, will ex-
ceed that of last year by a billion or
so of bushels. With prices now pre-
vailing this will mean a large sum in
western farmers' pockets.

Albert G. Vanderbilt's hunting camp
in the Adirondacks will cost \$75,000
and have gas, bath rooms, hot and cold
water and other modern conveniences.
It is just as well that the Vanderbilt
idea of roughing it is not everybody's.

Congressman Dick, after a scouting
expedition through Ohio, is quoted as
saying that the prospects for Republi-
can success this fall are flattering.
One does not need to travel far to learn that.

A million tons more of pig iron
have been produced in the first six
months of 1902 than were produced in
the same period last year. And 1901
was a most prosperous year.

Maine will elect a governor and four
congressmen in September. When it
has been heard from Mr. Bryan will
probably wish that he had kept away
from there.

Manila is to have a normal college
to teach Filipino teachers and help
the natives to help themselves. It is
an experiment that can scarcely fail
to succeed.

Democratic denunciation of bosses
comes with grim humor from the
party in Ohio which Tom Johnson is
running.

WELLS-WEST

Well Known Couple Quietly Married
at the Bride's
Home.

A wedding of two well known young
people of this city was that of J.
Homer West and Miss Jessie M.
Wells, which occurred at 6 o'clock
Saturday evening at the home of the
bride's parents, Mr. and Mrs. W. H.
Wells, of Washington street. The
ceremony was performed by Rev. N.
M. Crowe, of the East End, only the
intimate friends of the young couple
being present.

The bride was very becomingly
gowned in tan silk mull, entrain and
trimmed in lace applique and pale
blue pan velvet. She was attended
by Miss Ella West, a sister of the
groom, as maid of honor. Miss West's
gown was a pretty creation of white
mull, while that of Miss Sara Wells,
who acted as bride's maid, was of
pale green and of the same material.
Harry E. Huston was best man. The
ceremony took place in the parlor of
the Wells home which was prettily
decorated in the season's choicest
flowers.

The usual congratulations offered,
a delightful wedding breakfast was
served. Later in the evening Mr. and
Mrs. West left for a trip to Cincinnati
aboard the Virginia. Upon their re-
turn they will reside for a time at
the home of the groom's parents on
Robinson street.

Mr. West is a son of Mr. and Mrs.
J. D. West, and both he and his wife
are popular among a large circle of
friends, who will wish them well as
they embark on the matrimonial sea.

POTTERY NEWS

An eastern trades paper is respon-
sible for the following: A pottery
may be erected in Charleston, S. C.,
under the management of Colin Mc-
Lain, of East Liverpool. Twenty thou-
sand dollars has been offered as a bon-
us by the stockholders and a meet-
ing was held last week. Sufficient
stock has already been subscribed to
assure the deal. The disadvantage of
the lack of fuel will be made up by
the cheapness of the freight rate to
Cuba, where a market will be culti-
vated. A four-kiln plant producing
white granite ware may be erected.
Any member of the company subscrib-
ing \$500 will be presented with a cer-
tificate calling for \$15,000 of stock.

During the present week some of the
locals affiliated with the N. B. of O. P.
are expected to pass resolutions of
respect concerning the death of the
late Isaac W. Knowles. This is one of
the matters that will be presented at
the next meeting of Killmen's local
No. 9, which meets Friday evening. It
was the intention of several members
of this local to bring the matter up
at the last session, but pressure on
other business would not permit.

Ever piece of machinery, including
presses, pans, boilers, engine and ele-
vators have been replaced at the N. U.
Walker Sewer Pipe plant of the Amer-
ican Sewer Pipe company. The clay
mine is also being generally repaired.
The work has been in charge of Will
C. Hartford, who superintends repairs
to the different plants of the combine.

The Royal Sewer Pipe works at Ur-
richsville is the largest in the country.
It is an independent factory. They are
building six new 40-foot kilns, which
will make a total of 42. This is almost
double the number of kilns of any
other sewer pipe works in the coun-
try.

Nathaniel McKinnon, who has been
employed as a packer at Laughlin No.
2 for quite a long time, has resigned
his position there and is now located
at Taylor, Smith & Taylor's plant at
Chester. It was said that McKinnon
was slated for the position of boss
packer at Laughlin No. 2.

The shipments from the seven sewer
pipe plants in the Toronto district of
the American Sewer Pipe company
are now averaging from 45 to 50 cars
per day. The Great Western plant of
that section alone has shipped 100
cars per week for the past two weeks.

J. L. Springer, of New Philadelphia,
representing the Bradford Manufactur-
ing company, is spending several days
in the city purchasing "seconds." He
proposes to start a number of wagons
through Tuscarawas county, selling
this class of goods.

W. H. Deidrick, accompanied by
Architect Fritz, were in Salineville
Saturday looking over the pottery.
Both are well pleased with the work
so far and think that the contractor
is making all possible speed with the
force.

The Dresden starts in full today, the
employees putting in their new moulds
Saturday. The decorating department
was partly working last week.

The general ware pressers will meet
this week in the Ribsam building at
Trenton to form a union.

STRUCK BY POLE

WHILE ON A CAR

LAD OF 16 KNOCKED SENSELESS
AND BADLY HURT.

Mishap to Harry Treese Who Was
Standing on a Crowded
Vehicle's Steps.

Harry Treese, a lad of 16 years, em-
ployed at the Chester tin mill, met
with a most painful accident yester-
day while en route to his home in
Wellsville on a street car. The car
was crowded and Treese was able to
get only standing room on the first
step at the front end. With his din-
ner bucket in his hand he was enjoy-
ing his ride the best possible under
the circumstances and was not paying
heed to the short distance between
himself and the polls strung along the
route. Near the foot of Lisbon road
he was struck by a pole that was
standing a little closer than the others,
and knocked with terrific force to the
ground. The car was going at a good
rate of speed, and the motorman had
some difficulty in stopping quickly.

A number of the passengers hurried to
the assistance of the boy, and found
him in a semi-comatose condition. By
fanning some fresh air into his face
he was brought to his full senses.

Although he complained of being hurt
badly on the head and side he insisted
upon going to his home on the car.
Just how seriously he was injured is
not known but it is believed that he
was hurt internally and that he will
not recover for some time if at all.

CHARTERS GRANTED

West Point Coal And Coke Company
And Railroad Company
Organized.

The exhaustive account of the for-
mation of the West Point Coal com-
pany and also of the West Point &
Northern Railroad company, as given
in this paper last week, was verified at
Columbus Saturday, when Secretary of
State Laylin granted charters to both
concerns.

The West Point Coal company was
incorporated with a capital stock of
\$200,000, the incorporators being
James L. Francis and S. J. Cripps, of
this city; R. T. Ivory, M. A. Norris and
J. W. Broughton. With the exception
of the name of S. J. Cripps, the same
names appear upon the application
for the charter of the West Point &
Northern Railroad company. The cap-
ital stock of the railroad company is
given as \$100,000.

The headquarters of the railroad
company will be at Lisbon, while the
general offices of the coal company
will be located in this city. Both com-
panies propose to commence business
just as soon as it is possible to do so.

MADE NO AFFIDAVIT

An East End Woman Tells Squire Mc-
Lane of Alleged Abuse
of Her Child.

A case which promised to be sensa-
tional in the extreme was sprung be-
fore Squire McLane this morning, but
before swearing to an affidavit the
plaintiff left, and the story only re-
mains. The complainant was Mrs.
Henry Jacobs, of the East End. "Just-
ice is what I want," she said to the
squire, "and if the law won't take the
case in hand I will, I don't care if I
have to pay a fine for it. O! it is just
awful, squire. You know them two
kids of Bill Blankenship's jumped on
my ten-year-old daughter last Saturday
and beat her unmercifully. My girl
was taking care of our little baby while
I was at the pottery. I work every day
and I leave my daughter to take care
of the younger children.

"When I got home Saturday night
my girl was crying and looking ter-
rible. Her face was all beat up, and
one of her teeth had been knocked
out. She told me that those Blanken-
ship kids had come over to our house
and jumped on her without any cause
at all. Now, squire, I can't stand such
goings on as that. I tell you I'll pro-
tect my children. I'll fight for them.
Yes, squire, I'll die for them."

The squire was very willing to take
the case, but she left his sanctum,
and it is expected that she is going to
do as she intimated—take the law in
her hands.

WELLSVILLE

DECEIVED THE SPORTS

A Boiler Maker Who Announced Himself as a Noted Pugilist.

Interest in the Fitzsimmons-Jeffries fight last Friday was more intense than is generally aroused, due to the presence in the city of a supposed noted pugilist.

A boiler maker struck the city last week and began to repair the upright boilers in the steel mill. Loafers around Frank Geisse's place were awed by his feats of strength. Finally he announced that he was none other than Jack McAuliffe, the "Nonpareil," erstwhile champion lightweight of the world. His statements were believed, and he soon commanded quite a following among the local sporting fraternity, receiving much attention. His opinions on the fight at San Francisco were freely given.

One of his friends made the discovery on Friday that McAuliffe had been dead for several years, and at once went to seek the boiler maker and demand explanation. But he had gone.

WATER UNFIT FOR USE

The Question of a Better Supply For Wellsville Still a Live One.

As if to silently rebuke the voters who decided the water works improvement question adversely in the special election last week, when the faucets were turned on the next morning, the water was a dark, rich brown, and has remained so ever since.

The condition of the river here is very filthy and the water is totally unfit for use. Typhoid fever is prevalent and physicians say may become epidemic. All who can afford to do so, use water filters.

A technical error in printing the ballots is claimed to be responsible for many negative votes last week. It is said that of the number signing the petition calling for an election, only a few voted as they had petitioned. The water works question is to be speedily revived, it is said.

No Boxes for Rent.

The clerks in the postoffice are constantly being approached by persons who wish to rent lock boxes. As are refused. All the boxes are rented. Consequently the general delivery business has assumed large proportions. The quarterly rent is now due and this fact is expected to relieve the situation somewhat. Over 50 applications for lock boxes are in, and these will be considered in the order received.

Veteran Newspaper Man Ill.

W. L. Clark, aged 84, one of the oldest newspaper men of this state, was stricken with paralysis Saturday night, at his home on Main street, near Seventh. He is now in a precarious condition with little hope of complete recovery. The stroke came while Mr. Clark was in bed. Mr. Clark recently fell from his chair and was badly hurt.

Disturbed Sunday Quiet.

John and William Miller, lovers of alcohol in all its various forms, were arrested Sunday morning by Officers Thorn and Davis and await a hearing. They disturbed numerous sleepers by their vocal efforts.

Richard Montgomery, John Thomas and a friend and a man named Robinson were also arrested for intoxication.

A Peculiar Disease.

Dr. J. M. Saint, of East Liverpool, was in consultation with Dr. A. L. Robinson Saturday over the condition of Mrs. Lawrence, a sufferer from glaucoma. The disease is a hardening of the eye ball, and is very painful. Very few cases are reported by the medical profession and Mrs. Lawrence's case is attracting much attention.

Wharfbreak Has Sunk.

The ferry boat Emily, over which so much litigation has been waged, and which Watson & Johnston, of Congo, across the river, have enjoined from using the wharf there, struck her barge float Saturday and it now lies at the bottom of the Ohio river. The barge was used as a wharf, and was in a very rickety condition.

Death at Salineville.

Mrs. Thomas M. Patterson was called to Salineville last week by the death of her sister, Mrs. Mary Hogue. Mrs. Hogue was an esteemed citizen of Salineville, and had many friends in this city.

On the Road to Recovery.

W. G. Stewart, the well known cigar-maker and tobacconist, underwent an operation for appendicitis at the Mercy hospital, Pittsburgh, and is now on the road to recovery.

Police Photographed.

The police force of the city of Wellsville were photographed in their new uniforms Saturday afternoon, by a local photographer. The mayor was in the group.

MINOR NEWS OF WELLSVILLE.

C. Waggle, of Commerce street, is away on a West Virginia trip for a few days.

Oscar Chenny has returned to the city from Wellsburg, W. Va., and will locate a business here.

Albert Lichtenberg has nearly completed the erection of new business block on Main street, near Sixth.

T. Jefferson Former was here Saturday. He is with the Pittsburgh Times, and is taking a brief vacation.

Mrs. C. E. Moorehouse, of Massillon, joined her husband here Saturday evening. He has accepted an editorial position in this city.

The Ladies' Aid society of the M. E. church held a sale Saturday in the Sunday school room of the church. A neat sum was realized for the church fund.

Mrs. Horace Langworthy, of Main street, expects to leave this week for Avalon, Pa., where she will make her home. Her son, Horace, is telegrapher at Sheraden, Pa.

Charles Stevenson, Mike Shingler and A. B. Dennis went to Toronto Saturday to inspect the new automobile recently purchased by Col. Francy. All the gentlemen will buy autos this season.

J. C. Morrison, of Colorado Springs, was a visitor in the city last week, leaving for Pittsburgh Saturday. Mr. Morrison was formerly extensively engaged in government irrigation work in New Mexico.

GOODS AND HORSE WERE RECOVERED

MAN WHO TOOK THEM AWAY STILL MISSING.

The Outfit Found Safe In a Farmer's Care Near Glasgow.

The \$172 worth of merchandise and the horse and wagon obtained from H. D. Hippel, a clerk in the employ of C. L. Curnan, the proprietor of a general store on Fourth street, two weeks ago, by a man giving James Goodman as his name, under false pretenses, have been recovered through the ferreting ability of Constable Powell.

Immediately after the warrant was sworn out for the arrest of Goodman, the constable telephoned to all points in the county, warning the officials to be on the lookout. Until last Saturday nothing was heard from the man or the paraphernalia. John Holliday, of Glasgow, was in the city, and the constable, in a conversation with him, learned that the horse, wagon and all of the goods were under shelter at a man's farm near Glasgow.

Powell notified Hippel of the find, and the latter went after them yesterday. He found that Goodman was seen driving along the country road, and that a wheel of the wagon broke near Glasgow. He turned the horse loose, and told a farmer that he was coming back to the city to get the tools necessary to repair the wagon. He left, and has not returned or been heard from.

GOOD IS HELD

BOTH FOR LIQUOR SELLING AND AS A WITNESS.

Bond is Fixed at \$1,100 in All—Testimony at Hearing.

E. S. Good had his preliminary hearing before Squire Johnston Saturday afternoon at 4 o'clock. The state was represented by Attorney Ingram and the defense by Attorney O. S. Marshall, of New Cumberland.

Officer John Elliott stated that two days after Good's former trial at New Cumberland, in the early part of July, he purchased a drink of liquor in Good's First street place; afterwards a half pint of liquor, and that Good made him a present of a half pint. All through the months of May and June he had purchased liquor at this place.

E. S. Good swore that he never sold liquor to any one; that the place did not belong to him when Elliott purchased the liquor, and he assumed charge only on July 1.

Oscar Allison, constable, swore that when he arrested Good the first time, for which offense he is now under bond, Good stated to him that he was the owner of the place kept by Spurlock on First street.

Good in rebuttal denied having said so.

James Courtwright testified that he had drunk liquor with Spurlock, but had never paid for it over the bar.

James Gibson, Harry Chapman, Carl Deaner and J. W. Clendenning testified that Elliott had stated to them that the parties prosecuting Good were doing dirt against him and alleged that Elliott had said that he had never obtained any liquor from either Spurlock or Good.

John Shrader testified that Spurlock had always paid the rental on the First street establishment.

The Squire reserved his decision until today, when Good was held for the grand jury, bond being fixed at \$100. In the orchestra case he is held as a witness under \$200 bond in each of five cases, making his bond \$1,100, which he has until tomorrow to raise.

LAWSUITS EXPECTED

As a Result of Quarantine By the Boards of Health.

Mrs. Bressels, who was quarantined on Middle run, claims that a portion of her husband's wages, which were attached at the Chester mill, was due before the smallpox matter developed. The board of health claims \$200 from the Bressels family. The board succeeded in attaching \$11 of the amount.

Mrs. Bressels says she will demand justice through the courts. Health Officer Allison in issuing the attachments against Bressels and others was acting under the advice of Prosecuting Attorney McKenzie, of New

Cumberland. Attorney George C. Davidson, of East Liverpool, has been retained by the quarantined patients, and if the attachments are unjust, it is likely suits for damages will follow against the township and county health boards. The suits will be heard some time during the week.

All quarantine has been raised except in the case of Fitzpatrick.

BOND ELECTION ON

It is Expected the Proposition Will Carry By Small Majority.

The bond election is on at the city building today. William Gardner is acting as judge and J. E. Webster and Irwin Magee as clerks.

It looks favorable for paying and the election will probably result in a small majority for it.

Embalmed By New Process.

The body of David McGaffick, which was found in a medical college at Pittsburgh, had been embalmed with a new process, said to resemble that of the ancient Egyptians, and when it was exposed the features were almost perfect and the body in a good state of preservation. Mr. McGaffick is related to many residents of New Cumberland, Empire and Toronto, who are much interested in the disposal of the remains.

Two Good Oil Wells.

Murray & Miller's No. 4, Joseph Ramsey farm, came in Saturday, and is good for 20 barrels; Lacombe, Garrett & Co.'s No. 14, S. Carson farm, is also in and doing 35 barrels; C. H. Hudson & Co.'s No. 1, W. W. Herron farm, is in and good for 5 barrels. Lacombe, Garrett & Co. are drilling their No. 14 on the S. Carson farm. H. E. Luntz & Co.'s No. 2, on the John Whitehill farm, is drilling.

Sunday at the Park.

There was not as large a crowd at the Rock Springs park yesterday afternoon as on the Sunday previous, but

in the evening large numbers were present. Nowling's orchestra rendered a most excellent program both afternoon and evening. It is said the park officials are considering the question of inviting prominent ministers to speak at the park on Sunday after soon.

Hands Badly Hurt.

John Miller, of Conductor Myers branch crew, had his hands badly crushed while standing on the rear of the caboose at Congo Saturday. A tie swung off from a car standing on the siding and caught the rear end of the caboose, also catching both hands of Mr. Miller, who had hold of both hand holds on the caboose. He will be off duty for a month.

Base Ball Player Hurt.

William Byland, catcher for the Chester base ball team, while catching in the game between Chester and the West End Rovers at Rock Springs park, was struck on the mask by a foul tip, the blow completely mashing the mask, and badly injuring one of his eyes. The game was then called off, the score standing 3 to 3.

Little Girl's Leg Broken.

A little girl, whose parents refused to give her name, while playing with companions at Rock Springs park Saturday afternoon, fell and fractured one of the bones of her left leg. Dr. Lewis, of Chester, reduced the fracture and the little sufferer was taken home to Pittsburgh on an early train Saturday evening.

Will Locate in Kansas.

Harry Holland, an old New Cumberland boy, and who served in the Philippines and was engaged in some of the hottest fights of the campaign, is home from Chicago Junction. Mr. Holland, after a brief visit, left today for Atchison, Kan., where he will engage in railway work.

A Yachting Excursion.

Captain George Conn, foreman in the Chester mill, took an excursion party of helpers, mill workers and heaters to Steubenville yesterday on the trim little yacht, Lone Star. They returned late in the evening and enjoyed the trip immensely.

Larger Force at Work.

The double track was connected up at the east end of the bridge this morning on the Rock Springs street railway and passengers were transferred during the day. A large force was put on the work.

Fined \$3.90 Each.

An East Liverpool man who became disorderly at the park Saturday evening, and Edward Tanguis, who interfered with the arresting officer, were each fined \$3.90 by Recorder Mercer Sunday.

CHESTER NOTES.

A roll was broken in one of the hot mills of the Chester mill Saturday, but was replaced in time to resume today.

Drilling for gas is projected in the Turkeyfoot extension by Pittsburgh op-

erators. Operations will commence shortly.

Charles Ferguson, of the Chester mill, visited his home in Irondele over Sunday.

Master Harvey Hood is spending several days with relatives at Martin's Ferry.

Samuel Jackson and family, of Lawrenceville, is visiting relatives for a week at Irondele.

Mr. Kirk is drilling a well at Georgetown and the rig from Brunton farm was moved for the well.

Stewart and Will Poulton, of Monroe county, will locate in Chester, provided they secure employment.

Mrs. S. Bloom has purchased a lot on Virginia avenue from E. C. Baxter for \$600 and will erect a new residence thereon right away.

UNDER QUARANTINE

Five Cases of Smallpox Have Developed in the Town of Malvern.

Rev. John W. Gorrell, pastor of the Christian church, had made arrangements to spend a few weeks' vacation on his farm near Malvern, but this morning he changed his plans. He received a telephone message from Dr. Ross, of Malvern, announcing that this morning the board of health quarantined the town of Malvern, and there were five cases of smallpox confined within its limits. The disease was brought to that town by a discharged employe of the Ringling circus, which was exhibiting at Canton a few weeks ago.

ARMY IS ATTACKED.

Anti-Imperialists Send a Letter to the President.

REVOLTING OUTRAGES CHARGED.

Philippines—100,000 Population

From One District Perished, According to Official Report, Says Letter.

Killing Wounded General Practico.

Lake George, N. Y., July 28.—At a meeting of representative anti-imperialists held in New York city last spring a committee was appointed to investigate army conditions in the Philippines. That committee has since then been prosecuting its inquiries. President Roosevelt's recent review of the court martial of General Jacob H. Smith seemed to the committee to demand some reply, and at a meeting just held at Lake George an open letter to the president was adopted. The letter was signed by Charles Francis Adams, chairman; Carl Schurz, Edwin Burritt Smith, Moorfield Storey and Herbert Welsh. It praises his action in the Smith case and says in part:

"The inquiries we, as a committee, have made, necessarily imperfect, have yet been sufficient to satisfy us that General Smith and Major Walter were not the sole culprits, nor should they suffer in the character of scapegoats.

Claim Outrages Not Exceptional.

"In your review of July 14 you say that these cases were exceptional. Your means of information on this point should unquestionably be infinitely better than ours. Meanwhile it is always to be borne in mind that the side only of this painful story has been heard, and that side only in part. The testimony of representative Filipinos has been jealously and systematically suppressed. Judicial and impartial examination of the spot has been denied, or pronounced impracticable. In the present case, occasionally and by accident merely, have fragments of information come to general knowledge—broken glimpses only have been permitted to reach the public eye. To our minds, they indicate unmistakably a condition of great and general demoralization. Of this the findings of the court martial referred to afford conclusive evidence, as also do the published orders of commanding officers and the representatives of provincial governors."

The letter then discusses the "kill and burn" order and says:

"As the not unnatural result of military operations so inspired, an official report indicates that out of a total population in a single district of 200,000 not less than 100,000 perished."

Clearing of Higher Officers Significant.

The letter then alludes to the water cure, saying that the first reports of its practice met with denials, while evidences before the senate Philippine committee proved conclusively that this and other forms of torture had been used, and adds:

"Where inquiry revealed the systematic use of torture by subordinates, the officer in responsible command is pronounced free from blame on the ground that his praiseworthy absorption in other duties of his position was so complete that such trivial incidents failed to attract his notice. Such a finding is certainly suggestive."

"Finally, every severity known to the state of war practices which have excited the special reprobation of the American people when reported as features of the hostilities in Cuba, under the Spanish regime, or in South Africa, during the Boer war—have been of undisputed and frequent occurrence in the Philippines. From the early beginning of operations there, it has been the general practice, if not actually the order, to kill those wounded in conflict."

Ready to Prove Charges.

"In like manner as respects concentration camps. These, as a feature in recent Spanish and South African operations, excited in us as a people the deepest indignation combined with the most profound sympathy for those thus unmercifully dealt with. When resorted to by our officials in the Philippines these camps are represented as a species of recreation grounds, into which the inhabitants of large districts rejoiced to be drawn and from which they departed with sorrow. Reports to which we can, on the other hand, refer give of them accounts not essentially different from the accounts received of similar camps established elsewhere."

Further along the letter says the committee stands ready to prove the following charges:

"First—Kidnaping and murder, under circumstances of aggravated brutality."

"Second—Robbery."

"Third—Torture both of men and women and rape of the latter."

"Fourth—The infliction of death on other parties, on the strength of evidence elicited through torture."

Killed Girl and Suicided.

Springfield, Mo., July 28.—Charles Weyley, aged 25, of Norwood, Mo., late Saturday night shot and killed Miss Josephine Sheridan, his former sweetheart, at her home here, and then shot and killed himself. Jealousy probably prompted the act. The two had known each other for four years and, up to a month ago, had been engaged to be married.

KING'S WOUND NOT HEALED.

If He Goes Through Coronation It May Be In a Bath Chair.

London, July 28.—The Standard yesterday morning, referring to the health of King Edward, expressed the opinion that his majesty will only be able to attend the coronation in a bath chair.

He has been about five weeks in a recumbent position, and The Standard is informed that he has not got on his feet yet, but is confined to his couch, though he is able to move himself upon it.

His wound 's not healed yet.

SCHWAB WAS ANNOYED.

His Illness at Atlantic City Only Slight.

Atlantic City, N. J., July 28.—Charles M. Schwab, president of the United States Steel corporation, who is spending a few days with his family at his cottage here, was somewhat annoyed by the stories printed yesterday to the effect that he was seized with a serious illness Saturday afternoon from New York. During the evening he became slightly ill and the physician who had been attending his family was called.

The patient remained in bed until about noon yesterday, when he arose and after dressing himself sat for a while on the porch of his cottage.

Anti-Friar Procession Forbidden.

Manila, July 28.—The anti-friar demonstration which the municipal government had been informed was to be held here yesterday proved to be unimportant. The police forbade the holding of a procession and the reserves were assembled for the purpose of maintaining order. The leader of the movement conducted a meeting in the Zorilla theater but no disorder occurred. At the conclusion of the meeting, which was not largely attended, owing to the storm which prevailed, the crowd dispersed quietly.

As Protection to the Kaiser.

Berlin, July 28.—Various Berlin newspapers assert that the warnings to Emperor William against going to Posen, Prussian Poland, for the army manoeuvres, to be held in September have had the effect of causing an order to be issued that the festivities be confined to a strictly military character and that all windows be closed along the line of march of the procession at Posen.

Old Sunday Paper Suspended.

Scranton, Pa., July 28.—The oldest Sunday newspaper in Pennsylvania, The Free Press, established in 1872, has suspended publication and failed to come out yesterday for the first time in its 30 years' existence. It was at one time owned by Hon. F. A. Beamish, the Democratic leader of Northwestern Pennsylvania. Its latest owner was James J. Mahon.

Philip H. Kumlir Dead.

Cincinnati, July 28.—Philip H. Kumlir, aged 65, a prominent attorney, died suddenly at his home here yesterday from cholera morbus. He had been city solicitor, United States district attorney and common pleas judge for many years and held other public positions.

Two Killed by Gas Explosion.

McCurra, I. T., July 28.—Two men were killed and two others seriously burned by an explosion of gas yesterday, in one of the Sans Bois Coal company's mines, one mile west of here.

Murdered Husband; Killed Himself.

Mansfield, O., July 28.—Mrs. Everett Spence, a bride of about four months, murdered her husband and suicided. The husband, before dying, said he did not know the reason. It was supposed she was temporarily insane.

NEW METHODS IN DIXIE

[Special Correspondence.]

Memphis, Tenn., July 28.—Dixie is rapidly outgrowing many of the ante-bellum industrial methods which have previously kept it behind the times. The manner in which the cotton crop, the south's great staple, is handled and utilized is an example of this spirit of progression.

Up to within a comparatively few years ago Dixie's cotton was shipped in slovenly, ragged, ill bound bales, and the cottonseed after it had come from the gin was thrown away or burned to get rid of it. Today the south is sending its cotton to the four corners of the earth in neat, economic

SEWING UP ROUND COTTON BALES.

al round bales, which are easily handled and far more acceptable to export buyers. The cottonseed, which was once thrown away, is carefully pressed for the valuable oil it contains, and even the refuse is utilized as stock food.

Perhaps the introduction of the round bale is the most important feature of the south's progression. Over 600,000 packages of cotton yearly are now placed in railroad cars, in steamships' holds and sent to foreign and domestic mills, baled by this process. In 1896 but 4,000 bales were prepared, which will give an idea of the favor which the invention has met down in Dixie.

At first the growers viewed the "new-fangled" apparatus with the distrust that is common among the people to ward systems which differ from the good old fashioned ways they and their fathers have pursued. But by degrees they have been examining the new process and one by one are taking their cotton to the round bale instead of the old compress.

If a man can save even an eighth of a cent a pound on his crop, this means much to him when the yield is so large that he thinks 5 cents a pound is a good price for it. With 9 cent cotton it does not make so much difference, but when the crop runs into 10,000.00 bales then the arguments in favor of the round bale are very strong, for it costs the planter nothing to gin his cotton or to wrap it, while he can sell it directly at the press if he wishes and put the proceeds in his pocket.

It is calculated that he can save all the way from an eighth to a half cent per pound by having the staple baled by the new process. If he has raised 100,000 pounds, this means \$500 to his credit. It goes a long way toward paying the next year's fertilizer bill or toward settling his account with the grocery man or clothing dealer.

The round baling of cotton is one of several industrial revolutions by which the south is freeing itself from debt incurred by the expensive methods of the days before the war. It is an interesting sight to visit one of these presses on a day in the middle of the cotton season.

Around it are perhaps a hundred wagons loaded with fleece just as it is dumped from the baskets of the field hands.

Sprawled on the top of the mass may be one or more negroes fast asleep in the sun until their turn comes to unload. Then they start up the mule and drive under a shed from which one or two pipes hang. These pipes may be of tin or of iron and are high enough so that their ends are about a foot above the top of the cotton.

When the wagon is in the right position, a whirling sound is heard as the exhaust fan inside the building begins to operate. The air rushes up through the pipe and sucks the cotton with it in a continued stream. All the darky has to do is to keep pushing the mass under the pipes until all has been taken up, the work of a few minutes. Then he drives away, and another wagon takes his place, and so it goes all day and sometimes all night.

On goes the cotton just as picked from the fields until it reaches the series of four or five gins. Through these it is gradually worked, being

separated from the seeds, dirt and any other foreign matter until it goes into the receiver of the press thoroughly cleaned. The seeds drop down into tin pans and are carried to the oil mill near by, if one is operated in connection with the press.

The suction fans also draw the cotton from the gin and into the condenser, which is the first section of the press. Steadily it is crowded downward by the revolving metal roll which begin to give it form. Stronger and stronger becomes the pressure until it assumes the shape of what dry goods clerks call "cotton batting." Then it begins to revolve around a steel core, gradually enlarging, like the boy's snowball, until it is of the proper size.

From the time the darky's hands shoved it toward the pipes until now no one has handled it. The press operator pushes the lever, stops the machinery and with an assistant lifts the core and rolled cotton out of the bale former, as it is termed. It is weighed, wrapped as one would a bale of cloth, its destination, weight and the name of the press stenciled upon it in big black letters, and then perhaps it is rolled from the door of the pressroom into the freight car which is standing alongside.

Another up to date discovery in connection with the cotton crop is the method of ridding plantations of that dreaded pest, the bollworm. It has been left for a plain, uneducated Texas rancher, assisted by his wife, to make a discovery worth millions to the people of the southern states, where scientists and entomologists have failed after years of study and many costly experiments.

G. B. Boswell has just demonstrated to the distressed ranchers in the vicinity of Fairland, Tex., that he has found a way to protect their cotton from the pests that have been destroying the crops for several years. He does not call his method a discovery, since, he says, he has only used and trained and directed nature's own forces against one of the most insatiable and destructive enemies that the southern farmer has ever encountered.

Boswell and his young wife own a small ranch near Presidio, on the Rio Grande, but are now hunting bollworms in the Brazos river country. Mr. Boswell and his wife are accompanied by nearly 2,000 small birds of two varieties. About 1,500 are white winged sparrows, natives of western Texas and New Mexico. The remainder of the flock is composed of Mexican canaries.

Mr. Boswell is a printer by trade. He was raised on a farm, and from his boyhood has been a passionate lover of birds. During his newspaper career he made what he calls a scrapbook of ornithological information. Three or four years ago while prowling through old Mexico in search of rare specimens he met Senorita Flores Serano, who was also a lover of birds. This mutual sentiment led to a friendship which resulted in matrimony.

The young couple selected a favorable location in a sparsely settled region far out on the Rio Grande, where they built a cabin and set to work to collect and domesticate various species of wild birds. In the course of a short time they had four or five hundred Mexican canaries and white winged sparrows living contentedly in cages, and many of these were so gentle that they could be trusted to take little trips in the open air.

Just at daylight the other morning about 800 or 1,000 of the birds were turned loose upon a field of cotton of twenty acres. Swarms of the little winged pests that are supposed to mother the bollworm could be seen hovering over the field, while hideous looking bugs with snouts ending in a miniature lance literally covered the leaves and stems of the plants.

A flood of white wings descended among the dying cotton, the birds fill-

BIRDS RIDDING A PLANTATION OF BOLLWORMS.

ing the air with chirps of battle. When a fly arose, there was a glitter of white feathers, followed by a chirp of triumph as the bird seized and ground the mother of a billion bollworms between its sharp mandibles.

In three hours the birds had cleared a large plantation of almost every trace of the pest and had flown back to their cage. Mr. and Mrs. Boswell have trained their great flock so that the birds are as tame as pet canaries, and they are hailed as welcome protectors by the cotton planters of the southwest. LEONARD BALDWIN.

VOLCANIC REGIONS.

The Five Active Groups of the Western Hemisphere.

The active volcanic groups of the western hemisphere occur in five widely separated regions:

First.—The Andean group of volcanoes of the equatorial region of western South America.

Second.—The chain of some twenty-five great cinder cones which stretch east and west across the south end of the Mexican plateau.

Third.—The Central American group, with its thirty-one active craters, extending diagonally across the western ends of the east and west folds of the Caribbean corrugations, fringing the Pacific side of Guatemala, San Salvador and Costa Rica. This is separated from the Mexican group on the north by a large nonvolcanic area, the isthmus of Tehuantepec, and on the south from the Andean volcanoes by the isthmus of Panama, where no active volcanoes are found.

Fourth.—The chain of volcanoes of the Windward Islands, marking the eastern gate of the Caribbean sea, standing in a line directly across the eastern termini of the Caribbean mountains, trending east and west and parallel to the Central American group similarly situated at the western termini.

Fifth.—The volcanoes of Alaska and the Aleutian islands.—Professor Robert T. Hill in Century.

Circumlocution.

A young Yorkshire collier, anxious to pop the question to a girl whom he honestly admired, but not having the courage to ask her straight out, adopted a method of sounding her which romantic people will be inclined to think rather too practical.

"Jessie, my lass," he said nervously, "Ah've insured my life."

"Has ta, lad?" said the damsel indifferently.

"Aye, an' Ah'm thinkin' Ah'm a fool for doin' it."

"How's ta mak that art?"

"Why, supposin' Ah get killed in t' pit, where does ta think t' money'll go?"

"Why, to thy feyther, for sure."

"True enough, an' it ain't fair. It ought to be paid to my wife."

"To thy wife! Why, tha hasn't got one, Bill."

"That's just it," cried Bill in a burst of confidence. "Tha're a nice lass, Jessie, an' Ah want thee to have that money."

"Why couldn't ta say so at first?" cried Jessie joyfully.

Then the happy couple embraced and trotted off to break the news to Jessie's mother.—Pearson's.

Down in Health and Strength—Nervous, Irritable, Ache All Over, a Depressed Condition Rapidly Changed.

Mr. B. L. Updegraff, of No. 169 Fifth street, East Liverpool, O., says: "As a general and nerve tonic I can recommend Dr. A. W. Chase's Nerve Pills I got at Larkin's drug store. I was at the time feeling rundown and nervous, not up to the mark in health, and needed a tonic. The medicine did its work nicely and I regained tone, strength and energy again."

Dr. A. W. Chase's Nerve Pills are sold at 50 cents a box at dealers or Dr. A. W. Chase Medicine Company, Buffalo, N. Y. See that portrait and signature of A. W. Chase, M. D., are on every package.

EXCITEMENT IN PARIS.

CLERICALS AND ANTI-CLERICALS IN DEMONSTRATION.

On Whole Crowds Were Good Natured. Fighting, but Not General. Police Vigilant.

Paris, July 28.—The demonstration made yesterday, in connection with the degree of Premier Combes, ordering the closing of the Catholic congregationalist schools, proved to be quite as much of a manifestation in support of the government, as of opposition to its anti-clerical measures. The crowd, which gathered in the Place De La Concorde numbered 15,000 persons, while as many more thronged the Champs-Elysees. The clerical and anti-clerical forces about equally divided the gatherings.

Though many fights occurred, they never became general, nor was any person seriously injured. An imposing force of police and municipal guards had much trouble in keeping the manifestants constantly moving, and at times they were forced to charge to prevent the crowd from becoming too dense. On the whole, the crowds were good natured and mainly confined themselves to shouting "Liberty! Liberty!" "Long Live the Sisters," and "We Want the Sisters," to which the anti-clericals replied "Vive République!" and "Down With the Priests!" The occasional appearance of a priest was the signal for much hooting and several fights were due to their presence.

Cholera Infantum.

This has long been regarded as one of the most dangerous and fatal diseases to which infants are subject. It can be cured, however, when properly treated. All that is necessary is to give Chamberlain's Colic, Cholera and Diarrhoea Remedy and castor oil, as directed with each bottle, and a cure is certain. For sale by Alvin H. Bulger.

ANOTHER NEGRO WAS KILLED.

Said to Have Been Actual Murderer of Wilmoth—Race War Feared.

Elkins, W. Va., July 28.—With the killing of another negro, said to be the actual slayer of Chief of Police Pud Wilmoth, of Wheeling, at a late hour Saturday night, the murder has now been fully avenged. The negro was killed with bullets in a desperate battle, and his body was strung up. Three dead negroes and another seriously wounded tell the story of the anger of whites over the cold-blooded crime, but another danger now menaces. The blacks are said to be quietly arming and holding meetings for the purpose of planning revenge upon the citizens who killed three of their race. They claim to know exactly everybody who participated in the lynchings.

A serious condition of affairs is threatened and the state authorities at Charleston have taken cognizance of the situation and are preparing for such an emergency as may arise through a concerted move by the blacks.

Bled of Neglect.

Louis XVII, titular king of France, the unfortunate dauphin, died in the Temple of Paris of abuse and neglect. His body was identified and certified to by four members of the committee of public safety and by more than twenty officials of the temple. The remains were privately buried in the cemetery of St. Marguerite, and every trace of the grave was carefully obliterated.

CATHOLIC SOCIETIES.

The Federation Convention Meets in Chicago, Aug 5, 6 and 7

MASS TO OPEN PROCEEDINGS.

Right Rev. Muldoon to Be Celebrant With Other Prominent Church Dignitaries in the Sanctuary—Organization Not Political.

Cincinnati, July 28.—National Secretary Anthony Maitre, of the American Federation of Catholic Societies, reports the program complete for the second national convention at Chicago, Aug. 5, 6 and 7, and the indications are that the convention will be the most representative gathering of Catholics ever held in this country. The convention will be opened with pontifical high mass at Holy Name cathedral, with Right Rev. P. J. Muldoon as celebrant and Bishops Messmer and McFaul and other prominent church dignitaries in the sanctuary.

The national executive board will meet in executive session with the supreme officers of the various national organizations, Monday evening, Aug. 4. At this meeting the heads of the German, French, Polish and Bohemian federations will also be in attendance, and a plan adopted which will unite.

The federation has received letters of approbation from several archbishops and 20 bishops and the blessing of Pope Leo XIII. These letters will be read at the convention.

Secretary Maitre concludes: "In many sections it is believed the federation is a political party. This is a serious mistake. The objects of federation, as outlined by the constitution adopted at the Cincinnati convention, are the cementing of the bonds of fraternal union among the Catholic societies of the United States; the fostering and protecting of Catholic interests and works of religion, piety, education and charity; the study of conditions in our social life, and the dissemination of the truth. In furthering these objects the federation does not interfere in the least with the government of any society."

HEALED BY THE LORD.

A Catholic Sister's Hearing Restored In Answer to Prayer, at West Covington, Ky.

Cincinnati, July 28.—Residents of West Covington are greatly wrought up over a miracle that was performed in their midst Saturday.

St. Ann's church, West Covington, celebrated its patron's feast day Saturday. Rev. Clermont, pastor of the congregation, officiating. Prayers were offered up for the afflicted, among them Sister Cornelia, who has been almost totally deaf for some years, and who has been forced to use an ear trumpet. She entered the church Saturday morning as the choir was rendering a hymn. The good sister was noticed wiping tears from her eyes, and other sisters went to her side and asked her what had happened. They were surprised when she answered that her hearing had been restored. She said she had heard the key in the tabernacle, which contains a relic of St. Ann, click as the priest turned it, and also heard the choir singing.

A reporter visited the sister last evening and conversed with her and she answered instantly. The best physicians of Cincinnati had had her under treatment to no purpose.

This was the second miracle that had been performed in the church. Some years ago a young lad, who walked on crutches, was suddenly healed, and the crutches were left behind in the church, where they can be seen today.

FROM POPE TO PRESIDENT.

Bishop O'Gorman Bears Letter—Pontiff's Love For America Augmented.

Rome, July 28.—The letter which Bishop Thomas O'Gorman, of Sioux Falls, S. D., who left Rome Saturday, bears from the pope to President Roosevelt, thanks the latter for the congratulations and gifts presented by him to his holiness and begs him to accept in return a souvenir of the pontiff's good will. The letter also expressed satisfaction with the result of the negotiations carried on by Judge William H. Taft, governor of the Philippines, in which his holiness says he has augmented his affection for the United States. The entire letter is couched in the most cordial terms.

KILLED WRONG WOMAN.

Shot at Mrs. Fleck, Hitting Mrs. Gebauer, at Springfield, O.

Springfield, O., July 28.—Mrs. William Gebauer, wife of a well-known shoe merchant, was shot yesterday, and died within an hour, the result of a stray bullet fired by Homer Seeford, who was intent on shooting a Mrs. Fleck, whom he was following home from church. He fired twice, missing, one bullet striking Mrs. Gebauer. A crowd of men chased Seeford into a barn, where he was rescued by the police, there having been threatening language used.

Reinforcements of Castro Boated.

Port of Spain, Island of Trinidad, B. W. I., July 28.—The Venezuelan revolutionary general, Lucian Mendoza, learning that President Castro was receiving reinforcements from the United States, sent a body of these reinforcements, 1,000 strong, under command of Leopoldo Bonilla, an engagement ensued, resulting in the defeat of the reinforcements by Mendoza's troops and the capture of their ammunition. The forces of Castro were driven back to Caracas.

OBSERVED SABBATH.

President Roosevelt Did Not Take Advantage of Post-office Being Open.

FIRST TIME IN TOWN'S HISTORY.

These Who Inaugurated Movement Denounced by a Minister—President Went to Church—Passed Afternoon With Secretary Moody.

Oyster Bay, N. Y., July 28.—President Roosevelt passed a quiet Sunday at Sagamore Hill. In the morning, accompanied by Mrs. Roosevelt, Mrs. Emily Roosevelt, Lieutenant Ferguson, formerly a member of the Rough Riders, and four of the younger children, he attended services at Christ Episcopal church. He passed the afternoon with Secretary Moody, who will be his guest until today. No visitors of an official character were received. The postoffice at Oyster Bay was opened for an hour yesterday, for the first time on Sunday in the history of the village. The president did not avail himself of the opportunity of having his mail taken to him.

The opening of the office created a commotion among some of the people of the village, and the Rev. Alex G. Russell, pastor of the First Presbyterian church, sharply criticised those who inaugurated the movement, which resulted in the Sunday opening.

Senator Thomas C. Platt will arrive at Oyster Bay next Wednesday evening, on board the yacht Mayflower, which will be sent to New York for him. The senator will be accompanied by Colonel George W. Dunn, chairman of the Republican state committee of New York.

RESPECTS SUNDAY.

WILSON WON'T OPEN MAIL ON LORD'S DAY.

Miners' Secretary Says Habeas Corpus to Release Miners Will Be Instituted at Once.

Indianapolis, July 28.—At the mine workers' national headquarters it was announced yesterday that no time would be lost in pushing the habeas corpus proceedings for the release of members of the organization arrested under the edict of Judge Jackson, of the district court, at Parkersburg.

Secretary Wilson yesterday explained another principle in the miners' case, on which they will base their claim to be set free. According to Mr. Wilson, not one of the men arrested was proved to have made any speeches, inflammatory or otherwise, after Judge Jackson's restraining order was issued.

"The injunction was issued on June 12," said Mr. Wilson, "and the meeting complained of was held the next night. 'Mother' Jones was the only speaker, and none of the men arrested, said a word publicly to the miners. The only thing proved against them was that they applauded the remarks of 'Mother' Jones. They were arrested at the moment the meeting was over, so that they had no chance to speak if they had wanted to do so. I do not see how men can be committed to jail for such a trivial offense as this, and I believe the habeas corpus proceedings will set them free."

No charges will be filed against Judge Jackson, Mr. Wilson said, until the habeas corpus suits shall have been decided.

Secretary Wilson was at national headquarters for a short time yesterday. He made no effort to attend to his mail, however, although many letters, which were known to contain money, had arrived.

"We have always made it a rule not to transact any financial business on Sunday," Secretary Wilson said, "and we will not begin to do so now, even though it does give us much additional work on Monday to make up the accounts."

Very Useful in Hot Weather--Life Plant

Gives You Strength, Drives Away That Tired Feeling and Makes Your Mental Qualities Active.

Many people become tired and get played out so easily in hot weather, that they give up and blame it all on the weather, where, in fact, it is nothing more than your blood being out of order. Under such circumstances you should take a good tonic for your blood. LIFE PLANT is the best medicine on the market. Thousands are taking it and just as many are getting well. You don't have to go miles and miles away to find someone who has been cured by LIFE PLANT, they are all near here, in fact, some are your neighbors. If you cannot sleep well, if you are losing flesh, if your stomach is out of order, if you are constipated, if you are headache, if your health is not satisfactory you should get a bottle of LIFE PLANT and you will be very thankful that such a good medicine is where you can get it.

The following letter from Geo. Burnworth, of Cambridge, Ohio, is an assurance as to the merits of LIFE PLANT:

"I have tried all kinds of headache medicine but could get no relief. I also had stomach trouble and could not sleep well. LIFE PLANT did me more good than all the rest. LIFE PLANT is truly a medicine of merit."

Also a letter from C. T. Burnworth, of Cambridge, Ohio, proves for LIFE PLANT what no other medicine will do:

"I was suffering from extreme prostration; was tired and run down, was nothing but skin and bone, and my trouble was thought to be Consumption. I took two bottles of LIFE PLANT and it cured me sound and well."

Ask for and get LIFE PLANT and you will make no mistake.

A Wheat-Malt Cereal that Tickles Taste and Steadies Nerve.

Canastota, N. Y., March 20, 1902.

"FORCE" FOOD CO.,
Buffalo, N. Y.

Dear Sirs,—I have used a number of packages of "FORCE" since it was first introduced here. My husband and I use a package every two days. Every spoonful is an aggravation for more.

My husband is an engineer, and he takes a whole bowlful to his engine and eats it with one quart of milk. He says it makes him feel like a "young colt." I have a nursing baby—my first child—and I find it gives nourishment in abundance for both myself and baby.

We eat it by the wholesale, and I would like to buy it by the wholesale.

Lot 30 x 100—Pennsylvania Avenue, Oakland Addition, lies level, and is well located. Price \$375.

Lot 30 x 100—Etruria street, Gamma Addition. Lies perfectly level and in a fine location. Price \$300.

Lot 33 x 100—Erie street, opposite Columbian Park. Lies level and is built up on either side. Price \$400.

The way to judge the prices is to see the lots. Call on us at any time. We are at your service. It is our business to interest you in real estate and we know that if our prices are not right we can't sell to you.

Knowing this we keep our prices low. Then again, we must have a large collection of properties, else we can't suit you and to this end we have a list of vacant lots alone that numbers over 1000. Don't think you can do better elsewhere until you see what we have. We hear of cases every day where purchasers could have saved money by having consulted with us before buying. Where your advantage is, we give you prices on so many different properties that are similarly located and situated, that you can pick out the bargains like ripe apples from among the green ones. Then we know a thing or two about real estate. This knowledge we impart to you, and whether you buy of us or not, you can profit by it.

Brief Notes of a Personal Nature and of Matters About Town.

Cut His Foot Badly—While visiting at Echo Dell camp yesterday afternoon James Stewart, of this city accidentally stepped on a piece of glass cutting his foot severely.

Dog Law Not Obeyed—A well known night watchman, whose duties call him about the city a great deal at night, says he has observed as many as 25 unmuzzled dogs roaming about the streets. The dog ordinance is poorly observed.

Have Heard of His Fame—Dave Orr will leave this evening for Pittsburgh. His baseball friends say that he will be signed with the Pittsburgh team, Captain Clarke having heard of the great exhibition he put up in the game with Youngstown last week.

New Gate at the Crossing—Much trouble has been experienced by Watchman Wright with the gates at the Second street crossing of the C. & P. The carpenter force from Wellsville erected a new gate which will operate more easily, and avoid if possible many narrow escapes which have been common of late.

Birthday Party—Mr. and Mrs. Forrest Smith, of upper McKinley avenue, entertained 20 young men, aged from 1 to 12, at a surprise birthday party on their eldest son's eighth birthday Saturday afternoon and evening from 4 to 9. Fine refreshments were served and a number of presents received. Mrs. Smith was assisted by Misses

PRIZE SPORTS FOR LABOR DAY

Interesting List of Events at Rock Spring Park to Follow Parade.

A FLAG TO COST \$40

Will Be Given the Local That Makes the Best Showing of Its Trade in the Parade—Entry Books for the Sports Opened.

A general meeting of the Labor day committee of Trades and Labor Council was held Saturday evening and the following program relative to the sports of the day was arranged:

Base ball game in the afternoon, between two uniformed teams of this city. Purse, \$25.

100-yard dash. Entrance fee, 50 cents. Prize, one pair pants.

Fat men's race, 75 yards. Entrance fee, 50 cents; two prizes, cigars in each instance.

Shoe race, for boys from 8 to 12 years; prize, \$3 shoes.

Climbing greased pole; prize, \$5 in gold.

Shoe race, open to all; entrance fee, 25 cents; prize, valuable pair of shoes.

Putting the shot; entrance fee, 25 cents; prize, \$5 umbrella.

Three legged race; entrance fee, 25 cents; prizes, two \$3 hats.

Starter, William Wedgwood; judges, Senator William V. Blake and William Elder; scorer, Horace W. Karr.

A prize of a \$40 American flag will be given the local that in the morning parade shall make the best display of its trade. It must be understood that in this instance, reference is not made to the local that has the largest per cent of membership in line, but the industrial part referred to.

Entrance books were today opened at C. T. Larkins', John J. Rose's and at the office of the News Review.

Manley and Haines' bands will be at Rock Springs park during the day, and it is possible that other events will be arranged by the committee before Labor day.

The committee will select a representative from each of the daily papers, and these two will select a third member to act as judges of the parade and award the flag.

Davis Fined \$10 and Costs.

'Beef' Davis, when arraigned before Mayor Davidson this morning, pleaded guilty to a charge of being drunk and disorderly, and was fined \$10 and costs.

SCHOOL STARTS

In one short month and now is the time to get the children's teeth attended to. Don't wait until the last thing and then have the children come home with the toothache. It costs nothing to have an examination made and an estimate of all work will be cheerfully given with a fairness in price that can nowhere be beaten. Bring the children, or send them and we will take the best of care of them. August is our SPECIAL CHILDREN'S MONTH.

RIVER NOTES.

The river is falling.

The Ben Hur is due down today at 4 p. m., and the Keystone State at 8 p. m.

Wharfmaster Martindill has a party of 15 from Mineral City, Tuscarawas county, registered for the Virginia Wednesday night.

The Kanawha, Ben Hur and Keystone State had big trips of produce up yesterday, and all landed big cargoes for East Liverpool merchants.
